ABSTRACT

Before the author writes about because in Allah's form or Jahve's form or Adonai's form there is Allah's energy, Allah's particles and Allah's spirit, then the seven skys are balanced, first the writer asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret about because in Allah's form or Jahve's form or Adonai's form there is Allah's energy, Allah's particles and Allah's spirit, then the seven skys are balanced, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about because in Allah's form or Jahve's form or Adonai's form there is Allah's energy, Allah's particles and Allah's spirit, then the seven skys are balanced, namely the following verses:

"And why don't they think about themselves? Allah did not make the skys and the earth and what is between them but with haq (right) and with a certain time. And most of the people really deny meeting their God. (Ar Ruum: 30: 8)

"And We have created human from an essence from the soil (Al Mu'minuun: 23: 12)

"Then when I have perfected the body and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"Then He perfected the body and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"So Maryam made a veil over them; then We sent Our Spirit to her, so Our Spirit incarnated before her a perfect human. (Maryam: 19: 17)

"Angels and spirits ascend to God in a day which is fifty thousand years (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You do not see in the creation of God the Most Gracious anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

In an effort to open the veil of Allah's secret about because in Allah's form or Jahve's form or Adonai's form there is Allah's energy, Allah's particles and Allah's spirit, then the seven skys are balanced, the author uses deoxyribonucleic acid as the basis.

HYPOTHESIS

Here the writer proposes a hypothes because in Allah's form or Jahve's form or Adonai's form there is Allah's energy, Allah's particles and Allah's spirit, then the seven skys are balanced, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

BECAUSE IN ALLAH'S FORM OR JAHVE'S FORM OR ADONAI'S FORM THERE IS ALLAH'S ENERGY, ALLAH'S PARTICLES AND ALLAH'S SPIRIT, THEN THE SEVEN SKYS ARE BALANCED

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"... You do not see in the creation of God the Most Gracious anything that is not balanced... (Al Mulk: 67: 3)"... wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)"...I breathed into human my spirit... (Shaad : 38: 72)"...Allah did not make the skys and the earth and what is between them but with haq (right) and with a certain time...(Ar Ruum: 30 :8)*

Apparently, here Allah or Jahve or Adonai, opens wide the secret of Allah or Jahve or Adonai, about *"... You do not see in the creation of God the Most Gracious anything that is not balanced... (Al Mulk: 67: 3)*

Well, the declaration of Allah or Jahve or Adonai whatever is in *"...seven skys...(Al Mulk : 67: 3) is "...balanced...(Al Mulk : 67: 3)*

Now the question arises,

Why did Allah create everything in *"...seven skys...(Al Mulk : 67: 3)"...balanced...(Al Mulk : 67: 3) ?*

The answer is in the secret behind the verse: *"...Allah...created the skys and the earth and what is*

between them...with haq (right) and with a certain time...(Ar Ruum : 30: 8)

So, whatever is in "*...seven skys...(Al Mulk: 67: 3) "...balanced...(Al Mulk: 67: 3)*" because, "*...Allah... created the skys and the earth and what is between them...with haq (right) and with a certain time...(Ar Ruum : 30: 8)*"

It means, "*...with haq (right) and with a certain time...(Ar Ruum : 30: 8)*" is, whatever is in "*...the seven skys...(Al Mulk: 67: 3)*" can be learned, calculated, researched and proven empirically.

Now, because whatever is in "*...seven skys...(Al Mulk : 67: 3) "...balanced...(Al Mulk : 67: 3)*", then in Allah's form or Jahve's form or Adonai's form is also "*...balanced...(Al Mulk : 67: 3)*".

That is, in Allah's form or Jahve's form or Adonai's form there is something that is eternal and there is something that is not eternal.

What is eternal in Allah's form or Jahve's form or Adonai's form?

Now, what is eternal in Allah's form or Jahve's form or Adonai's form is Allah's energy, quarks and Allah's particles "*...wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*"

Allah's energy which is very small **0.000000000 000000000 000000000 01** gram per cubic cm is needed by Allah's particles which are also very small, almost non-existent, **0.000000000 000000000 000000000 000000000 000000 3335917542091889** gram, which has the speed of light **5 475 103 664 604.84** km per second.

Now, with Allah's particles that use Allah's energy with extraordinary speed, then "*... wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*".

Most of the people in the world do not understand, including the Muslims in the world, do not understand that actually Allah or Jahve or Adonai, has Allah's particles which use Allah's energy with extraordinary speed. This can be proven empirically, meaning scientifically and experimentally.

Now, what is not eternal in Allah's form or Jahve's form or Adonai's form?

