## ABSTRACT

First, by begging forgiveness from Allah SWT, here the author tries to uncover the signs of Allah SWT's greatness regarding how and when, Allah or Jahve or Adonai disappeared from the seven skys, based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA).

Signs of the greatness of Allah SWT regarding how and when, Allah or Jahve or Adonai disappeared from the seven skys, are found in several verses, namely:

*"Allah, there is no God but He who lives eternally, continuously takes care of; does not get sleepy and does not sleep. What belongs to Him in the skys and on earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they do not know anything from Allah's knowledge except what He wills. Allah's Chair covers the skys and the earth. And Allah does not find it hard to care for them both, and Allah is Most High, Most Great.(Al Baqarah: 2: 255)*

*"He is Allah, who made everything on earth for you and He willed the skys, then made seven skys. And He is All-Knower of all things. (Al Baqarah: 2: 29)*

*"... Allah creates what He wills, verily Allah has power over all things. (An Nuur : 24: 45)*

*"So when I have perfected the body, and have breathed into him my spirit, then submit to him by prostrating (Al Hizr: 15: 29)*

*"Angels and spirits ascend to God in a day which is fifty thousand years Al Ma'aarij (70: 4)*

*"Then He perfected the body and breathed into him His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"He is the First and the Last, the Zhahir and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57: 3)*

*"Then when I have perfected the body and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

In an effort to uncover the greatness of Allah SWT regarding how and when, Allah or Jahve or Adonai disappeared from the seven heavens, the author uses the basis of deoxyribonucleic acid (DNA).

## HYPOTHESES

Here the author proposes a hypothesis, how and when, Allah or Jahve or Adonai disappeared from

the seven heavens, after "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72), the seven skys disappear, return to the energy of Allah and quarks, Allah becomes "...unbalanced (Al Mulk : 67: 3) based on deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure form a double helix and which contain polynucleotide macromolecules arranged together repeatedly from the nucleotide polymer. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. Nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## HOW AND WHEN, ALLAH OR JAHVE OR ADONAI DISAPPEARED FROM THE SEVEN SKYS

Now, we are still concentrating on trying to unravel the secrets stored in the verse: "*He...the Last ... (Al Hadiid: 57: 3)*" *Allah...lives eternally...(Al Baqarah: 2:255)*

Apparently, here Allah or Jahve or Adonai has declared "*He...the Last ... (Al Hadiid: 57: 3)*

So, now the question arises,

What is the actual condition of Allah or Jahve or Adonai, when Allah or Jahve or Adonai becomes "*...the last...(Al Hadiid : 57: 3)* ?

The answer is in the secret "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72), "...seven skys...(Al Mulk : 67: 3) is lost, returns to the energy of Allah and quarks, and Allah becomes "...unbalanced (Al Mulk : 67: 3).

Well, because "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) and "...seven skys...(Al Mulk : 67: 3) built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms and other atoms, then after reaching the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years disappeared, leaving only the quarks.

Or in other words, the nuclear energy that binds the quarks in the atom returns to Allah's energy and Allah's energy returns to Allah.

Well, now what will happen to Allah or Jahve or Adonai?

The answer is behind the verse: "*Allah...lives eternally...*(*Al Baqarah: 2:255*)

Well, "*Allah...lives eternally...*(*Al Baqarah: 2:255*) but "*...not balanced* (*Al Mulk : 67: 3*)

Now another question arises,

Why "*Allah...lives eternally...*(*Al Baqarah: 2:255*) but "*...not balanced* (*Al Mulk : 67: 3*)?

The answer is in the secret behind the verse: "*Who has created the seven skys... balanced* (*Al Mulk: 67: 3*)

Well, "*...the seven skys...balanced* (*Al Mulk : 67: 3*), so also in the form of Allah "*...balanced* (*Al Mulk : 67: 3*)

However, after the seven skys and everything in them disappeared back into Allah's energy, because the nuclear energy that binds the quarks in the atom disappeared, only the quarks and Allah's energy remained, while "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* disappears, returns to being the energy of Allah, then the form of Allah "*...is not balanced* (*Al Mulk : 67: 3*)

That is, in the form of Allah there is only Allah's energy and quarks, where Allah's energy and quarks are "*...eternal...(Al Baqarah : 2: 255)*. Meanwhile "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* is lost, because it is not "*...eternal...(Al Baqarah : 2: 255)*

So, if in the form of Allah there is only Allah's energy and quarks which are "*...eternal...(Al Baqarah: 2: 255)*. Meanwhile "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* is lost, because it is not "*...eternal...(Al Baqarah : 2: 255)*, then the form of Allah "*...is not balanced* (*Al Mulk : 67 : 3*).

The form of Allah "*... is balanced* (*Al Mulk: 67: 3*) if in the form of Allah there is something that is "*... eternal...(Al Baqarah: 2: 255)* and that which is not "*...eternal...(Al Baqarah : 2: 255)*.

If in the form of Allah "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* is lost, then in the form of Allah becomes "*...unbalanced* (*Al Mulk : 67: 3*), this violates Allah's own law.

Well now, what will happen to Allah or Jahve or Adonai, who is "*...unbalanced* (*Al Mulk : 67: 3*) and violates the laws of Allah or Jahve or Adonai himself.

There are 2 choices, the first option, Allah or Jahve or Adonai, ending, "*He...the Last ...*(*Al Hadiid: 57: 3*). There is no more Allah or jahve or Adonai.

