ABSTRACT

Before the author writes about Arabs in Arab countries don't want to learn the real Allah, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret about Arabs in Arab countries don't want to learn the real Allah, based on deoxyribonucleic acid (DNA).

There are several verses that open Allah's secret about Arabs in Arab countries don't want to learn the real Allah, namely the following verses:

"And indeed We have created man from an extract from the ground. (Al Mu'minuun: 23: 12)

"Read in the name of your Lord Who created (Al 'Alaq : 96: 1)" He has created man from a clot of blood (Al 'Alaq : 96: 2)

"Then when I have perfected what happened and I have breathed into him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected what happened, and have breathed into him My spirit, then submit to him by prostrating (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And it is not possible for any human being that Allah spoke with him except by means of revelation or behind a veil or by sending a messenger and then revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the request of a person who prays when he asks Me, then let them fulfill it and let them believe in Me, so that they are always in truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Zhahir and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57: 3)

"He arranges affairs from skys to earth, then it rises to Him in one day, the amount of which is a thousand years according to your calculations (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose value is fifty thousand years (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

"And they ask you about the spirit. Say: "The spirit belongs to the business of my Lord, and you are not given knowledge but a little." (Al Israa ': 17: 85)

"So she made a veil from them; then We sent Our spirit to Maryam, Our spirit incarnated before Maryam a perfect human being. (Maryam: 19: 17)

"He said: "Indeed I am only a messenger of your Lord, to give you a pure son." (Maryam: 19: 19)

"Gabriel said: "Thus." Your Lord said: "That thing is easy for Me; and so that We may make it a sign for mankind and a mercy from Us; and that is a matter that has been decided." (Maryam: 19: 21)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And Maryam, who has preserved her honor, then We breathed into Maryam a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa': 21: 91)

"And Maryam bint Imran who keeps her honor, so We blow into Maryam's womb some of Our spirit, and she confirms the words of her Lord and His Books, and she is one of those who obey. (At Tahirim: 66: 12)

"So when I have perfected what happened, and have breathed into it My spirit, then submit to him with prostration (Al Hijr: 15: 29)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36: 9)

In an effort to open the veil of Allah's secret about Arabs in Arab countries don't want to learn the real Allah, the author uses deoxyribonucleic acid as a basis.

HYPOTHESIS

Here the author proposes the hypothesis that Arabs in Arab countries don't want to learn the real Allah, because they are influenced by the Jews with holy Jahve and there is a prohibition to study *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)*, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and

contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

ARABS IN ARAB COUNTRIES DON'T WANT TO LEARN THE REAL ALLAH

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"... I am near... (Al Baqarah: 2: 186)"... I breathed into (every) human my spirit.. (Shaad : 38: 72)"...We are nearer to him than his jugular vein (Qaf: 50:16)*

Well, it turns out that here Allah has declared the true secret of Allah to all people in the world *"... We are closer to him than his jugular vein (Qaf: 50:16)* because *"... I breathed into (every) human my spirit... (Shaad : 38: 72)*

Now, the question arises,

What exactly is *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)*, which *"... is breathed into (every) human... (Shaad : 38: 72) ?*

The answer is in the secret behind the verse: *"He has created human from a clot of blood (Al 'Alaq : 96: 2)"...Allah...breathed into human Allah's spirit, Allah made for you hearing, sight and heart.. (As Sajdah : 32: 9)*

Well, it turns out, the secret contained in that verse is *"...blood (Al 'Alaq: 96: 2)"...Allah made for you hearing, sight and heart...(As Sajdah: 32: 9)*

In *"...blood (Al 'Alaq: 96: 2)* there is Deoxyribonucleic acid (DNA) and this DNA is the source that *"...makes...hearing, sight and heart...(As Sajdah: 32: 9)*. Where based on human Deoxyribonucleic acid (DNA) is composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Well, this is the true secret of Allah, which is behind *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)*, which *"... is breathed into (every) human... (Shaad : 38: 72)*

Now, Deoxyribonucleic acid (DNA) exists throughout the human body, starting from sperm from the father's side and eggs from the mother's side, then it becomes a fetus and lives in the mother's womb, grows and grows up, until the time it is born into the world.

