ABSTRACT

Before the author writes all religions are not mystical, but can be reached by human mind, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secrets of all religions are not mystical, but can be reached by human mind, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about all religions are not mystical, but can be reached by human mind, namely the following verses:

"Allah...the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)

"And why don't they think about themselves? Allah did not make the skys and the earth and what is between them but with haq (right) and at a certain time. And in fact most of mankind really deny meeting their Lord. (Ar Ruum: 30) :8)

"those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "O our Lord, you did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran : 3: 191)

"And indeed We have created human from an extract from the soil (Al Mu'minuun: 23: 12)

"Then when I have perfected the body and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the body, and have breathed into him My spirit, then submit to him by prostrating (Al Hijr: 15: 29)

"Then He perfected the body and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And it is not possible for any human being that Allah spoke with him except by means of revelation or behind a veil or by sending a messenger and then revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)

"And verily We have created human and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"So maryam made a veil over them; then We sent Our Spirit to her, so Our Spirit manifested before her a perfect human. (Maryam: 19: 17)

"He is the First and the Last, the Zhahir and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57: 3)

"And when my servants ask you about Me, then, that I am near. I grant the request of a person who prays when he asks Me, then let them fulfill it and let them believe in Me, so that they are always in truth (Al Baqarah: 2: 186)

"He arranges affairs from skys to earth, then it rises to Him in one day, the amount of which is a thousand years according to your calculations (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day which is fifty thousand years (Al Ma'aarij: 70:4)

"Allah has created the seven skys in layers. You never see anything in the creation of the Most Gracious God that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

"God created the skys and the earth with rights. Indeed, in that there are signs of God's power for the believers (Al 'Ankaboot: 29: 44)

"And they ask you about the spirit. Say: "The spirit is the interest of my God, and you are not given knowledge but a little." (Al Israa ': 17: 85)

"He has created human from a clot of blood. (Al 'Alaq: 96: 2)

In an effort to uncover Allah's secret veil about all religions are not mystical, but can be reached by human mind, the author uses deoxyribonucleic acid as a basis.

HYPOTHESIS

Here the author proposes the hypothesis that all religions are not mystical, but can be reached by human mind, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

ALL RELIGIONS ARE NOT MYSTICAL, BUT CAN BE REACHED BY HUMAN MIND

Now, we are still concentrating on dismantling the secrets contained behind the verses: "*Allah has created the seven skys...balanced...(Al Mulk: 67: 3) "...I have perfected the body, and breathe into human my spirit...(Al Hijr : 15: 29) "they remember Allah... think about the creation of the skys and the earth...(Ali 'Imran : 3: 191)*

Apparently, here Allah or Jahve or Adonai declares to all people in the world, "*...seven skys...balanced...(Al Mulk : 67: 3)*

Now, with the law of "*...balanced...(Al Mulk: 67: 3)* which is used as natural law, then whatever is in "*...the seven skys...(Al Mulk: 67: 3)* is not destroyed.

Or in other words, with the existence of the law of "*...balanced...(Al Mulk: 67: 3)* whatever is in "*...the seven skys...(Al Mulk: 67: 3)* can be studied, researched , with calculated and proven empirically.

Likewise with religion, religion is not mystical, religion is containing something that can be thought, observed, proven, studied and proven based on thoughts.

Because whatever is in religion, everything is living matter and Allah's energy or Jahve's energy or Adonai's energy, which can be studied and proven empirically.

Well, because most people in the world do not understand about living matter and Allah's energy or Jahve's energy or Adonai's energy, what is in religion is included in the mystical group.

Even though there is no mysticism, everything can be proven empirically, based on human mind.

So, because most people think that mysticism is due to something that cannot be reached by the human mind, then religion is included in the mystic group.

As was done by the Sufism, to meet Allah, one must go in circles, through the way of liberating the Jews from the grip of Pharaoh out of Egypt to go to Kan'an in Palestine, which is summarized in 4 levels: 1. Shari'a, 2. Tariqah, 3. Hakikat and 4. Ma'rifat. Even though Allah is in the human body "*...I breathed into human my spirit... (Shaad : 38: 72) "...We are closer to humans than their jugular vein." (Qaf: 50:16)*

Well, this is a big mistake made by most humans, who make religious decisions the same as mysticism. Even though in "*...the seven skys...(Al Mulk : 67: 3)* there is nothing mystical, everything can be thought and calculated "*...with haq (rights)...(Al 'Ankabuut : 29: 44)*

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "*Allah has created the seven skys...balanced...(Al Mulk: 67: 3) "...I have perfected the body, and breathe into human my spirit...(Al Hijr : 15: 29) "they remember Allah... think about the creation of the skys and the earth...(Ali 'Imran : 3: 191)*

Apparently, here Allah or Jahve or Adonai declares to all people in the world, "*...seven*

skys...balanced...(Al Mulk : 67: 3)

Now, with the law of "*...balanced...(Al Mulk: 67: 3)*" which is used as natural law, then whatever is in "*...the seven skys...(Al Mulk: 67: 3)*" is not destroyed.

Or in other words, with the existence of the law of "*...balanced...(Al Mulk: 67: 3)*" whatever is in "*...the seven skys...(Al Mulk: 67: 3)*" can be studied, researched , with calculated and proven empirically.

Likewise with religion, religion is not mystical, religion is containing something that can be thought, observed, proven, studied and proven based on thoughts.

Because whatever is in religion, everything is living matter and Allah's energy or Jahve's energy or Adonai's energy, which can be studied and proven empirically.

Well, because most people in the world do not understand about living matter and Allah's energy or Jahve's energy or Adonai's energy, what is in religion is included in the mystical group.

Even though there is no mysticism, everything can be proven empirically, based on human mind.

So, because most people think that mysticism is due to something that cannot be reached by the human mind, then religion is included in the mystic group.

As was done by the Sufism, to meet Allah, one must go in circles, through the way of liberating the Jews from the grip of Pharaoh out of Egypt to go to Kan'an in Palestine, which is summarized in 4 levels: 1. Shari'a, 2. Tariqah, 3. Hakikat and 4. Ma'rifat. Even though Allah is in the human body "*...I breathed into human my spirit... (Shaad : 38: 72) "...We are closer to humans than their jugular vein. " (Qaf: 50:16)*

Well, this is a big mistake made by most humans, who make religious decisions the same as mysticism. Even though in "*...the seven skys...(Al Mulk : 67: 3)*" there is nothing mystical, everything can be thought and calculated "*...with haq (rights)...(Al 'Ankabuut : 29: 44)*