The second option, is to make Allah's form return "*... balanced* (*Al Mulk: 67: 3*), based on the law of Allah "*...He Who Lives eternally continues to take care of...*(*Al Baqarah: 2: 55*)

Well, the law regarding "*... continues to take care of...*(*Al Baqarah: 2: 55*)

That is, after "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* is gone, so will

"...seven skys...(Al Mulk : 67: 3) disappear, return to Allah's energy, then with Allah's energy and existing quarks, Allah will "...create seven skys...(Al Mulk : 67 : 3) new, with new atoms.

Now, it is Allah or Jahve or Adonai who decides whether to choose the first option or choose the second option.

If Allah or Jahve or Adonai chooses the first option, then Allah or Jahve or Adonai ends *"He...the Last ... (Al Hadiid: 57: 3)*. There is no longer Allah or jahve or Adonai.

If Allah or Jahve or Adonai chooses the second option, then *"...seven new skys...(Al Mulk: 67: 3)*, with new atoms, will be created.

This is the real secret about Allah or Jahve or Adonai, which most people in the world don't understand yet.

## CONCLUSION

Based on the description above we can conclude that the secrets stored in the verse: *"He...the Last ... (Al Hadiid: 57: 3)" Allah...lives eternally...(Al Baqarah: 2:255)*

Apparently, here Allah or Jahve or Adonai has declared *"He...the Last ... (Al Hadiid: 57: 3)*

So, now the question arises,

What is the actual condition of Allah or Jahve or Adonai, when Allah or Jahve or Adonai becomes *"...the last...(Al Hadiid : 57: 3) ?*

The answer is in the secret *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, *"...seven skys...(Al Mulk : 67: 3)* is lost, returns to the energy of Allah and quarks, and Allah becomes *"...unbalanced (Al Mulk : 67: 3).*

Well, because *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* and *"...seven skys...(Al Mulk: 67: 3)* built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms and other atoms, then after reaching the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years disappeared, leaving only the quarks.

Or in other words, the nuclear energy that binds the quarks in the atom returns to Allah's energy and Allah's energy returns to Allah.

Well, now what will happen to Allah or Jahve or Adonai?

The answer is behind the verse: *" Allah...lives eternally...(Al Baqarah: 2:255)*

Well, *" Allah...lives eternally...(Al Baqarah: 2:255)* but *"...not balanced (Al Mulk : 67: 3)*

Now another question arises,

Why *" Allah...lives eternally...(Al Baqarah: 2:255)* but *"...not balanced (Al Mulk : 67: 3)?*

The answer is in the secret behind the verse: *"Who has created the seven skys... balanced (Al Mulk: 67: 3)*

Well, "*...the seven skys...balanced (Al Mulk : 67: 3)*", so also in the form of Allah "*...balanced (Al Mulk : 67: 3)*"

However, after the seven skys and everything in them disappeared back into Allah's energy, because the nuclear energy that binds the quarks in the atom disappeared, only the quarks and Allah's energy remained, while "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" disappears, returns to being the energy of Allah, then the form of Allah "*...is not balanced (Al Mulk : 67: 3)*"

That is, in the form of Allah there is only Allah's energy and quarks, where Allah's energy and quarks are "*...eternal...(Al Baqarah : 2: 255)*". Meanwhile "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" is lost, because it is not "*...eternal...(Al Baqarah : 2: 255)*"

So, if in the form of Allah there is only Allah's energy and quarks which are "*...eternal...(Al Baqarah: 2: 255)*". Meanwhile "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" is lost, because it is not "*...eternal...(Al Baqarah : 2: 255)*", then the form of Allah "*...is not balanced (Al Mulk : 67 : 3)*".

The form of Allah "*... is balanced (Al Mulk: 67: 3)*" if in the form of Allah there is something that is "*... eternal...(Al Baqarah: 2: 255)*" and that which is not "*...eternal...(Al Baqarah : 2: 255)*".

If in the form of Allah "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" is lost, then in the form of Allah becomes "*...unbalanced (Al Mulk : 67: 3)*", this violates Allah's own law.

Well now, what will happen to Allah or Jahve or Adonai, who is "*...unbalanced (Al Mulk : 67: 3)*" and violates the laws of Allah or Jahve or Adonai himself.

There are 2 choices, the first option, Allah or Jahve or Adonai, ending, "*He...the Last ...(Al Hadiid: 57: 3)*". There is no more Allah or jahve or Adonai.

The second option, is to make Allah's form return "*... balanced (Al Mulk: 67: 3)*", based on the law of Allah "*...He Who Lives eternally continues to take care of...(Al Baqarah: 2: 55)*"

Well, the law regarding "*... continues to take care of...(Al Baqarah: 2: 55)*"

That is, after "*...my spirit...(Shaad : 38: 72)*" or "*...Allah's spirit...(Shaad : 38: 72)*" is gone, so will "*...seven skys...(Al Mulk : 67: 3)*" disappear, return to Allah's energy, then with Allah's energy and existing quarks, Allah will "*...create seven skys...(Al Mulk : 67 : 3)*" new, with new atoms.

Now, it is Allah or Jahve or Adonai who decides whether to choose the first option or choose the second option.

If Allah or Jahve or Adonai chooses the first option, then Allah or Jahve or Adonai ends "*He...the Last ...(Al Hadiid: 57: 3)*". There is no longer Allah or jahve or Adonai.

If Allah or Jahve or Adonai chooses the second option, then "*...seven new skys...(Al Mulk: 67: 3)*", with new atoms, will be created.

This is the real secret about Allah or Jahve or Adonai, which most people in the world don't understand yet.
