## ABSTRACT

Before the author writes about how the Holy Spirit was in Mary's body, and the Holy Spirit became Jesus, what was in the Holy Spirit that became Jesus, what was the relationship between the Holy Spirit with Allah or Jahve or Adonai, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret of how the Holy Spirit was in Mary's body, and the Holy Spirit became Jesus, what was in the Holy Spirit that became Jesus, what was the relationship between the Holy Spirit with Allah or Jahve or Adonai, based on acid deoxyribonucleate (DNA).

There are several verses that reveal Allah's secrets about how the Holy Spirit was in Mary's body, and the Holy Spirit became Jesus, what was in the Holy Spirit that became Jesus, what was the relationship between the Holy Spirit with Allah or Jahve or Adonai, namely verses following:

*"Then when I have perfected the body and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"And Maryam bint Imran who maintains her honor, then We breathed into Maryam's womb Our spirit, and she confirms the words of her God and His Books, and she is one of those who obey. (At Tahrir: 66: 12)*

*"So Maryam made a veil from them; then We sent Our spirit to her, so Our spirit became incarnated before Maryam, a perfect human being. (Maryam: 19: 17)*

In an effort to uncover Allah's secret veil about how the Holy Spirit was in Mary's body, and the Holy Spirit became Jesus, what was in the Holy Spirit that became Jesus, what was the relationship between the Holy Spirit with Allah or Jahve or Adonai, the author uses deoxyribonucleic acid as a basis.

## HYPOTHESIS

Here the author proposes the hypothesis that the Holy Spirit was in Mary's body, and the Holy Spirit became Jesus, what was in the Holy Spirit that became Jesus, what was the relationship between the Holy Spirit with Allah or Jahve or Adonai, based on Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then

we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## **DEOXYRIBONUCLEATED ACID (DNA)**

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## **HOW THE HOLY SPIRIT WAS IN MARY'S BODY, AND THE HOLY SPIRIT BECAME JESUS, WHAT WAS IN THE HOLY SPIRIT THAT BECAME JESUS, WHAT WAS THE RELATIONSHIP OF THE HOLY SPIRIT WITH ALLAH OR JAHVE OR ADONAI**

Now, we are still concentrating on uncovering the secret *breathed* etc contained behind the verses: “... *We sent Our spirit to Maryam, so Our spirit incarnated before Maryam, a perfect human being (Maryam : 19: 17)*”...*I breathed into human my spirit...(Shaad : 38: 72)*

Apparently, here, Allah or Jahve or Adonai, has declared the real Jesus, which is believed and worshiped by the majority of people, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa , that “... *Our spirit incarnated before Maryam, a perfect human being (Maryam : 19: 17)*

Well, “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit, “...*incarnated ...a perfect human being (Maryam : 19: 17)*

Now, if it is connected with Jesus, then it can be proven empirically, or scientifically and experimentally, “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit contains the energy element, the material element in the form of quarks and atoms.

So, in “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit there is an element of energy, an element matter in the form of quarks and atoms.

Well, because “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit is breathed by Allah or by Jahve or by Adonai into every human body”...*I breathed into human my spirit...(Shaad : 38: 72)*, including into Maryam “...*We breathed into Maryam's womb Our spirit...(At Tahrim : 66: 12)*, then in every human body including Maryam and Jesus there is an element of energy, a material element in the form of quarks and

atoms.

Or in other words, in every human body including Maryam and Jesus contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which form Deoxyribonucleic acid (DNA).

Or it could also be said, the Holy Spirit that was breathed "*...into Maryam's womb...(At Tahrir: 66: 12)* in the form of Deoxyribonucleic acid (DNA) met with Deoxyribonucleic acid (DNA) in Maryam, forming a combination of Deoxyribonucleic acid (DNA) that became Jesus.

So, based on empirical evidence, Deoxyribonucleic acid (DNA) from the Holy Spirit met Deoxyribonucleic acid (DNA) from Maryam, forming a combination of Deoxyribonucleic acid (DNA) that became Jesus.

Well, this empirical evidence base is, in fact, used by followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa.

However, followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa, think that "*because of the power of the Holy Spirit*" is in Mary's body.

So, with the theory "*because of the power of the Holy Spirit*" was in Maryam's body, Jesus was born. Finally, it was concluded, "*because of the power of the Holy Spirit*" was in Mary's body, Jesus was born, where the "*Holy Spirit*" was Jesus.

So, if we examine the empirical evidence, the Holy Spirit that was breathed "*...into Mary's womb...(At Tahrir: 66: 12)* in the form of Deoxyribonucleic acid (DNA) meets Deoxyribonucleic acid (DNA) in Maryam herself, formed a combination of Deoxyribonucleic acid (DNA) that made Jesus.

Well, now, because the Holy Spirit which contains Deoxyribonucleic acid (DNA) which is breathed "*...into Mary's womb...(At Tahrir: 66: 12)* comes from Allah or Jahve or Adonai, then in Allah's form or Jahve's form or Adonai's form has elements that make up Deoxyribonucleic acid (DNA), namely matter in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, actually, in Allah's form or Jahve's form or Adonai's form, in the form of "*...Our spirit...(Maryam : 19: 17)* or in the form of "*...Allah's spirit...(Maryam : 19: 17)* or in the form of the Holy spirit or in the form of Jahve's spirit or in the form of Adonai's spirit there are elements that make up Deoxyribonucleic acid (DNA), in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, this is what all the followers of Jesus in the world do not understand, including the followers of Jesus in America, the followers of Jesus in the Vatican, the followers of Jesus in Europe, the followers of Jesus in Asia and the followers of Jesus in Africa.