Well, that which is not eternal in Allah's form or Jahve's form or Adonai's form is "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" or the Holy spirit or Jahve's spirit or Adonai's spirit.

Why is "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" or the Holy spirit or Jahve's spirit or Adonai's spirit not eternal?

Because "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" or the Holy spirit or Jahve's spirit or Adonai's spirit is built with hydrogen atoms, carbon atoms , nitrogen atoms and oxygen atoms.

These atoms live to the age of **10 000000000 000000000 000000000 000000000 000000000 000000000** years, the nuclear energy that binds the quarks in atoms is gone, back into energy.

So, actually, by using the law of "*...balanced...(Al Mulk: 67: 3)*" Allah's form exists.

That is, Allah's form exists, if in Allah's form there are elements that are eternal and not eternal

As Allah created "...seven skys...(Al Mulk : 67: 3)"...balanced...(Al Mulk : 67: 3)

CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: "...*You do not see in the creation of God the Most Gracious anything that is not balanced...* (Al Mulk: 67: 3)"...*wherever you turn there is the face of Allah...* (Al Baqarah: 2: 115)"...*I breathed into human my spirit...* (Shaad : 38: 72)"...*Allah did not make the skys and the earth and what is between them but with haq (right) and with a certain time...*(Ar Ruum: 30 :8)

Apparently, here Allah or Jahve or Adonai, opens wide the secret of Allah or Jahve or Adonai, about "...*You do not see in the creation of God the Most Gracious anything that is not balanced...* (Al Mulk: 67: 3)

Well, the declaration of Allah or Jahve or Adonai whatever is in "...seven skys...(Al Mulk : 67: 3) is "...balanced...(Al Mulk : 67: 3)

Now the question arises,

Why did Allah create everything in "...seven skys...(Al Mulk : 67: 3)"...balanced...(Al Mulk : 67: 3) ?

The answer is in the secret behind the verse: "...*Allah...created the skys and the earth and what is between them...with haq (right) and with a certain time...*(Ar Ruum : 30: 8)

So, whatever is in "...seven skys...(Al Mulk: 67: 3)"...balanced...(Al Mulk: 67: 3) because, "...*Allah... created the skys and the earth and what is between them...with haq (right) and with a certain time...*(Ar Ruum : 30: 8)

It means, "...*with haq (right) and with a certain time...*(Ar Ruum : 30: 8) is, whatever is in "...*the seven skys...*(Al Mulk: 67: 3) can be learned, calculated, researched and proven empirically.

Now, because whatever is in "...seven skys...(Al Mulk : 67: 3)"...balanced...(Al Mulk : 67: 3)), then in Allah's form or Jahve's form or Adonai's form is also "...balanced...(Al Mulk : 67: 3).

That is, in Allah's form or Jahve's form or Adonai's form there is something that is eternal and there is something that is not eternal.

What is eternal in Allah's form or Jahve's form or Adonai's form?

Now, what is eternal in Allah's form or Jahve's form or Adonai's form is Allah's energy, quarks and Allah's particles "...*wherever you turn there is the face of Allah...* (Al Baqarah: 2: 115)

Allah's energy which is very small 0.000000000 000000000 000000000 01 gram per cubic cm is needed by Allah's particles which are also very small, almost non-existent, 0.000000000 000000000 000000000 000000000 00000 3335917542091889 gram, which has the speed of light 5 475 103 664 604.84 km per second.

Now, with Allah's particles that use Allah's energy with extraordinary speed, then "... *wherever you turn there is the face of Allah...* (Al Baqarah: 2: 115).

Most of the people in the world do not understand, including the Muslims in the world, do not understand that actually Allah or Jahve or Adonai, has Allah's particles which use Allah's energy

with extraordinary speed. This can be proven empirically, meaning scientifically and experimentally.

Now, what is not eternal in Allah's form or Jahve's form or Adonai's form?

Well, that which is not eternal in Allah's form or Jahve's form or Adonai's form is *"...my spirit... (Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or the Holy spirit or Jahve's spirit or Adonai's spirit.

Why is *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or the Holy spirit or Jahve's spirit or Adonai's spirit not eternal?

Because *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or the Holy spirit or Jahve's spirit or Adonai's spirit is built with hydrogen atoms, carbon atoms , nitrogen atoms and oxygen atoms.

These atoms live to the age of **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years, the nuclear energy that binds the quarks in atoms is gone, back into energy.

So, actually, by using the law of *"...balanced...(Al Mulk: 67: 3)* Allah's form exists. That is, Allah's form exists, if in Allah's form there are elements that are eternal and not eternal

As Allah created *"...seven skys...(Al Mulk : 67: 3)"...balanced...(Al Mulk : 67: 3)*
