ABSTRACT

Before the author writes about from the first time the Qur'an was revealed, Allah has opened Allah's secret to all humans to understand Allah by referring to Allah who created, the writer first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about from the first time the Qur'an was revealed, Allah has opened Allah's secret to all humans to understand Allah by referring to Allah who created, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about from the first time the Qur'an was revealed, Allah has opened Allah's secret to all humans to understand Allah by referring to Allah who created, namely the following verses:

"Recite in the name of your God Who created (Al 'Alaq : 96: 1)

"He has created human from a clot of blood (Al 'Alaq : 96: 2)

"Then when I have perfected what happened and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected what happened, and have breathed into it My spirit, then submit to him with prostration (Al Hijr: 15: 29)

"Then He perfected and breathed into him His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"He is Allah, Who has no god but Him, the King, the Most Holy, the Most Prosperous, the Bestower of Security, the Most Preserving, the Most Mighty, the Almighty, the Possessor of all majesty, Glory be to Allah from what they associate (Al Hasyr : 59: 23)

"And it is not possible for any human being that Allah spoke with him except by means of revelation or behind a veil or by sending a messenger and then revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the request of a person who prays when he asks Me, then let them fulfill it and let them believe in Me, so that they are always in truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Zahir and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57: 3)

"God holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul for which He has ordained death and He releases the other soul until the appointed time. Indeed, in that there are signs of Allah's power for people who think .(Az Zumar : 39: 42)

"It was He who created the heavens and the earth in six days: Then He dwells on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is Seeing of what you do. (Al Hadiid: 57: 4)

"So Maryam made a veil from them; then We sent Our spirit to Maryam, Our spirit incarnated before Maryam a perfect human being. (Maryam: 19: 17)

"And Maryam bint Imran who maintains her honor, so We blow into Maryam's womb some of Our spirit, and she confirms the words of her Lord and His Books, and she is one of those who obey. (At Tahrim: 66: 12)

"And Maryam who has preserved her honor, then We blew into Maryam's womb a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"And they ask you about the spirit. Say: "The spirit belongs to the business of my God, and you are not given knowledge but a little." (Al Israa ': 17: 85)

"God created the skys and the earth with rights. Indeed, in that there are signs of God's power for the believers (Al 'Ankabut: 29: 44)

"So He made seven skys in two periods. He revealed to each sky its affairs. And We decorated the skys that were near with brilliant stars and We took care of them in the best way. Such is the provision of the Almighty, All-Knowing. (Fushshilat) :41:12)

"Angels and spirits ascend to God in a day whose value is fifty thousand years (Al Ma'aarij: 70: 4)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And verily We brought the Book to Moses, and We followed him afterward with the apostles, and We gave proofs of the truth to Jesus the son of Maryam and We strengthened him with the Holy Spirit. Does every messenger bring something to you that not according to your wishes and then you are arrogant; then some people you lie and some people you kill? (Al Baqarah: 2: 87)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

"He is Allah, Who has no god but Him, the King, the Most Holy, the Most Prosperous, the Bestower of Security, the Most Preserving, the Most Mighty, the Almighty, the Possessor of all majesty, Glory be to Allah from what they associate (Al Hasyr : 59: 23)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36: 9)

In an effort to open the veil of Allah's secret about from the first time the Qur'an was revealed, Allah has opened Allah's secret to all humans to understand Allah by referring to Allah who created, the author uses the basis of Deoxyribonucleic acid (DNA)

HYPOTHESIS

Here the author proposes a hypothesis from the first time the Qur'an was revealed, Allah has opened Allah's secret to all humans to understand Allah by referring to Allah who created, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building block of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

FROM THE FIRST TIME THE QURAN WAS REVEALED, ALLAH HAS OPENED ALLAH'S SECRETS TO ALL HUMANS TO UNDERSTAND ALLAH BY REFERRING TO ALLAH WHO CREATED

Now, we are still concentrating on dismantling the secret contained behind the verse: *"Read in the name of your God Who created (Al 'Alaq : 96: 1) "He has created man from a clot of blood (Al 'Alaq : 96: 2) " ...I breathed into human my spirit...(Shaad : 38: 72)*

Well, it turns out, Allah has opened the true secret of Allah, with Allah's declaration "Read in the name of your Lord Who created (Al 'Alaq : 96: 1)

Where is Allah's declaration *"...your God who created (Al 'Alaq: 96: 1)* is conveyed first, before other things are conveyed.

Now, the question arises,

Why did Allah declare *"...your God Who created (Al 'Alaq: 96: 1)* was conveyed first, before other things were conveyed?

The answer is in the secret behind the verse: *"... We have created human and know what his heart whispers, and We are closer to him than his jugular vein." (Qaf: 50:16)*

Well, it turns out, Allah has brought man to the highest level in matters of creation, the same as when *"God created the skys and the earth... (Al 'Ankabuut: 29: 44)*

After humans understand that in fact, humans were created by Allah, then humans will understand the real Allah.

Now, the majority of people around the world do not admit that they were created by Allah.

Why do most people around the world not admit that they were created by Allah ?

Because, they do not understand, from what humans are created. That is, they only see and pay attention, humans are not created, but live when sperm from the father's side and egg from the mother's side meet, become a fetus, live in the mother's womb, until the time of birth.

