**ABSTRACT**

Before the author writes Allah is definite, can be proven empirically, not like followers of Orthodox Christians, Catholic and Protestants, considering God, it is not definite, so God was incarnated as a human named Jesus, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret that Allah is definite, can be proven empirically, not like followers of Orthodox Christians, Catholic and Protestants, considering God, it is not definite, so God was incarnated as a human named Jesus, based on deoxyribonucleic acid (DNA). ).

There are several verses which form the basis, Allah is definite, can be proven empirically, not like followers of Orthodox Christians, Catholic and Protestants, considering God, it is not definite, so God was incarnated as a human named Jesus, namely the verses:

*"So when I have perfected the existence of Adam and breathed into Adam my spirit, then you will fall down and prostrate yourself to Adam (Shaad: 38: 72)*

*"Then He perfected and breathed into Adam His spirit and He made for you hearing, sight and heart, you are very few, grateful. (As Sajdah: 32: 9)*

*"And Maryam bint Imran who maintained her honour, then We breathed into Maryam's womb Our spirit, and she confirmed the words of her Rabb and His Books, and she was one of those who obey. (At Tahrim: 66: 12)*

*"So Maryam created a veil from them, then We sent Our spirit to Maryam, then Our spirit incarnated before Maryam, the perfect human being. (Maryam: 19: 17)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the sky and the earth: "Our God, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran : 3: 191)*

*"Allah created the sky and the earth with haq (right). Verily in these are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)*

*"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see something that is not balanced? (Al Mulk: 67: 3)*

*"Indeed, We have decorated the near sky, with stars, and We have made the stars throwing tools for satan, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)*

*"Allah has prepared for them a harsh punishment, so fear Allah, people who have thoughts, people who believe. Indeed, Allah has sent down a warning to you (Ath Thalaq : 65: 10)*

*"And indeed We have created human and know what his heart whispers, and We are closer to human than his jugular vein (Qaaf: 50: 16)*

In an effort to reveal the secret of Allah about Allah is definite, can be proven empirically, not like followers of Orthodox Christians, Catholic and Protestants, considering God, it is not definite, so God was incarnated as a human named Jesus, the author uses the basis of deoxyribonucleic acid.

## **HYPOTHESIS**

Here the author proposes hypothesis Allah is definite, can be proven empirically, not like followers of Orthodox Christians, Catholic and Protestants, considering God, it is not definite, so God was incarnated as a human named Jesus, based on Deoxyribonucleic acid (DNA).

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARKS**

If we want to know quarks then we pay attention to one of the hydrogen atoms which is a building element of the human body, animals, plants and fruit as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Next, if this proton is split, we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules which are composed repeatedly of nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogen bases. The nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## **ALLAH IS DEFINITE, CAN BE PROVEN EMPIRICALLY, NOT LIKE FOLLOWERS OF ORTHODOX CHRISTIANS, CATHOLIC AND PROTESTANTS, CONSIDERING GOD, IT IS NOT DEFINITE, SO GOD WAS INCARNATED AS A HUMAN NAMED JESUS**

So now, we still continue to focus our minds on uncovering the secrets contained behind the verses: *"Allah created the sky and the earth with haq (right)...(Al 'Ankabuut: 29: 44)"Allah created the seven skys...in balance (Al Mulk : 67: 3) "...fear Allah, people who have thoughts, people who believe....(Ath Thalaq : 65: 10) "Those who remember Allah...they think about the creation of the sky and the earth...(Ali 'Imran : 3: 191)*

Well, here Allah has revealed the secret of Allah, about the real Allah, Allah is definite, can be proven empirically, *"Allah created the sky and the earth with haq (right)...(Al 'Ankabuut: 29: 44)*

*"Allah created the seven skys...in balance (Al Mulk : 67: 3) "...fear Allah, people who have thoughts, people who believe....(Ath Thalaq : 65: 10)*

So, from Allah's declaration, 3 very important factors can be taken.

The first factor is, *"Allah created the seven skys...in balance (Al Mulk : 67: 3)* and *"Allah created the sky and the earth with haq (right)...(Al 'Ankabuut: 29: 44)*

The second factor is, *"...people who have thoughts...(Ath Thalaq: 65: 10) "...people who believe...(Ath Thalaq: 65: 10)*

The third factor is, *"Allah...(Al 'Ankabuut: 29: 44)* is *"...haq (right)...(Al 'Ankabuut: 29: 44)*

Well, the first factor, displays empirical evidence, *"...the seven skys...in balance (Al Mulk : 67: 3) "...the sky and the earth...haq (right)...(Al 'Ankabuut: 29: 44)*

How are *"...the seven skys...in balance (Al Mulk : 67: 3)?*

Well, it turns out empirical evidence, in *"...the seven skys....(Al Mulk : 67: 3)* contains 72% dark energy, 23% dark matter and 5% are neutrino elements or elementary particles which have a very small mass and atoms -atom.(*Universe, Martin Rees, Dorling Kindersley Limited, London, 2005*).

