ABSTRACT

Before the author wrote about Jesus with the body, flesh, blood and bones will never live anymore, except for Jesus with the body of Allah's spirit or the Holy spirit, which was built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, the author first asked Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret about Jesus with the body, flesh, blood and bones will never live anymore, except for Jesus with the body of Allah's spirit or the Holy spirit, which was built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, based on deoxyribonucleic acid (DNA)

There are several verses that reveal Allah's secret about Jesus with the body, flesh, blood and bones will never live anymore, except for Jesus with the body of Allah's spirit or the Holy spirit, which was built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, namely the verses :

"So when I have perfected the body of Adam and breathed into Adam my spirit, then you will fall down and prostrate to him (Shaad: 38: 72)

"So Maryam created a veil from them, then We sent Our spirit to Maryam, then Our spirit incarnated before Maryam, a perfect human (Maryam: 19: 17)

"And Maryam bint Imran who maintained her honour, then We breathed into Maryam's womb Our spirit, and she confirmed the words of her Rabb and His Books, and she was one of those who obey. (At Tahrir: 66: 12)

"We made the earth gather together, (Al Mursalaat: 77: 25) "the living and the dead (Al Mursalaat: 77: 26)

"On the day they came out of the grave quickly, as if they were going immediately, to the idols (Al Ma'aarij : 70: 43)

"...We bring out, with rain, various kinds of fruits. Like that, We raise the dead...(Al A'raaf: 7: 57)

"And indeed We have brought the Book to Moses, and We have followed him after that with apostles, and We have given proofs of the truth to Jesus, son of Mary, and We have strengthened Jesus, son of Mary, with Holy Spirit. Is there a messenger who comes to you? bring something that is not according to your wishes and then you boast, then you lie to some people and you kill some people? (Al Baqarah: 2: 87)

In an effort to open the veil of Allah's secret about Jesus with the body, flesh, blood and bones will never live anymore, except for Jesus with the body of Allah's spirit or the Holy spirit, which was built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, the author uses the basis of deoxyribonucleic acid .

HYPOTHESES

Here the author forward hypothesis Jesus with the body, flesh, blood and bones will never live anymore, except for Jesus with the body of Allah's spirit or the Holy spirit, which was built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, based on Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a storage place for genetic information that has a double structure forms a double helix and contains structured polynucleotide macromolecules repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5 carbon sugar and one of the nitrogen bases. Nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 nitrogen atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

JESUS WITH THE BODY, FLESH, BLOOD AND BONES WILL NEVER LIVE ANYMORE, EXCEPT FOR JESUS WITH THE BODY OF ALLAH'S SPIRIT OR THE HOLY SPIRIT, WHICH WAS BUILT WITH HYDROGEN ATOMS, CARBON ATOMS, NITROGEN ATOMS, OXYGEN ATOMS

So now, we still continue to focus our minds on it to reveal the secret hidden behind the verses: *"...I breathed into Adam my spirit...(Shaad : 38: 72)"We made the earth gather together, (Al Mursalaat: 77: 25) "the living and the dead (Al Mursalaat: 77: 26) "...they came out of the grave quickly...(Al Ma'aarij : 70: 43)*

Well, here Allah reveals the true secret about *"We made the earth gather together, (Al Mursalaat: 77: 25) "the living and the dead (Al Mursalaat: 77: 26).*

Well, when a human dies, the same goes for when Jesus dies, because on the cross, it will come out of the body of the dead human, also from the body of Jesus who died, because he was crucified, *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87).* Where *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87)* is built with carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

So, in fact, the earth is the place where humans are born, where humans live, and the place where humans die.

What happens to a human body that dies and is buried in the ground, and when Jesus died, Jesus' body was kept in a cave?

The answer is in the secret behind the verse: *"...We bring out, with rain, various kinds of fruits. Like that, We raise the dead...(Al A'raaf: 7: 57)*

Well, in reality, within a few minutes after a human dies, the body temperature drops according to the temperature of the surrounding environment. Where body temperature drops on average 1.5-2 degrees every hour.

The blood in the body begins to become cold, freezes, stops, and prevents the muscles from contracting. Every muscle in the body, from the eyelids to the large muscles, becomes inflexible and the joints remain in place, the entire body becomes stiff.

A few minutes after the heart stops, oxygen levels in the body begin to run low, cells self-destruct, caused by the body's enzymes.

Loss of all color is caused when blood cells begin to break away from the blood vessels, then gravity pulls them into smaller blood vessels and capillaries. As a result, the color changes in certain areas of the body.

The changing color of the body occurs gradually and in line with the destruction process in the body, green, blue, red, purple and finally black appear.

Putrefaction occurs when blood vessels and tissue are damaged. Gas and fluid build up and bubble, causing the body to become swollen in certain areas.

For example, the eyeballs are pushed out slightly or the tongue slowly comes out of the mouth. Then the swelling is most visible in the abdomen.

Billions of billions of bacteria play a role in the process of decomposing a dead body.

The entire body essentially becomes liquid, about a month after death, the organs and large vessels within it become solid.

When enough fluid has accumulated the body becomes cracked. This is a breeding ground for billions of billions of bacteria.

In this decay process carbon atoms and oxygen atoms form carbon dioxide.

Then this carbon dioxide is absorbed by plants and converted into oxygen and glucose through the process of photosynthesis with the help of sunlight, water and chloroplasts. Chloroplasts are found in the green parts of plants.

