**ABSTRACT**

Before the author writes about humans to achieve a balanced level between the human mind and Allah's mind, through Allah's spirit, Allah's energy and Allah's particles, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secrets about humans to achieve a balanced level between the human mind and Allah's mind, through Allah's spirit, Allah's energy and Allah's particles, based on deoxyribonucleic acid (DNA).

There are several verses that open Allah's secrets about humans to achieve a balanced level between the human mind and Allah's mind, through Allah's spirit, Allah's energy and Allah's particles, namely the following verses:

*"Allah...the light of the heavens and the earth...a light upon a light...(An Nuur : 24: 35)*

*"And why don't they think about themselves? Allah did not make the heavens and the earth and what is between them but with a certain truth and time. And in fact most of mankind really deny meeting their Lord. (Ar Ruum: 30) :8)*

*"Then when I have perfected what happened and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected what happened, and have breathed into it My spirit, then submit to him with prostration (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And it is not possible for any human being that Allah spoke with him except by means of revelation or behind a veil or by sending a messenger and then revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)*

*"And when My servants ask you about Me, then, that I am near. I grant the request of the one who prays when he asks Me, then let them fulfill (all My commandments) and let them believe in Me Ku, so that they are always in the truth (Al Baqarah: 2: 186)*

*"He is the First and the Last, the Zhahir and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57: 3)*

*"The angels and Jibril ascend to God in a day which is fifty thousand years (Al Ma'aarij: 70: 4)*

*"He arranges affairs from skys to earth, then it rises to Him in one day, the amount of which is a thousand years according to your calculations (As Sajdah: 32: 5)*

*And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily, Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)*

*"Who has created the seven skys in layers. You never see in the creation of God the Most*

*Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And He who created the skys and the earth in six days, and His throne was on the water, so that He might test which of you is better in deeds and if you say, "You will surely be raised after death", surely those who disbelieve will said: "This is nothing but real magic" (Huud : 11: 7)*

*"Those who were earlier, first of all, from the group of emigrants and ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has prepared for them gardens with rivers flowing in them. forever. They abide therein. That is a great victory (At Taubah: 9: 100)*

*"And why don't they think about themselves? Allah did not make the heavens and the earth and what is between them except in the right way and at a certain time. And in fact most of mankind really deny meeting their Lord. (Ar Ruum: 30:8)*

*"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth "O our Lord, you did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran : 3: 191)*

In an effort to uncover Allah's secret veil about humans to achieve a balanced level between the human mind and Allah's mind, through Allah's spirit, Allah's energy and Allah's particles, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes a hypothesis humans to achieve a balanced level between the human mind and Allah's mind, through Allah's spirit, Allah's energy and Allah's particles, based on Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## **QUARK**

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building block of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## **DEOXYRIBONUCLEATED ACID (DNA)**

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms.

Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **HUMANS TO ACHIEVE A BALANCED LEVEL BETWEEN THE HUMAN MIND AND ALLAH'S MIND, THROUGH ALLAH'S SPIRIT, ALLAH'S ENERGY AND ALLAH'S PARTICLES, WHICH ARE IN THE HUMAN BODY**

Now, we are still concentrating on dismantling the secrets contained behind the verse: *"... wherever you turn, there is the face of Allah... (Al Baqarah: 2: 115)"... I... have breathed into man My spirit...(Al Hjr : 15: 29) "...do not see in the creation of the Most Gracious God something that is not balanced...(Al Mulk : 67: 3)*

Here Allah declares *"... wherever you turn, there is the face of Allah... (Al Baqarah: 2: 115)*

So, now, the question is

How is it possible, *"...the face of Allah...(Al Baqarah: 2: 115)* is everywhere, while Allah is only one?

The answer is in the secret behind the verse: *"... a day that is fifty thousand years (Al Ma'aarij: 70: 4)*

Well, here, Allah has opened Allah's secret about the speed of light of Allah's particle. Where the speed of light of Allah's particles is **5 475 103 664 604.84** km per second. Whereas Allah's particles are very small, almost non-existent, **0.000000000 000000000 000000000 000000000 000000000 000000000 000 333 591 754 209 188 9** grams.