So, actually, the most abundant is dark energy, or Allah's energy, 72%, then dark matter 23%, where this material is invisible to the human eye, the remaining 5% are atoms such as hydrogen atoms, carbon atoms, oxygen atoms, nitrogen atoms, and other atoms.

Well, now, based on Allah's declaration *"Allah created the sky and the earth with haq (right)...(Al 'Ankabuut: 29: 44)*, then whatever is in *"...the seven skys....(Al Mulk : 67: 3)* can be calculated with certainty and correctly.

It turned out that after calculating, the mass of dark matter (23%) was added to the mass of *"...the near sky...(Al Mulk: 67: 5)* which contains **100 000 000 000** galaxies (5%), then the number was found to be 28 % of the total percentage amount.

Then, if we divide this 28% mass into several heavens that have the same mass, we will find 7 skys that have the same mass, that is, each sky has the same 4% mass.

So, actually, after humans calculated, it turned out that *"...the near sky...(Al Mulk: 67: 5)* which contains **100 000 000 000** galaxies is only (4%) mass. Then, sky 2 – sky 7 each have 4% dark matter mass.

So, sky 1 is *"...the near sky...(Al Mulk: 67: 5)* where there are **100 000 000 000** galaxies, each galaxy consists of **150 100 000** stars, while sky 2 to sky 7 is used as a place to store all information data from whatever is in *"...the near sky...(Al Mulk: 67: 5)* or sky 1.

Then, the second factor, before humans *"...believe....(Ath Thalaq : 65: 10)* in something, they must first think about it, must study it, must research it, must use *"...brain...(Ath Thalaq : 65: 10) "...they think about the creation of the sky and the earth...(Ali 'Imran : 3: 191)*

This means, in order for humans to reach *"...Allah...(Ali 'Imran: 3: 191)* must understand the real *"...Allah...(Ali 'Imran: 3: 191)*, through Allah's form, in the form of Allah's energy, in the form of Allah's particle and in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Next, the third factor, because *"Allah created the sky and the earth with haq (right)..."(Al 'Ankabuut: 29: 44)* , then whatever is in "...the seven heavens...is in balance (Al Mulk : 67: 3), can be calculated with certainty and correctly.

Well, because *"...the seven skys...in balance (Al Mulk : 67: 3) "...the sky and the earth...(Al 'Ankabuut : 29: 44), "...were created...with haq (right)..."(Al 'Ankabuut : 29: 44)*, then Allah through Allah's form, in the form of Allah's energy, in the form of Allah's particle and in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, can be proven empirically.

Or in other words, *"Allah...(Al 'Ankabuut: 29: 44)* is *"...haq (right)..."(Al 'Ankabuut : 29: 44)* and definite.

So, now, if followers of orthodox Christianity, Catholics and Protestants, consider God to be indefinite, then God could be incarnated as a human named Jesus.

Why do orthodox Christians, Catholics and Protestants, consider God to be indefinite, so that God could be incarnated as a human named Jesus and anything created by God is indefinite ?

Because, followers of orthodox Christians, Catholics and Protestants do not understand that whatever is in *"...the seven skys...(Al Mulk : 67: 3)* is *"...haq (right)..."(Al 'Ankabuut: 29: 44)*, is definite and can be proven empirically. So according to followers of orthodox Christianity, Catholics and Protestants, humans do not need to use mind to understand anything made by God.

## CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: *"Allah created the sky and the earth with haq (right)..."(Al 'Ankabuut: 29: 44)"Allah created the seven skys...in balance (Al Mulk : 67: 3) "...fear Allah, people who have thoughts, people who believe....(Ath Thalaq : 65: 10) "Those who remember Allah...they think about the creation of the sky and the earth...(Ali 'Imran : 3: 191)*

Well, here Allah has revealed the secret of Allah, about the real Allah, Allah is definite, can be proven empirically, *"Allah created the sky and the earth with haq (right)..."(Al 'Ankabuut: 29: 44) "Allah created the seven skys...in balance (Al Mulk : 67: 3) "...fear Allah, people who have thoughts, people who believe....(Ath Thalaq : 65: 10)*

So, from Allah's declaration, 3 very important factors can be taken.

