## ABSTRACT

First of all, by asking forgiveness from Allah SWT here I try to reveal the signs of Allah SWT's greatness regarding Allah's secret about how actually, my spirit eats and lives in paradise, based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA).

In the Qur'an, several verses are found that are the key to unlocking the secret of how my spirit actually eats and lives in paradise, namely the following verses:

*"Allah promises the believers, male and female, Paradise under which rivers flow, they will abide therein, there are good places in Paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah: 9:72)*

*"Indeed Allah will admit those who believe and do righteous deeds into Paradises beneath which rivers flow. In Paradise they are adorned with gold and pearl bracelets, and their clothing is silk. (Al Hajj :22:23)*

*"Glory be to Him who, if He willed, He would have made for you something better than this, gardens beneath which rivers flow, and He made for you palaces. (Al-Furqaan: 25:10)*

*"And give good tidings to those who believe and do good, that for them there are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

*"Say: "O Allah, Creator of the heavens and the earth, Who knows the unseen and the real, You are the One who decides between Your servants what they always argue about." (Az Zumar: 39: 46)*

In an effort to unmask Allah's secret about how my spirit actually eats and lives in paradise, I based on photons, quarks and deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose the hypothesis that my spirit eats and lives in paradise according to the atomic realm, based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and

which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## MY SPIRIT'S LIFE IN PARADISE

Now, we are still concentrating on revealing the secret contained in the verse: *"Verily Allah will admit those who believe and do righteous deeds into the gardens beneath which rivers flow. In that paradise they will be adorned with bracelets. - bracelets of gold and pearls, and their clothes are silk. (Al Hajj: 22: 23) " They are given fruit ... (Al Baqarah: 2: 25)*

Apparently, my spirit lives *"...in the paradise beneath which rivers flow. In paradise they will be adorned with bracelets of gold and pearls, and their clothes will be silk. (Al Hajj: 22: 23)"...given fruits... (Al Baqarah: 2:25)*

Now the question arises,

How can *"... my spirit... (Al Hija: 15: 29)* which is built by oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms, lives like life on earth, there are rivers, eats fruit, wear bracelets of gold and pearls, and wear clothes of silk?

The answer is

Hidden in the secret of the verse: *"Say: "O Allah, Creator of the skys and the earth, Who knows the unseen and the real..." (Az Zumar: 39: 46)*

Apparently, the picture shown in the verse: *(Al Hajj: 22: 23)* and the verse: *(Al Baqarah: 2: 25)* is a picture that is *"... unseen..." (Az Zumar: 39: 46)*

Why *"... unseen..." (Az Zumar: 39: 46) ?*

The answer is

Because, *"... my spirit... (Al Hija: 15: 29), "... rivers... ornaments with bracelets of gold and pearls, and clothes ... silk. (Al Hajj: 22: 23)"...fruits...(Al Baqarah: 2:25) are all of them "...unseen..." (Az Zumar: 39:46)*

It means, *"... my spirit...(Al Hija : 15: 29), "... rivers... jewels with gold and pearl bracelets, and clothes... silk. (Al Hajj: 22: 23)"...fruits...(Al Baqarah: 2:25)* invisible to the human eye.

Or in other words, *"... my spirit... (Al Hija : 15: 29), "... rivers... jewels with gold and pearl bracelets, and clothes... silk. (Al Hajj: 22: 23)"...fruits...(Al Baqarah: 2:25)* are in the form of atoms that are in the electromagnetic spectrum area below 430 nanometers and are in the electromagnetic spectrum area above 740 nanometers , so that the human eye cannot see it.

## **WATER IN THE RIVER, FRUITS, GOLD, PEARL AND SILK CLOTHES IN THE FORM OF OXYGEN ATOM, HYDROGEN ATOM, CARBON ATOM AND NITROGEN ATOM**

Now, let's uncover the secret behind the verse: *"... my spirit... (Al Hijr: 15: 29), "... rivers... jewelry with gold and pearl bracelets, and clothes. ...silk. (Al Hajj: 22:23) "...fruits...(Al Baqarah: 2:25)*

Turns out, it was all *"... unseen..." (Az Zumar: 39: 46)*

That is, all those things that are visible on earth to the human eye, but in paradise they are invisible to the human eye.