That is, the speed of light of Allah's particles exceeds the speed of the human eye. Before the human eye turns its gaze to a point, then at that point there is already a particle of Allah with the speed of light **5 475 103 664 604.84** km per second, with the help of Allah's energy, which is very small **0.000000000 000000000 000000000 01** gram per cubic cm .

Or in other words, when the human eye is directed to a point, then before the human eye looks at that point, then at that point there is already *"... the face of Allah ... (Al Baqarah: 2: 115).*

Or it could also be said, *"...the face of Allah...(Al Baqarah: 2: 115)* is the particle of Allah and the energy of Allah.

This, Allah's secret about *"... the face of Allah ... (Al Baqarah: 2: 115),* which people throughout the world do not understand.

So, to understand the real Allah, humans must *"... think about themselves... (Ar Ruum: 30: 8)*

Because within human himself there is the form of Allah, in the form of Allah's energy *"... there is the face of Allah... (Al Baqarah: 2: 115),* the particle of Allah *"... the face of Allah...(Al Baqarah: 2: 2: 115)* and *"...my spirit...(Al Hjr : 15: 29)* or *"...Allah's spirit...(Al Hjr : 15: 29)* which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom.

So, if humans already understand Allah through Allah's form, which is in the human body, in the form of Allah's energy *"... there is the face of Allah... (Al Baqarah: 2: 115),* the particle of Allah *"... the face of Allah...(Al Baqarah: 2: 2: 115)* and *"...my spirit...(Al Hjr : 15: 29)* or *"...Allah's spirit...(Al Hjr : 15: 29)* which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom, then

humans have reached the level of *"...balanced...(Al Mulk: 67: 3)* between the human mind and Allah's mind.

## CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verse: *"... wherever you turn, there is the face of Allah... (Al Baqarah: 2: 115)"... I... have breathed into man My spirit...(Al Hijr : 15: 29) "...do not see in the creation of the Most Gracious God something that is not balanced...(Al Mulk : 67: 3)*

Here Allah declares *"... wherever you turn, there is the face of Allah... (Al Baqarah: 2: 115)*

So, now, the question is

How is it possible, *"...the face of Allah...(Al Baqarah: 2: 115)* is everywhere, while Allah is only one?

The answer is in the secret behind the verse: *"... a day that is fifty thousand years (Al Ma'aarij: 70: 4)*

Well, here, Allah has opened Allah's secret about the speed of light of Allah's particle. Where the speed of light of Allah's particles is **5 475 103 664 604.84** km per second. Whereas Allah's particles are very small, almost non-existent, **0.000000000 000000000 000000000 000000000 000000000 000000000 000000000 000 333 591 754 209 188 9** grams.

That is, the speed of light of Allah's particles exceeds the speed of the human eye. Before the human eye turns its gaze to a point, then at that point there is already a particle of Allah with the speed of light **5 475 103 664 604.84** km per second, with the help of Allah's energy, which is very small **0.000000000 000000000 000000000 01** gram per cubic cm .

Or in other words, when the human eye is directed to a point, then before the human eye looks at that point, then at that point there is already *"... the face of Allah ... (Al Baqarah: 2: 115).*

Or it could also be said, *"...the face of Allah...(Al Baqarah: 2: 115)* is the particle of Allah and the energy of Allah.

This, Allah's secret about *"... the face of Allah ... (Al Baqarah: 2: 115)*, which people throughout the world do not understand.

So, to understand the real Allah, humans must *"... think about themselves... (Ar Ruum: 30: 8)*

Because within human himself there is the form of Allah, in the form of Allah's energy *"... there is the face of Allah... (Al Baqarah: 2: 115)*, the particle of Allah *"... the face of Allah...(Al Baqarah: 2: 2: 115)* and *"...my spirit...(Al Hijr : 15: 29)* or *"...Allah's spirit...(Al Hijr : 15: 29)* which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom.

So, if humans already understand Allah through Allah's form, which is in the human body, in the form of Allah's energy *"... there is the face of Allah... (Al Baqarah: 2: 115)*, the particle of Allah *"... the face of Allah...(Al Baqarah: 2: 2: 115)* and *"...my spirit...(Al Hijr : 15: 29)* or *"...Allah's spirit...(Al Hijr : 15: 29)* which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom, then humans have reached the level of *"...balanced...(Al Mulk: 67: 3)* between the human mind and Allah's mind.
