## ABSTRACT

Before the author writes about anyone who becomes president in the secular state of the Republic of Indonesia is just a secularist, unless it is changed to the Islamic State of Indonesia, which refers to the First Islamic State in Medina, which was founded by the Prophet Muhammad saw in 1 AH (622 AD), especially First, the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of anyone who becomes president in the secular state of the Republic of Indonesia is just a secularist, unless it is changed to the Islamic State of Indonesia, which refers to the First Islamic State in Medina, which was founded by the Prophet Muhammad saw in 1 AH (622 AD), based on Deoxyribonucleic acid (DNA)

There are several verses that reveal Allah's secret about anyone who becomes president in the secular state of the Republic of Indonesia is just a secularist, unless it is changed to the Islamic State of Indonesia, which refers to the First Islamic State in Medina, which was founded by the Prophet Muhammad saw in 1 AH (622 AD), namely the following verses:

*"And if you punish the deeds of them, with what Allah has revealed, and do not follow their desires. And be careful towards them, so that they do not turn you away from part of what Allah has revealed to you. If they turn away, then know that that indeed Allah wills to bring misfortune upon them because of some of their sins. And indeed, most people are wicked people. (Al Maa'idah: 5: 49)*

*"O you who believe, obey Allah and obey the Messenger and ulil amri among you. Then if you differ in opinion about something, then return it to Allah and the Messenger, if you truly believe in Allah and the Last Day. So that is more important and the consequences are better (An Nisaa': 4: 59)*

*"Indeed, Allah commands you to convey your message to those who are entitled to receive it, and when you determine a law between people, so that you determine it fairly. Indeed, Allah gives you the best teaching. Indeed, Allah is All-Hearing, All-Seeing. (An Nisaa': 4 : 58)*

In an effort to open the veil of Allah's secret regarding anyone who becomes president in the secular state of the Republic of Indonesia is just a secularist, unless it is changed to the Islamic State of Indonesia, which refers to the First Islamic State in Medina, which was founded by the Prophet Muhammad saw in 1 AH (622 AD), the author uses the basis of deoxyribonucleic acid.

## HYPOTHESIS

Here the author puts forward the hypothesis that anyone who becomes president in the secular state of the Republic of Indonesia is just a secularist, unless it is changed to the Islamic State of Indonesia, which refers to the First Islamic State in Medina, which was founded by the Prophet Muhammad saw in 1 AH (622 AD), based on Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## QUARKS

If we want to know quarks then we pay attention to one of the hydrogen atoms which is a building element of the human body, animals, plants and fruit as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Next, if this proton is split, we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## DEOXYRIBONUCLIC ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules which are composed repeatedly of nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogen bases. The nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

**ANYONE WHO BECOMES PRESIDENT IN THE SECULAR STATE OF THE REPUBLIC OF INDONESIA IS JUST A SECULARIST, UNLESS IT IS CHANGED INTO THE ISLAMIC STATE OF INDONESIA, WHICH REFERS TO THE FIRST ISLAMIC STATE IN MEDINA, WHICH WAS FOUNDED BY THE PROPHET MUHAMMAD SAW IN 1 AH (622 AD)**

So now, we are still concentrating our minds on uncovering the secret contained behind the verses: *"...when you determine a law between people, so that you determine it fairly...(An Nisaa' : 4: 58)"...if you punish the deeds of them, with what Allah has revealed...(Al Maa'idah : 5: 49) "...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)*

Here Allah has declared *"...when you determine a law between people, so that you determine it fairly...(An Nisaa' : 4: 58)*

Well, now the question arises,

What does Allah actually mean by the declaration *"...when you determine a law between people, so that you determine it fairly...(An Nisaa' : 4: 58)?*

Well, it turns out *"...law...(An Nisaa' : 4: 58)* which is used as the basis for imposing punishment, is the law which refers to *"...the law...what Allah revealed...(Al Maa'idah : 5: 49)* which is implemented in the Islamic State which refers to the First Islamic State in Medina, which was founded by the

Prophet Muhammad saw in 1 AH (622 AD).

So, because in the secular State of the Republic of Indonesia, "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*" is not recognized, then, whoever becomes president, is the same, a secularist.

This means, a president who does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*" even though the president is a Muslim.

Or in other words, the president is a Muslim, but his mind does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

Or it could also be said, a Muslim secularist who becomes president does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

So, now, if all Muslims in the secular country of the Republic of Indonesia, are busy electing a president, in reality, all Muslims in the secular country of the Republic of Indonesia, will elect a Muslim secularist, who does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

Or it could also be said, all Muslims in the secular Republic of Indonesia are busy electing a president, who is a Muslim secularist, who does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

Or it could also be said, all Muslims in the secular Republic of Indonesia are busy electing a president, who obeys the secularist Sukarno, not "*...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)*"

Well, this is what all Muslims in the secular Republic of Indonesia are not aware of.

## CONCLUSION

From what has been explained above, it can be concluded that the secret contained behind the verses: "*...when you determine a law between people, so that you determine it fairly...(An Nisaa' : 4: 58)*" "*...if you punish the deeds of them, with what Allah has revealed...(Al Maa'idah : 5: 49)*" "*...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)*"

Here Allah has declared "*...when you determine a law between people, so that you determine it fairly...(An Nisaa' : 4: 58)*"

Well, now the question arises,

What does Allah actually mean by the declaration "*...when you determine a law between people, so that you determine it fairly...(An Nisaa' : 4: 58)*"?

Well, it turns out "*...law...(An Nisaa' : 4: 58)*" which is used as the basis for imposing punishment, is the law which refers to "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*" which is implemented in the Islamic State which refers to the First Islamic State in Medina, which was founded by the Prophet Muhammad saw in 1 AH (622 AD).

So, because in the secular State of the Republic of Indonesia, "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*" is not recognized, then, whoever becomes president, is the same, a secularist.

This means, a president who does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*" even though the president is a Muslim.

Or in other words, the president is a Muslim, but his mind does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

Or it could also be said, a Muslim secularist who becomes president does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

So, now, if all Muslims in the secular country of the Republic of Indonesia, are busy electing a president, in reality, all Muslims in the secular country of the Republic of Indonesia, will elect a Muslim secularist, who does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

Or it could also be said, all Muslims in the secular Republic of Indonesia are busy electing a president, who is a Muslim secularist, who does not recognize "*...the law...what Allah revealed...(Al Maa'idah : 5: 49)*"

Or it could also be said, all Muslims in the secular Republic of Indonesia are busy electing a president, who obeys the secularist Sukarno, not "*...obey Allah and obey the Messenger...(An Nisaa' : 4: 59)*"

Well, this is what all Muslims in the secular Republic of Indonesia are not aware of.
