ABSTRACT

Before the author writes about is it true that most people believe dead humans live in grave for 4.6 billion years, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil covering the secret of is it true that most people believe dead humans live in grave for 4.6 billion years, based on deoxyribonucleic acid (DNA).

There are several verses that are tools to reveal Allah's secret about is it true that most people believe dead humans live in grave for 4.6 billion years, namely the following verses:

"So when I have perfected the body of Adam and breathed into Adam my spirit, then you should fall down and prostrate to him." (Shaad: 38: 72)

"Then He perfected Adam's body and breathed into Adam His spirit and He made for you hearing, sight and heart, you are very grateful. (As Sajdah: 32: 9)

"When the sun is rolled up (At Takwiir: 81: 1)

"and when the spirits are reunited (At Takwiir: 81: 7)

"And when the trumpet blew, they suddenly came out of their graves to their God. (Yaasiin: 36: 51)

"Read your book, just yourself at this time as your reckoner (Al Israa' : 17: 14)

"And everything they have done is recorded in notebooks (Al Qamar: 54: 52)

In an effort to uncover Allah's secret about is it true that most people believe dead humans live in grave for 4.6 billion years, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid.

HYPOTHESIS

Here the author proposes a hypothesis is it true that most people believe dead humans live in grave for 4.6 billion years,, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARKS

If we want to know quarks then we pay attention to one of the hydrogen atoms which is a building element of the human body, animals, plants and fruit as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Next, if this proton is split, we will find two up quarks and one down quark. Where these three quarks are combined with

a gluon.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules which are composed repeatedly of nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogen bases. The nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

IS IT TRUE THAT THE MOST PEOPLE BELIEVE DEAD HUMANS LIVE IN THE GRAVE FOR 4.6 BILLION YEARS

So now, we are still concentrating our minds on uncovering the secret contained behind the verse: *"When the sun is rolled up (At Takwiir: 81: 1)"...they suddenly came out of their graves to their God (Yaasiin: 36: 51)"...when the spirits are reunited (At Takwiir: 81: 7)*

Well, here Allah declares *"...they suddenly came out of their graves to their God. (Yaasiin: 36: 51)*
"When the sun is rolled up (At Takwiir: 81: 1)"...when the spirits are reunited (At Takwiir: 81: 7)

Apparently, there are still many people in the world, including the majority of Muslims, who believe that *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38: 72)* living in the grave with the bodies of people who have died in the grave, thousands of years.

So now, the question arises,

Why do most people still believe *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38: 72)* living in the grave with the bodies of people who have died in the grave, thousands of years?

The answer is hidden in the secret behind the verse: *"...when the spirits are reunited (At Takwiir: 81: 7)*

Well, apparently *"...when the spirits are reunited (At Takwiir: 81: 7)* is considered and believed by most humans in the world, including the majority of Muslims, that *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38: 72)* comes back to life after thousands of years with the body dead person.

Well, here, the meaning of *"...when the spirits are reunited (At Takwiir: 81: 7)* is considered and believed to be *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38: 72)* meet and reunite with the dead body.

In fact, what is called a body is a building of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms. Where the human body is built with 7 000000000 000000000 000000000 atoms.

So, in fact, what is called the human body is hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Or in other words *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) which "...came out of their graves to their God. (Yaasiin: 36: 51)*

Well, because *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) which "...came out of their graves to their God. (Yaasiin: 36: 51)*, then *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* does not stay long in the body of a dead person in the grave. After 30 days *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* came out of the body of a dead person who was buried in the soil.

So, the assumption and belief of most people in the world, including the majority of Muslims, is that *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* living in the grave with the bodies of people who have died in the grave, thousands of years is an assumption and belief that has no strong basis.

The Prophet Muhammad saw visited graves as a symbol of respect for the dead and prayed that Allah would accept and be pleased with Him. Even though *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* has come out of the grave, 30 days after the dead person was buried.

So, now, if there are some Muslims who come to graves and ask for help from dead people, then that act is an incorrect act, which has no strong basis.