The first factor is, *"Allah created the seven skys...in balance (Al Mulk : 67: 3)* and *"Allah created the sky and the earth with haq (right)..."(Al 'Ankabuut: 29: 44)*

The second factor is, *"...people who have thoughts...(Ath Thalaq: 65: 10) "...people who believe...(Ath Thalaq: 65: 10)*

The third factor is, *"Allah...(Al 'Ankabuut: 29: 44)* is *"...haq (right)..."(Al 'Ankabuut: 29: 44)*

Well, the first factor, displays empirical evidence, *"...the seven skys...in balance (Al Mulk : 67: 3) "...the sky and the earth...haq (right)..."(Al 'Ankabuut: 29: 44)*

How are *"...the seven skys...in balance (Al Mulk : 67: 3)?*

Well, it turns out empirical evidence, in *"...the seven skys....(Al Mulk : 67: 3)* contains 72% dark energy, 23% dark matter and 5% are neutrino elements or elementary particles which have a very small mass and atoms -atom.*(Universe, Martin Rees, Dorling Kindersley Limited, London, 2005).*

So, actually, the most abundant is dark energy, or Allah's energy, 72%, then dark matter 23%, where this material is invisible to the human eye, the remaining 5% are atoms such as hydrogen atoms, carbon atoms, oxygen atoms, nitrogen atoms, and other atoms.

Well, now, based on Allah's declaration *"Allah created the sky and the earth with haq (right)....(Al 'Ankabuut: 29: 44)*, then whatever is in *"...the seven skys....(Al Mulk : 67: 3)* can be calculated with certainty and correctly.

It turned out that after calculating, the mass of dark matter (23%) was added to the mass of *"...the near sky...(Al Mulk: 67: 5)* which contains **100 000 000 000** galaxies (5%), then the number was found to be 28 % of the total percentage amount.

Then, if we divide this 28% mass into several heavens that have the same mass, we will find 7 skys that have the same mass, that is, each sky has the same 4% mass.

So, actually, after humans calculated, it turned out that *"...the near sky...(Al Mulk: 67: 5)* which contains **100 000 000 000** galaxies is only (4%) mass. Then, sky 2 – sky 7 each have 4% dark matter mass.

So, sky 1 is *"...the near sky...(Al Mulk: 67: 5)* where there are **100 000 000 000** galaxies, each galaxy consists of **150 100 000** stars, while sky 2 to sky 7 is used as a place to store all information data from whatever is in *"...the near sky...(Al Mulk: 67: 5)* or sky 1.

Then, the second factor, before humans *"...believe....(Ath Thalaq : 65: 10)* in something, they must first think about it, must study it, must research it, must use *"...brain...(Ath Thalaq : 65: 10)* *"...they think about the creation of the sky and the earth...(Ali 'Imran : 3: 191)*

This means, in order for humans to reach *"...Allah...(Ali 'Imran: 3: 191)* must understand the real *"...Allah...(Ali 'Imran: 3: 191)*, through Allah's form, in the form of Allah's energy, in the form of Allah's particle and in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Next, the third factor, because *"Allah created the sky and the earth with haq (right)....(Al 'Ankabuut: 29: 44)* , then whatever is in *"...the seven heavens...is in balance (Al Mulk : 67: 3)*, can be calculated with certainty and correctly.

Well, because *"...the seven skys...in balance (Al Mulk : 67: 3)* *"...the sky and the earth...(Al 'Ankabuut : 29: 44)*, *"...were created...with haq (right)....(Al 'Ankabuut : 29: 44)*, then Allah through Allah's form, in the form of Allah's energy, in the form of Allah's particle and in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, can be proven empirically.

Or in other words, *"Allah...(Al 'Ankabuut: 29: 44)* is *"...haq (right)....(Al 'Ankabuut : 29: 44)* and definite.

So, now, if followers of orthodox Christianity, Catholics and Protestants, consider God to be indefinite, then God could be incarnated as a human named Jesus.

Why do orthodox Christians, Catholics and Protestants, consider God to be indefinite, so that God could be incarnated as a human named Jesus and anything created by God is indefinite ?

Because, followers of orthodox Christians, Catholics and Protestants do not understand that whatever is in "*...the seven skys...(Al Mulk : 67: 3)*" is "*...haq (right)...(Al 'Ankabuut: 29: 44)*", is definite and can be proven empirically. So according to followers of orthodox Christianity, Catholics and Protestants, humans do not need to use mind to understand anything made by God.
