## ABSTRACT

First, by begging forgiveness from Allah SWT, here the author tries to uncover the signs of Allah swt's greatness regarding is it true *"...Allah's spirit...(Al Hjr: 15: 29)* which comes out of the body of a dead human, can speak like when humans is still alive in the world, based on deoxyribonucleic acid (DNA)

In the Qur'an, several verses are found which are the key to unlocking the secret of is it true *"...Allah's spirit...(Al Hjr: 15: 29)* which comes out of the body of a dead human, can speak like when humans is still alive in the world, namely the verses:

*"So when I have perfected the body, and have breathed into him my spirit, then submit to him with prostration (Al Hjr: 15: 29)*

*"And the inhabitants of paradise will talk to the inhabitants of hell: "Indeed, we have actually received what our God promised us. So have you actually received what your God promised?" They said: "Yes." Then a caller announced between the two groups: "The curse of Allah is upon those who do wrong (Al A'raaf: 7: 44 )*

*"O my people, in fact I worry about you, about the torment, on calling day (Al Mu'min: 40: 32)*

*"Allah is the light of the skys and the earth....Light above light, Allah guides to His light whom He wills...(An Nuur: 24: 35)*

*"Read your book, enough yourself at this time as a reckoning against you (Al Israa ': 17: 14)*

In an effort to open the veil about Allah's secret about is it true *"...Allah's spirit...(Al Hjr: 15: 29)* which comes out of the body of a dead human, can speak like when humans is still alive in the world, the author based on deoxyribonucleic AC ID.

## HYPOTHESES

Here the author proposes a hypothesis is it true *"...Allah's spirit...(Al Hjr: 15: 29)* which comes out of the body of a dead human, can speak like when humans is still alive in the world, based on deoxyribonucleic acid.

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen

atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## IS IT TRUE ALLAH'S SPIRIT WHICH COMES OUT OF THE BODY OF A DEAD HUMAN, CAN SPEAK LIKE WHEN THE HUMAN IS STILL ALIVE IN THE WORLD

Well now, we are still continuing to focus our minds on uncovering the secret behind the verse: *"...the inhabitants of paradise will talk to the inhabitants of hell...(Al A'raaf: 7: 44)"...on calling day (Al Mu'min : 40: 32)"...I...breathed into him my spirit...(Al Hijr: 15: 29)"Allah is the light of the skys and the earth....light above light...(An Nur: 24: 35)*

Apparently, here Allah has opened a secret, how *"...Allah's spirit...(Al Hijr: 15: 29)* that comes out of the body of a deceased human being, who is in paradise and who is in hell,"*...on calling day (Al Mu'min : 40: 32)*

Now, the question arises,

How, in fact, *"...the inhabitants of paradise will talk to the inhabitants of hell...(Al A'raaf: 7: 44)?*

The answer is in the secret behind the verse *"...I...breathed into him my spirit...(Al Hijr: 15: 29)"Allah is the light of the skys and the earth....light above light...(An Nur: 24: 35)*

Well, *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms .

As for *"Allah....light above light...(An Nur: 24: 35)* is composed of various levels of frequency waves carried by photon particles, such as light from sunlight, which is a layer of light.

Well, this frequency wave is used by *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* who is in paradise, when speaking directly with *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* who is in hell.

So actually, because *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* which is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then when *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* speak directly to each other, using frequency waves .

This is the secret of Allah that is behind the verse: *"...the inhabitants of paradise will talk to the inhabitants of hell...(Al A'raaf: 7: 44)*

Now another question arises,

Is it true that *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* that comes out of the body of a deceased human can speak like when a human is it still alive in the world?

The answer is in the secret behind the verse: *"Read your book...(Al Israa' : 17: 14)*

Well, when *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* reads *"...the book...(Al Israa' : 17: 14)* which contains recordings of life from birth to death, using frequency waves, which are not the same as frequency waves, which are used by humans, when humans speak in the world.