Well, *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* is built with carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

However, *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* which is built with carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms, only a small portion, of the **7 000000000 000000000 000000000** atoms, are the building blocks of the human body.

Well, *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* which is built with a small portion of carbon atoms, hydrogen atoms, nitrogen atoms and oxygen, after 30 days out of a dead human body, was ordered by Allah, *"Read your book...(Al Israa': 17: 14)* which is *"...notebooks (Al Qamar: 54: 52)* a collection of all Human actions throughout their lives, whether felt or not felt, visible or invisible, are copied every 0.5 nano seconds, using Allah's particles and Allah's energy. Then the results of the copying are stored in the six skys which are invisible to the human eye.

So actually, if most people believe that humans who die, live in the grave for 4.6 billion years, until *"...the sun is rolled up (At Takwiir: 81: 1)*, when the hydrogen atoms that fuel the sun run out, is a belief which has no solid foundation.

CONCLUSION

The conclusions that can be drawn from the explanation above are the secret contained behind the verse: *"When the sun is rolled up (At Takwiir: 81: 1)"...they suddenly came out of their graves to their God (Yaasiin: 36: 51)"...when the spirits are reunited (At Takwiir: 81: 7)*

Well, here Allah declares *"...they suddenly came out of their graves to their God. (Yaasiin: 36: 51) "When the sun is rolled up (At Takwiir: 81: 1)"...when the spirits are reunited (At Takwiir: 81: 7)*

Apparently, there are still many people in the world, including the majority of Muslims, who believe that *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72)* living in the grave with the bodies of people who have died in the grave, thousands of years.

So now, the question arises,

Why do most people still believe "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) living in the grave with the bodies of people who have died in the grave, thousands of years?

The answer is hidden in the secret behind the verse: "...when the spirits are reunited (At Takwiir: 81: 7)

Well, apparently "...when the spirits are reunited (At Takwiir: 81: 7) is considered and believed by most humans in the world, including the majority of Muslims, that "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) comes back to life after thousands of years with the body dead person.

Well, here, the meaning of "...when the spirits are reunited (At Takwiir: 81: 7) is considered and believed to be "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) meet and reunite with the dead body.

In fact, what is called a body is a building of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms. Where the human body is built with 7 000000000 000000000 000000000 atoms.

So, in fact, what is called the human body is hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Or in other words "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) which "...came out of their graves to their God. (Yaasiin: 36: 51)

Well, because "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) which "...came out of their graves to their God. (Yaasiin: 36: 51), then "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) does not stay long in the body of a dead person in the grave. After 30 days "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) came out of the body of a dead person who was buried in the soil.

So, the assumption and belief of most people in the world, including the majority of Muslims, is that "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) living in the grave with the bodies of people who have died in the grave, thousands of years is an assumption and belief that has no strong basis.

The Prophet Muhammad saw visited graves as a symbol of respect for the dead and prayed that Allah would accept and be pleased with Him. Even though "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) has come out of the grave, 30 days after the dead person was buried.

So, now, if there are some Muslims who come to graves and ask for help from dead people, then that act is an incorrect act, which has no strong basis.

Well, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) is built with carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

However, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) which is built with carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms, only a small portion, of the 7 000000000

000000000 000000000 atoms, are the building blocks of the human body.

Well, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) which is built with a small portion of carbon atoms, hydrogen atoms, nitrogen atoms and oxygen, after 30 days out of a dead human body, was ordered by Allah, "**Read your book...(Al Israa': 17: 14)** which is "**...notebooks (Al Qamar: 54: 52)** a collection of all Human actions throughout their lives, whether felt or not felt, visible or invisible, are copied every 0.5 nano seconds, using Allah's particles and Allah's energy. Then the results of the copying are stored in the six skys which are invisible to the human eye.

So actually, if most people believe that humans who die, live in the grave for 4.6 billion years, until "**...the sun is rolled up (At Takwiir: 81: 1)**, when the hydrogen atoms that fuel the sun run out, is a belief which has no solid foundation.