So, now another question arises,

When will Allah *"...breathe into human Allah's spirit...(Shaad : 38: 72) ?*

Well, Allah *"...breathes into human Allah's spirit...(Shaad : 38: 72)* refers to Deoxyribonucleic acid (DNA) which is in the sperm from the father's side and the egg from the mother's side.

So, actually, *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72))* is already in the sperm from the father's side and the egg from the mother's side.

Or in other words, *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which is the structure of Deoxyribonucleic acid (DNA) is already in the sperm from the father's side and eggs from the mother's side.

Or it could also be said, *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which is the structure of Deoxyribonucleic acid (DNA) is already in the sperm from Adam and eggs from Adam's wife, which were passed down to Adam's children and grandchildren to us today.

Well, this is Allah's real secret about *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which people all over the world do not understand.

So, now, if Arabs in Arab countries do not want to learn *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)*, then they will not understand the real Allah.

Not only Arabs in Arab countries, but for all humans to understand the real Allah or the real Jahve must learn Allah or Jahve through Allah's form or Jahve's form in the form of *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: *"... I am near... (Al Baqarah: 2: 186)"... I breathed into (every) human my spirit.. .(Shaad : 38: 72)"...We are nearer to him than his jugular vein (Qaf: 50:16)*

Well, it turns out that here Allah has declared the true secret of Allah to all people in the world *"... We are closer to him than his jugular vein (Qaf: 50:16)* because *"... I breathed into (every) human my spirit... (Shaad : 38: 72)*

Now, the question arises,

What exactly is *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)*, which *"... is breathed into (every) human... (Shaad : 38: 72)* ?

The answer is in the secret behind the verse: *"He has created human from a clot of blood (Al 'Alaq : 96: 2)"...Allah...breathed into human Allah's spirit, Allah made for you hearing, sight and heart.. .(As Sajdah : 32: 9)*

Well, it turns out, the secret contained in that verse is *"...blood (Al 'Alaq: 96: 2)"...Allah made for you hearing, sight and heart...(As Sajdah: 32: 9)*

In *"...blood (Al 'Alaq: 96: 2)* there is Deoxyribonucleic acid (DNA) and this DNA is the source that *"...makes...hearing, sight and heart...(As Sajdah: 32: 9)*. Where based on human Deoxyribonucleic acid (DNA) is composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Well, this is the true secret of Allah, which is behind *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's*

spirit...(Shaad : 38: 72), which "... is breathed into (every) human... (Shaad : 38: 72)

Now, Deoxyribonucleic acid (DNA) exists throughout the human body, starting from sperm from the father's side and eggs from the mother's side, then it becomes a fetus and lives in the mother's womb, grows and grows up, until the time it is born into the world.

So, now another question arises,

When will Allah *"...breathe into human Allah's spirit...(Shaad : 38: 72) ?*

Well, Allah *"...breathes into human Allah's spirit ...(Shaad : 38: 72)* refers to Deoxyribonucleic acid (DNA) which is in the sperm from the father's side and the egg from the mother's side.

So, actually, *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72))* is already in the sperm from the father's side and the egg from the mother's side.

Or in other words, *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which is the structure of Deoxyribonucleic acid (DNA) is already in the sperm from the father's side and eggs from the mother's side.

Or it could also be said, *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which is the structure of Deoxyribonucleic acid (DNA) is already in the sperm from Adam and eggs from Adam's wife, which were passed down to Adam's children and grandchildren to us today.

Well, this is Allah's real secret about *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which people all over the world do not understand.

So, now, if Arabs in Arab countries do not want to learn *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)*, then they will not understand the real Allah.

Not only Arabs in Arab countries, but for all humans to understand the real Allah or the real Jahve must learn Allah or Jahve through Allah's form or Jahve's form in the form of *"...my spirit...(Shaad : 38: 72)* or *" ...Allah's spirit...(Shaad : 38: 72)* which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.