Because *"... my spirit... (Al Hijr: 15: 29), "... rivers... ornaments with bracelets of gold and pearls, and clothes ... silk. (Al Hajj: 22: 23) "...fruits...(Al Baqarah: 2:25)* are in the form of atoms that are in the electromagnetic spectrum area below 430 nanometers and are in the electromagnetic spectrum area above 740 nanometers , so that the human eye cannot see it.

So, the secret of life in paradise has been revealed, that is, everything lives in the world of atoms, which is invisible to the human eye.

Water, fruits, gold, pearls, silk clothing, all of these are in the form of oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms.

### **CONCLUSION**

Based on the description above, we can conclude that the secret contained in the verse: *"Verily Allah will admit those who believe and do righteous deeds into the gardens beneath which rivers flow. In that paradise they will be adorned with bracelets. - bracelets of gold and pearls, and their clothes are silk. (Al Hajj: 22: 23) " They are given fruit ... (Al Baqarah: 2: 25)*

Apparently, my spirit lives *"...in the paradise beneath which rivers flow. In paradise they will be adorned with bracelets of gold and pearls, and their clothes will be silk. (Al Hajj: 22: 23) "...given fruits... (Al Baqarah: 2:25)*

Now the question arises,

How can *"... my spirit... (Al Hijr: 15: 29)* which is built by oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms, lives like life on earth, there are rivers, eats fruit, wear bracelets of gold and pearls, and wear clothes of silk?

The answer is

Hidden in the secret of the verse: *"Say: "O Allah, Creator of the skys and the earth, Who knows the unseen and the real..." (Az Zumar: 39: 46)*

Apparently, the picture shown in the verse: *(Al Hajj: 22: 23)* and the verse: *(Al Baqarah: 2: 25)* is a picture that is *"... unseen..." (Az Zumar: 39: 46)*

Why *"... unseen..." (Az Zumar: 39: 46) ?*

The answer is

Because, *"... my spirit... (Al Hijr: 15: 29), "... rivers... ornaments with bracelets of gold and pearls, and clothes ... silk. (Al Hajj: 22: 23) "...fruits...(Al Baqarah: 2:25)* are all of them *"...unseen..." (Az Zumar:*

39:46)

It means, "... *my spirit...* (Al Hjr : 15: 29), "... *rivers... jewels with gold and pearl bracelets, and clothes... silk. (Al Hajj: 22: 23)*"...*fruits...*(Al Baqarah: 2:25) invisible to the human eye.

Or in other words, "... *my spirit...* (Al Hjr : 15: 29), "... *rivers... jewels with gold and pearl bracelets, and clothes... silk. (Al Hajj: 22: 23)*"...*fruits...*(Al Baqarah: 2:25) are in the form of atoms that are in the electromagnetic spectrum area below 430 nanometers and are in the electromagnetic spectrum area above 740 nanometers , so that the human eye cannot see it.

Now, let's uncover the secret behind the verse: "... *my spirit...* (Al Hjr: 15: 29), "... *rivers... jewelry with gold and pearl bracelets, and clothes. ..silk. (Al Hajj: 22:23)*"...*fruits...*(Al Baqarah: 2:25)

Turns out, it was all "... *unseen...* " (Az Zumar: 39: 46)

That is, all those things that are visible on earth to the human eye, but in paradise they are invisible to the human eye.

Because "... *my spirit...* (Al Hjr: 15: 29), "... *rivers... ornaments with bracelets of gold and pearls, and clothes ... silk. (Al Hajj: 22: 23)*"...*fruits...*(Al Baqarah: 2:25) are in the form of atoms that are in the electromagnetic spectrum area below 430 nanometers and are in the electromagnetic spectrum area above 740 nanometers , so that the human eye cannot see it.

So, the secret of life in paradise has been revealed, that is, everything lives in the world of atoms, which is invisible to the human eye.

Water, fruits, gold, pearls, silk clothing, all of these are in the form of oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms.
