ABSTRACT

Before the author writes about a stupidity teaching religious law, in Arabic, Asian and African countries, which cannot be applied in countries, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of a stupidity teaching religious law, in Arabic, Asian and African countries, which cannot be applied in countries, based on Deoxyribonucleic acid (DNA)

There are several verses that reveal Allah's secret about a stupidity teaching religious law, in Arabic, Asian and African countries, which cannot be applied in countries, namely the following verses:

"And indeed We have created man from an extract from the soil (Al Mu'minuun: 23: 12)

"Then when I have perfected the body and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the body, and have breathed into it my spirit, then submit to him with prostration (Al Hijo: 15: 29)

"Then He perfected the body and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And verily We have created human and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the request of the one who prays when he asks Me, then let them fulfill (all My commandments) and let them believe in Me Me, so that they are always in the truth (Al Baqarah: 2: 186)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "O our God, you did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran : 3: 191)

"And why don't they think about themselves? Allah did not make the skys and the earth and what is between them but with a certain truth and time. And in fact most of mankind really deny meeting their Lord. (Ar Ruum: 30) :8)

"And they ask you about the spirit. Say: "The spirit is the interest of my God, and you are not given knowledge but a little." (Al Israa ': 17: 85)

"God created the skys and the earth with rights. Indeed, in that there are signs of God's power for the believers (Al 'Ankaboot: 29: 44)

"And if you punish the deeds between them, by what Allah has revealed, and do not follow their lusts. And be careful towards them, so that they do not turn you away from part of what Allah has revealed to you. If they turn away, then know that in fact Allah wills that calamity befalls them due to some of their sins. And in fact most people are wicked people (Al Maa'idah: 5: 49)

"an Apostle who reads to you the verses of Allah which explain that He brings out those who believe and do good deeds from darkness to light. And whoever believes in Allah and does good deeds, surely Allah will enter him into Gardens flowing in rivers beneath it; they will abide therein forever. Verily, Allah will give him good sustenance (Ath Thalaq: 65: 11)

"O you who believe, obey Allah and obey the Messenger and ulil amri among you. Then if you have different opinions about something, then return it to Allah and the Messenger, if you really believe in Allah and the Last Day. That is that is more important and the result is better (An Nisaa': 4: 59)

"And those who accept the call of their Lord and establish prayer, and their affairs by deliberation between them; and they spend part of the sustenance that We give them. (Asy Syuura: 42: 38)

In an effort to open the veil of Allah's secret regarding a stupidity teaching religious law, in Arabic, Asian and African countries, which cannot be applied in countries, the author uses deoxyribonucleic acid as the basis.

HYPOTHESIS

Here the author proposes the hypothesis of teaching religious law, in Arabic, Asian and African countries, which cannot be applied in countries is stupidity, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building block of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43%

nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

A STUPIDITY TEACHING RELIGIOUS LAWS, IN ARABIC, ASIAN AND AFRICAN COUNTRIES, WHICH CANNOT BE APPLIED IN COUNTRIES

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"... if you punish the deeds between them, by what Allah has revealed... (Al Maa'idah: 5: 49)*

Well, here Allah declares *"... if you punish the deeds between them, by what Allah has revealed... (Al Maa'idah: 5: 49)*

Well, *"...punish...by what Allah has revealed... (Al Maa'idah: 5: 49)* can be carried out, if *"...the law...revealed by Allah...(Al Maa'idah : 5: 49)* valid and recognized in the country.

So, if *"...the law...revealed by Allah...(Al Maa'idah: 5: 49)* is not recognized and cannot be implemented within the state, then *"...the law...revealed by Allah. ..(Al Maa'idah: 5: 49)* is considered non-existent and invalid.

Now, the question arises,

Why is *"...the law...revealed by Allah...(Al Maa'idah: 5: 49)* not recognized and cannot be implemented within the state?

Because the law that applies and is recognized by the state is a law that is free from religious law. Or in other words, secular laws that apply within the state, which are free from religious laws.

Well, this is the problem, in Muslim-majority countries, because of the laws that apply in the country, secular laws that are free from *"...the law...revealed by Allah...(Al Maa'idah: 5: 49)*

Now, another question arises,

Why in Arab, Asian and African countries, through the universities in these countries, teach Islamic law, if Islamic law is not recognized and cannot be applied within the country?

The answer is in the secret behind the verse: *"those who believe, obey Allah and obey the Messenger...(An Nisaa' : 4: 59)*

So, with the reason *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is used as a basis for teaching Islamic law in universities, even though the Islamic law taught cannot be applied in the country, because of state law, secular law that does not recognize Islamic law.

So, according to most Muslims in Arab, Asian and African countries, *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is not connected with the application of Islamic law in the country.

Or in other words, *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is not connected with *"... if you punish the deeds between them, by what Allah has revealed... (Al Maa'idah: 5: 49)*

Or it could also be said, the majority of Muslims in Arab, Asian and African countries, *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is carried out only in the house, in the mosque, in schools and universities only.

This, which is an obstacle to the progress of true Islam, is not understood by the majority of people

in Muslim-majority countries.

So, Allah only just comes to the mouth, do not understand the real Allah.

CONCLUSION

From what has been explained above, it can be concluded that the secrets contained behind the verses: *"... if you punish the deeds between them, by what Allah has revealed... (Al Maa'idah: 5: 49)*

Well, here Allah declares *"... if you punish the deeds between them, by what Allah has revealed... (Al Maa'idah: 5: 49)*

Well, *"...punish...by what Allah has revealed... (Al Maa'idah: 5: 49)* can be carried out, if *"...the law...revealed by Allah...(Al Maa' idah : 5: 49)* valid and recognized in the country.

So, if *"...the law...revealed by Allah...(Al Maa'idah: 5: 49)* is not recognized and cannot be implemented within the state, then *"...the law...revealed by Allah. ..(Al Maa'idah: 5: 49)* is considered non-existent and invalid.

Now, the question arises,

Why is *"...the law...revealed by Allah...(Al Maa'idah: 5: 49)* not recognized and cannot be implemented within the state?

Because the law that applies and is recognized by the state is a law that is free from religious law. Or in other words, secular laws that apply within the state, which are free from religious laws.

Well, this is the problem, in Muslim-majority countries, because of the laws that apply in the country, secular laws that are free from *"...the law...revealed by Allah...(Al Maa'idah: 5: 49)*

Now, another question arises,

Why in Arab, Asian and African countries, through the universities in these countries, teach Islamic law, if Islamic law is not recognized and cannot be applied within the country?

The answer is in the secret behind the verse: *"those who believe, obey Allah and obey the Messenger...(An Nisaa' : 4: 59)*

So, with the reason *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is used as a basis for teaching Islamic law in universities, even though the Islamic law taught cannot be applied in the country, because of state law, secular law that does not recognize Islamic law.

So, according to most Muslims in Arab, Asian and African countries, *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is not connected with the application of Islamic law in the country.

Or in other words, *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is not connected with *"... if you punish the deeds between them, by what Allah has revealed... (Al Maa'idah: 5: 49)*

Or it could also be said, the majority of Muslims in Arab, Asian and African countries, *"...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)* is carried out only in the house, in the mosque, in schools and universities only.

This, which is an obstacle to the progress of true Islam, is not understood by the majority of people

in Muslim-majority countries.

So, Allah only just comes to the mouth, do not understand the real Allah.
