## ABSTRACT

Before the author writes about Islam and science are united, cannot be separated, speaking Islam is the same as speaking science, speaking science is the same as speaking Islam, can be proven empirically, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets about Islam and science are united, cannot be separated, speaking Islam is the same as speaking science, speaking science is the same as speaking Islam, can be proven empirically, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about Islam and science are united, cannot be separated, speaking Islam is the same as speaking science, speaking science is the same as speaking Islam, can be proven empirically, namely the following verses:

*"And why don't they think about themselves? Allah did not make the skys and the earth and what is between them but with haq (right) and time specified. And in fact most of the people really deny the meeting with their God (Ar Ruum: 30) :8)*

*"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

In an effort to uncover Allah's secret veil about Islam and science are united, cannot be separated, speaking Islam is the same as speaking science, speaking science is the same as speaking Islam, can be proven empirically, the author uses the basis of deoxyribonucleic acid.

## HYPOTHESIS

Here the author proposes the hypothesis that Islam and science are united, cannot be separated, speaking Islam is the same as speaking science, speaking science is the same as speaking Islam, can be proven empirically, based on Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

**ISLAM AND SCIENCE ARE UNITED, CANNOT BE SEPARATED, SPEAKING ISLAM IS THE SAME AS SPEAKING SCIENCE, SPEAKING SCIENCE IS THE SAME AS SPEAKING ISLAM, CAN BE PROVEN EMPIRICALLY**

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"...Allah did not make the skys and the earth and what is between them but with haq (right) and time specified...(Ar Ruum: 30: 8)*

Well, it turns out, here Allah or Jahve or Adonai has refuted the opinion of most people in the world, that Islam is not science, Islam cannot be included in science, and Islam cannot be proven empirically.

Now, with the declaration of Allah or Jahve or Adonai *"...Allah did not make the skys and the earth and what is between them but with haq (right) and time specified ...(Ar Ruum: 30: 8)*, explains, whatever is in the skys and the earth, can be proven empirically, because *"...the skys and the earth and what is between them...(Ar Ruum: 30: 8)* was created by Allah or Jahve or Adonai *"...with haq (right) and time specified...(Ar Ruum : 30: 8)*

So, in fact, based on the declaration of Allah or Jahve or Adonai, humans anywhere, anytime, can prove *"...the skys and the earth and what is between them...(Ar Ruum: 30: 8)*

Or in other words, Islam and science cannot be separated from each other.

Speaking Islam is the same as speaking science, speaking science is the same as speaking Islam

So, now if there are people in the world who argue that Allah or Jahve or Adonai cannot be proven scientifically and empirically, then that human's argument is an argument that has no strong reasons.

Allah or Jahve or Adonai can be proven empirically through Allah's form or Jahve's form or Adonai's form, in the form of Allah's energy or Jahve's energy or Adonai's energy, in the form of Allah's particle or Jahve's particle or Adonai's particle, in the form of Allah's spirit or Jahve's spirit or Adonai's spirit.

Or it could also be said, Islam is a religion of science, which can be proven empirically. Anything in Islam can be proven empirically.

This is Allah's secret or Jahve's secret or Adonai's secret, which is not understood by almost all people in the world.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"...Allah did not make the skys and the earth and what is between them but with haq (right) and time specified...(Ar Ruum: 30: 8)*

Well, it turns out, here Allah or Jahve or Adonai has refuted the opinion of most people in the world, that Islam is not science, Islam cannot be included in science, and Islam cannot be proven empirically.

Now, with the declaration of Allah or Jahve or Adonai *"...Allah did not make the skys and the earth and what is between them but with haq (right) and time specified ...(Ar Ruum: 30: 8)*, explains, whatever is in the skys and the earth, can be proven empirically, because *"...the skys and the earth and what is between them...(Ar Ruum: 30: 8)* was created by Allah or Jahve or Adonai *"...with haq (right) and time specified...(Ar Ruum : 30: 8)*

So, in fact, based on the declaration of Allah or Jahve or Adonai, humans anywhere, anytime, can prove *"...the skys and the earth and what is between them...(Ar Ruum: 30: 8)*

Or in other words, Islam and science cannot be separated from each other.

Speaking Islam is the same as speaking science, speaking science is the same as speaking Islam

So, now if there are people in the world who argue that Allah or Jahve or Adonai cannot be proven scientifically and empirically, then that human's argument is an argument that has no strong reasons.

Allah or Jahve or Adonai can be proven empirically through Allah's form or Jahve's form or Adonai's form, in the form of Allah's energy or Jahve's energy or Adonai's energy, in the form of Allah's particle or Jahve's particle or Adonai's particle, in the form of Allah's spirit or Jahve's spirit or Adonai's spirit.

Or it could also be said, Islam is a religion of science, which can be proven empirically. Anything in Islam can be proven empirically.

This is Allah's secret or Jahve's secret or Adonai's secret, which is not understood by almost all people in the world.