So, the relationship between Allah or Jahve or Adonai and "*...Our spirit...(Maryam : 19: 17)* or "*...Allah's spirit...(Maryam : 19: 17)* or the Holy spirit or Jahve's spirit or Adonai's spirit and with Maryam and Jesus is Deoxyribonucleic acid (DNA), in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, if followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa believe the Holy Spirit is Jesus, because in the Holy Spirit's form and in Jesus's form there is

Deoxyribonucleic acid (DNA), in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

This is the secret of Allah or Jahve or Adonai, which is not understood by all followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: “... *We sent Our spirit to Maryam, so Our spirit incarnated before Maryam, a perfect human being (Maryam : 19: 17)*”...*I breathed into human my spirit...(Shaad : 38: 72)*

Apparently, here, Allah or Jahve or Adonai, has declared the real Jesus, which is believed and worshiped by the majority of people, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa , that “... *Our spirit incarnated before Maryam, a perfect human being (Maryam : 19: 17)*

Well, “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit, “...*incarnated ...a perfect human being (Maryam : 19: 17)*

Now, if it is connected with Jesus, then it can be proven empirically, or scientifically and experimentally, “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit contains the energy element, the material element in the form of quarks and atoms.

So, in “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit there is an element of energy, an element matter in the form of quarks and atoms.

Well, because “...*Our spirit...(Maryam : 19: 17)* or “...*Allah's spirit...(Maryam : 19: 17)* or the Holy Spirit or Jahve's spirit or Adonai's spirit is breathed by Allah or by Jahve or by Adonai into every human body”...*I breathed into human my spirit...(Shaad : 38: 72)*, including into Maryam “...*We breathed into Maryam's womb Our spirit...(At Tahrir : 66: 12)*, then in every human body including Maryam and Jesus there is an element of energy, a material element in the form of quarks and atoms.

Or in other words, in every human body including Maryam and Jesus contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which form Deoxyribonucleic acid (DNA).

Or it could also be said, the Holy Spirit that was breathed “...*into Maryam's womb...(At Tahrir: 66: 12)* in the form of Deoxyribonucleic acid (DNA) met with Deoxyribonucleic acid (DNA) in Maryam, forming a combination of Deoxyribonucleic acid (DNA) that became Jesus.

So, based on empirical evidence, Deoxyribonucleic acid (DNA) from the Holy Spirit met Deoxyribonucleic acid (DNA) from Maryam, forming a combination of Deoxyribonucleic acid (DNA) that became Jesus.

Well, this empirical evidence base is, in fact, used by followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa.

However, followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa, think that *"because of the power of the Holy Spirit"* is in Mary's body.

So, with the theory *"because of the power of the Holy Spirit"* was in Maryam's body, Jesus was born. Finally, it was concluded, *"because of the power of the Holy Spirit"* was in Mary's body, Jesus was born, where the *"Holy Spirit"* was Jesus.

So, if we examine the empirical evidence, the Holy Spirit that was breathed *"...into Mary's womb... (At Tahrīm: 66: 12)* in the form of Deoxyribonucleic acid (DNA) meets Deoxyribonucleic acid (DNA) in Maryam herself, formed a combination of Deoxyribonucleic acid (DNA) that made Jesus.

Well, now, because the Holy Spirit which contains Deoxyribonucleic acid (DNA) which is breathed *"...into Mary's womb... (At Tahrīm: 66: 12)* comes from Allah or Jahve or Adonai, then in Allah's form or Jahve's form or Adonai's form has elements that make up Deoxyribonucleic acid (DNA), namely matter in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, actually, in Allah's form or Jahve's form or Adonai's form, in the form of *"...Our spirit... (Maryam : 19: 17)* or in the form of *"...Allah's spirit... (Maryam : 19: 17)* or in the form of the Holy spirit or in the form of Jahve's spirit or in the form of Adonai's spirit there are elements that make up Deoxyribonucleic acid (DNA), in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, this is what all the followers of Jesus in the world do not understand, including the followers of Jesus in America, the followers of Jesus in the Vatican, the followers of Jesus in Europe, the followers of Jesus in Asia and the followers of Jesus in Africa.

So, the relationship between Allah or Jahve or Adonai and *"...Our spirit... (Maryam : 19: 17)* or *"...Allah's spirit... (Maryam : 19: 17)* or the Holy spirit or Jahve's spirit or Adonai's spirit and with Maryam and Jesus is Deoxyribonucleic acid (DNA), in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, if followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa believe the Holy Spirit is Jesus, because in the Holy Spirit's form and in Jesus's form there is Deoxyribonucleic acid (DNA), in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

This is the secret of Allah or Jahve or Adonai, which is not understood by all followers of Jesus in the world, including followers of Jesus in America, followers of Jesus in the Vatican, followers of Jesus in Europe, followers of Jesus in Asia and followers of Jesus in Africa.
