ABSTRACT

Before the author writes about empirical evidence, Allah exists, only one, if it is connected with the universe, and before the universe exists, the author first begs forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of empirical evidence, Allah exists, only one, if it is connected with the universe, and before the universe exists, based on deoxyribonucleic acid (DNA).

There are several verses that open Allah's secrets regarding empirical evidence, Allah exists, only one, if it is connected with the universe, and before the universe exists, namely the following verses:

"He is the First and the Last, the Zhahir and the Inner, and He is All-Knowing of all things. (Al Hadiid: 57: 3)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And why don't they think about themselves? Allah did not make the skys and the earth and what is between them but with haq (right) and time specified. And in fact most of humans really deny meeting their God. (Ar Ruum: 30) :8)

"Allah who created the skys and the earth and what is between them in six days, then He resides on 'Arsy. There is no one for you other than Him who is a helper and not a giver of intercession. So do you not pay attention? (As Sajdah : 32: 4)

In an effort to open the veil of Allah's secret regarding empirical evidence, Allah exists, only one, if it is connected with the universe, and before the universe exists, the author uses the basis of deoxyribonucleic acid.

HYPOTHESIS

Here the author proposes the hypothesis that Allah exists, only one, if it is connected with the universe, and before the universe exists,, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then

we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

EMPIRICAL EVIDENCE, ALLAH EXISTS, ONLY ONE, IF IT IS CONNECTED WITH THE UNIVERSE, AND BEFORE THE UNIVERSE EXISTS

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"He is the First...(Al Hadiid: 57: 3)"...Allah...made the skys and the earth and what is between them...with haq (right) and time specified...(Ar Ruum : 30: 8) "...seven skys...balanced (Al Mulk : 67: 3)*

Here, Allah or Jahve or Adonai, reveals the secret, how in fact Allah or Jahve or Adonai existed before *"...the seven skys...(Al Mulk: 67: 3)* existed.

So, now the question arises,

How can Allah or Jahve or Adonai exist, and is there any God other than Allah or Jahve or Adonai at the same time?

The answer is in the secret behind the verse: *"...Allah...made the skys and the earth...with haq (right)...(Ar Ruum : 30: 8)*

Well, apparently, *"...the skys and the earth...(Ar Ruum : 30: 8)"...was made by Allah...with haq (right)...(Ar Ruum : 30: 8)*

Well, *"...with haq (right)...(Ar Ruum: 30: 8)*, meaning, what is in Allah's form or in Jahve's form or in Adonai's form, can be studied and calculated mathematically and can be proven empirically.

Now, because in Allah's form or in Jahve's form or in Adonai's form, can be studied and calculated mathematically and can be proven empirically, then with Allah's law, which is based on **Allah-Allah's energy-Allah**, where Allah and Allah's energy cannot be separated. Talking Allah is the same as talking Allah's energy. Talking about Allah's energy is the same as talking about Allah.

Now, Allah's energy is very tiny, **0.000000000 000000000 000000000 01** gram

Now, the law of Allah, **Allah-Allah's energy-Allah**, gives birth to a new law of **Allah-Allah's energy-Allah's particle-Allah**

So, from the new law, **Allah-Allah's energy-Allah's particle-Allah**, arose, Allah's particle.

Where Allah's particle is very small, almost nothing, **0.000000000 000000000 000000000 000000000 00000 3335917542091889** gram

Now, with the emergence of Allah's particle, quarks arise. These quarks are the core of the hydrogen atom and other atoms, and these atoms make up "*...the seven skys...(Al Mulk: 67: 3)* or the universe.

So, with the law of Allah, **Allah-Allah's energy-Allah's particle-Allah**, appears, Allah's particle.

And this is what is declared by Allah or Jahve or Adonai "*He is the First...(Al Hadiid: 57: 3)*

So, from the very beginning, before "*...the seven skys...(Al Mulk : 67: 3)* or the universe was created by Allah or Jahve or Adonai, there was only one God, there is no other God, besides Allah or Jahve or Adonai, "*He is the First...(Al Hadiid: 57: 3)*

This, empirical evidence, Allah exists, only one, if connected with the universe, and before the universe existed.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "*He is the First...(Al Hadiid: 57: 3)*" "*...Allah...made the skys and the earth and what is between them...with haq (right) and time specified...(Ar Ruum : 30: 8)* "*...seven skys...balanced (Al Mulk : 67: 3)*

Here, Allah or Jahve or Adonai, reveals the secret, how in fact Allah or Jahve or Adonai existed before "*...the seven skys...(Al Mulk: 67: 3)* existed.

So, now the question arises,

How can Allah or Jahve or Adonai exist, and is there any God other than Allah or Jahve or Adonai at the same time?

The answer is in the secret behind the verse: "*...Allah...made the skys and the earth...with haq (right)...(Ar Ruum : 30: 8)*

Well, apparently, "*...the skys and the earth...(Ar Ruum : 30: 8)*" "*...was made by Allah...with haq (right)...(Ar Ruum : 30: 8)*

Well, "*...with haq (right)...(Ar Ruum: 30: 8)*", meaning, what is in Allah's form or in Jahve's form or in Adonai's form, can be studied and calculated mathematically and can be proven empirically.

Now, because in Allah's form or in Jahve's form or in Adonai's form, can be studied and calculated mathematically and can be proven empirically, then with Allah's law, which is based on **Allah-Allah's energy-Allah**, where Allah and Allah's energy cannot be separated. Talking Allah is the same as talking Allah's energy. Talking about Allah's energy is the same as talking about Allah.

Now, Allah's energy is very tiny, **0.000000000 000000000 000000000 01** gram

Now, the law of Allah, **Allah-Allah's energy-Allah**, gives birth to a new law of **Allah-Allah's energy-**

Allah's particle-Allah

So, from the new law, **Allah-Allah's energy-Allah's particle-Allah**, arose, Allah's particle.

Where Allah's particle is very small, almost nothing, **0.000000000 000000000 000000000 000000000 00000 3335917542091889** gram

Now, with the emergence of Allah's particle, quarks arise. These quarks are the core of the hydrogen atom and other atoms, and these atoms make up *"...the seven skys...(Al Mulk: 67: 3)* or the universe.

So, with the law of Allah, **Allah-Allah's energy-Allah's particle-Allah**, appears, Allah's particle.

And this is what is declared by Allah or Jahve or Adonai *"He is the First...(Al Hadiid: 57: 3)*

So, from the very beginning, before *"...the seven skys...(Al Mulk : 67: 3)* or the universe was created by Allah or Jahve or Adonai, there was only one God, there is no other God, besides Allah or Jahve or Adonai, *"He is the First...(Al Hadiid: 57: 3)*

This, empirical evidence, Allah exists, only one, if connected with the universe, and before the universe existed.