So, if there are some people, who think and believe, *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* speaks using waves frequency, the same as frequency waves, used by humans, when humans speak in the world, then those thoughts and beliefs are wrong.

When humans speak, using frequency waves, it is measured in decibels (dB) (0 Db - 140 dB).

Whereas *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* speaks using a frequency wave below 0 dB, which cannot be heard by human ears.

So, if there are some people, who believe, *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* which is built from hydrogen atoms , carbon atoms, nitrogen atoms and oxygen atoms, speak using frequency waves, the same as frequency waves, (0 Db - 140 dB), used by humans, when humans speak in the world, then that belief is not true.

## CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"...the inhabitants of paradise will talk to the inhabitants of hell...(Al A'raaf: 7: 44)"...on calling day ( Al Mu'min : 40: 32)"...I...breathed into him my spirit...(Al Hija: 15: 29)"Allah is the light of the skys and the earth....light above light...(An Nur: 24: 35)*

Apparently, here Allah has opened a secret, how *"...Allah's spirit...(Al Hija: 15: 29)* that comes out of the body of a deceased human being, who is in paradise and who is in hell, *"...on calling day (Al Mu'min : 40: 32)*

Now, the question arises,

How, in fact, *"...the inhabitants of paradise will talk to the inhabitants of hell...(Al A'raaf: 7: 44)?*

The answer is in the secret behind the verse *"...I...breathed into him my spirit...(Al Hija: 15: 29)"Allah is the light of the skys and the earth....light above light...(An Nur: 24: 35)*

Well, *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms .

As for *"Allah....light above light...(An Nur: 24: 35)* is composed of various levels of frequency waves carried by photon particles, such as light from sunlight, which is a layer of light.

Well, this frequency wave is used by *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* who is in paradise, when speaking directly with *"...my spirit...(Al Hija: 15: 29)* or *"...Allah's spirit...(Al Hija: 15: 29)* who is in hell.

So actually, because "...my spirit...(Al Hija: 15: 29) or "...Allah's spirit...(Al Hija: 15: 29) which is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then when "...my spirit...(Al Hija: 15: 29) or "...Allah's spirit...(Al Hija: 15: 29) speak directly to each other, using frequency waves

This is the secret of Allah that is behind the verse: "...the inhabitants of paradise will talk to the inhabitants of hell...(Al A'raaf: 7: 44)

Now another question arises,

Is it true that "...my spirit...(Al Hija: 15: 29) or "...Allah's spirit...(Al Hija: 15: 29) that comes out of the body of a deceased human can speak like when a human is it still alive in the world?

The answer is in the secret behind the verse: "Read your book...(Al Israa' : 17: 14)

Well, when "...my spirit...(Al Hija: 15: 29) or "...Allah's spirit...(Al Hija: 15: 29) reads "...the book...(Al Israa' : 17: 14) which contains recordings of life from birth to death, using frequency waves, which are not the same as frequency waves, which are used by humans, when humans speak in the world.

So, if there are some people, who think and believe, "...my spirit...(Al Hija: 15: 29) or "...Allah's spirit...(Al Hija: 15: 29) speaks using waves frequency, the same as frequency waves, used by humans, when humans speak in the world, then those thoughts and beliefs are wrong.

When humans speak, using frequency waves, it is measured in decibels (dB) (0 Db - 140 dB).

Whereas "...my spirit...(Al Hija: 15: 29) or "...Allah's spirit...(Al Hija: 15: 29) speaks using a frequency wave below 0 dB, which cannot be heard by human ears.

So, if there are some people, who believe, "...my spirit...(Al Hija: 15: 29) or "...Allah's spirit...(Al Hija: 15: 29) which is built from hydrogen atoms , carbon atoms, nitrogen atoms and oxygen atoms, speak using frequency waves, the same as frequency waves, (0 Db - 140 dB), used by humans, when humans speak in the world, then that belief is not true.