Well, in the minds of most people around the world, the fetus lives in the mother's womb, after the sperm from the father's side meets the egg from the mother's side. So, the fetus is alive, nothing creates it, other than after the sperm from the father's side meets the egg from the mother's side.

So, because, based on vision and observation of the human eye, the fetus lives in the mother's womb, not involving Allah, most people throughout the world think that Allah did not create humans.

Well, for this reason Allah declared *"...your God Who created (Al 'Alaq : 96: 1)"... created human from a clot of blood (Al 'Alaq : 96: 2)*

Well, because most people around the world do not understand the real Allah, then whatever is in the *"...skys and earth...(Al 'Ankabuut: 29: 44)* lives and dies by itself, except for things that created by humans.

Well, because of the ignorance of the majority of people around the world, regarding the real Allah, they take the short way, that Allah has nothing to do, either with the creation of *"... humans... (Al 'Alaq: 96: 2)* or with the creation *"...the skys and the earth...(Al 'Ankabuut : 29: 44)*

Well, when Allah declares *"God has created hman from a clot of blood (Al 'Alaq: 96: 2)* this provides evidence to all people in the world, that in *"...blood (Al 'Alaq: 96: 2)* contains the source of life for human life and for all that is in *"...seven skys...(Fushshilat: 41: 12)*

Where, the source of life for human life and for all that is in *"...seven skys...(Fushshilat: 41: 12)* is *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* is composed of hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms. Where *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* is in *"...the blood (Al 'Alaq : 96: 2)* .

So, actually, blood is made up of hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Well, hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms are the source of life for whatever is in *"...seven skys...(Fushshilat: 41: 12)*

Likewise, what is in the sperm from the father's side and the egg from the mother's side, contains *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* which is built up with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Well, here, most people around the world do not understand. Or in other words, most people around the world do not understand the real Allah who *"... created human from a clot of blood (Al 'Alaq: 96: 2)* and who created *"...the skys and the earth...(Al 'Ankabuut : 29: 44)* with *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

CONCLUSION

The conclusions that can be drawn from the explanation above are the secret contained behind the verse: *"Read in the name of your God Who created (Al 'Alaq : 96: 1) "He has created man from a clot of blood (Al 'Alaq : 96: 2) "...I breathed into human my spirit...(Shaad : 38: 72)*

Well, it turns out, Allah has opened the true secret of Allah, with Allah's declaration "Read in the name of your Lord Who created (Al 'Alaq : 96: 1)

Where is Allah's declaration *"...your God who created (Al 'Alaq: 96: 1)* is conveyed first, before other things are conveyed.

Now, the question arises,

Why did Allah declare *"...your God Who created (Al 'Alaq: 96: 1)* was conveyed first, before other things were conveyed?

The answer is in the secret behind the verse: *"... We have created human and know what his heart whispers, and We are closer to him than his jugular vein." (Qaf: 50:16)*

Well, it turns out, Allah has brought man to the highest level in matters of creation, the same as when *"God created the skys and the earth... (Al 'Ankabuut: 29: 44)*

After humans understand that in fact, humans were created by Allah, then humans will understand the real Allah.

Now, the majority of people around the world do not admit that they were created by Allah.

Why do most people around the world not admit that they were created by Allah ?

Because, they do not understand, from what humans are created. That is, they only see and pay attention, humans are not created, but live when sperm from the father's side and egg from the mother's side meet, become a fetus, live in the mother's womb, until the time of birth.

Well, in the minds of most people around the world, the fetus lives in the mother's womb, after the sperm from the father's side meets the egg from the mother's side. So, the fetus is alive, nothing creates it, other than after the sperm from the father's side meets the egg from the mother's side.

So, because, based on vision and observation of the human eye, the fetus lives in the mother's womb, not involving Allah, most people throughout the world think that Allah did not create humans.

Well, for this reason Allah declared *"...your God Who created (Al 'Alaq : 96: 1)"... created human from a clot of blood (Al 'Alaq : 96: 2)*

Well, because most people around the world do not understand the real Allah, then whatever is in the *"...skys and earth...(Al 'Ankabuut: 29: 44)* lives and dies by itself, except for things that created by humans.

Well, because of the ignorance of the majority of people around the world, regarding the real Allah, they take the short way, that Allah has nothing to do, either with the creation of *"... humans... (Al 'Alaq: 96: 2)* or with the creation *"...the skys and the earth...(Al 'Ankabuut : 29: 44)*

Well, when Allah declares *"God has created hman from a clot of blood (Al 'Alaq: 96: 2)* this provides evidence to all people in the world, that in *"...blood (Al 'Alaq: 96: 2)* contains the source of life for human life and for all that is in *"...seven skys...(Fushshilat: 41: 12)*

Where, the source of life for human life and for all that is in *"...seven skys...(Fushshilat: 41: 12)* is *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* is composed of hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms. Where *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* is in *"...the blood (Al 'Alaq : 96: 2)* .

So, actually, blood is made up of hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Well, hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms are the source of life for whatever is in *"...seven skys...(Fushshilat: 41: 12)*

Likewise, what is in the sperm from the father's side and the egg from the mother's side, contains *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* which is built up with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Well, here, most people around the world do not understand. Or in other words, most people around the world do not understand the real Allah who *"... created human from a clot of blood (Al 'Alaq: 96: 2)* and who created *"...the skys and the earth...(Al 'Ankabuut : 29: 44)* with *"...my spirit...(Shaad: 38: 72)* or *".. .Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.