Where glucose is used as a food ingredient by plants, while oxygen is used as a food ingredient through the respiratory process by humans and animals.

In this process of decay, the dead human body turns into ammonia.

Next, this ammonia is converted into nitrite by nitrosoma bacteria. Then nitrite is converted into nitrate by nitrobacter bacteria.

Finally, nitrate through the denitrification process turns back into nitrogen and rises into the atmosphere.

Now the picture above is the secret of Allah *"...the earth gather together (Al Mursalaat: 77: 25) "the living and the dead (Al Mursalaat: 77: 26)"... they came out of the grave quickly...(Al Ma'aarij : 70: 43)*

"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87), which is built with carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms and which is the building material of the human body, when humans die and when Jesus died, carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms come out from the bodies of dead humans and from the body of Jesus who died.

Well, the image of *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87)* which is built with carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms which are the building materials of the dead human body and from the body of Jesus who died, came back out of this dead human body and from the body of the dead Jesus, whom Allah declared *"...We bring out, with rain, various kinds of fruits. Like that, We raise the dead...(Al A'raaf: 7: 57)*

So now, if Catholic followers, Protestant followers, orthodox Christian followers, believe that Jesus will live again on earth with a body built with blood, flesh and bones, then that belief is a very wrong belief.

Why are Catholic followers, Protestant followers, orthodox Christian followers, who believe that Jesus will live again on earth with a body built with blood, flesh and bones, that belief is a completely wrong belief?

Because, *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87)* which is built with carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms which are the building blocks of Jesus' body, has come out of Jesus' body when Jesus was on the cross and died.

Or in other words, Jesus is alive now, with a body built with *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87)*

Well, Jesus is alive now, with a body built with *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87)* are not understood by Catholic followers, Protestant followers, orthodox Christian followers.

So, in fact, if Catholic followers, Protestant followers, orthodox Christian followers, believe that Jesus will live again on earth with a body built with blood, flesh and bones, then that belief is a very wrong belief.

CONCLUSION

Based on the description above we can conclude that the secret hidden behind the verses: *"...I breathed into Adam my spirit...(Shaad : 38: 72)"We made the earth gather together, (Al Mursalaat: 77: 25) "the living and the dead (Al Mursalaat: 77: 26) "...they came out of the grave quickly...(Al Ma'aarij : 70: 43)*

Well, here Allah reveals the true secret about *"We made the earth gather together, (Al Mursalaat: 77: 25) "the living and the dead (Al Mursalaat: 77: 26).*

Well, when a human dies, the same goes for when Jesus dies, because on the cross, it will come out of the body of the dead human, also from the body of Jesus who died, because he was crucified, *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87).* Where *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad*

: 38: 72) or "...*Our spirit...*(*At Tahrim* : 66: 12) or "...*Holy Spirit...*(*Al Baqarah*: 2 : 87) is built with carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

So, in fact, the earth is the place where humans are born, where humans live, and the place where humans die.

What happens to a human body that dies and is buried in the ground, and when Jesus died, Jesus' body was kept in a cave?

The answer is in the secret behind the verse: "...*We bring out, with rain, various kinds of fruits. Like that, We raise the dead...*(*Al A'raaf*: 7: 57)

Well, in reality, within a few minutes after a human dies, the body temperature drops according to the temperature of the surrounding environment. Where body temperature drops on average 1.5-2 degrees every hour.

The blood in the body begins to become cold, freezes, stops, and prevents the muscles from contracting. Every muscle in the body, from the eyelids to the large muscles, becomes inflexible and the joints remain in place, the entire body becomes stiff.

A few minutes after the heart stops, oxygen levels in the body begin to run low, cells self-destruct, caused by the body's enzymes.

Loss of all color is caused when blood cells begin to break away from the blood vessels, then gravity pulls them into smaller blood vessels and capillaries. As a result, the color changes in certain areas of the body.

The changing color of the body occurs gradually and in line with the destruction process in the body, green, blue, red, purple and finally black appear.

Putrefaction occurs when blood vessels and tissue are damaged. Gas and fluid build up and bubble, causing the body to become swollen in certain areas.

For example, the eyeballs are pushed out slightly or the tongue slowly comes out of the mouth. Then the swelling is most visible in the abdomen.

Billions of billions of bacteria play a role in the process of decomposing a dead body.

The entire body essentially becomes liquid, about a month after death, the organs and large vessels within it become solid.

When enough fluid has accumulated the body becomes cracked. This is a breeding ground for billions of billions of bacteria.

In this decay process carbon atoms and oxygen atoms form carbon dioxide.

Then this carbon dioxide is absorbed by plants and converted into oxygen and glucose through the process of photosynthesis with the help of sunlight, water and chloroplasts. Chloroplasts are found in the green parts of plants.

Where glucose is used as a food ingredient by plants, while oxygen is used as a food ingredient through the respiratory process by humans and animals.

In this process of decay, the dead human body turns into ammonia.

Next, this ammonia is converted into nitrite by nitrosoma bacteria. Then nitrite is converted into nitrate by nitrobacter bacteria.

Finally, nitrate through the denitrification process turns back into nitrogen and rises into the atmosphere.

Now the picture above is the secret of Allah *"...the earth gather together (Al Mursalaat: 77: 25) 'the living and the dead (Al Mursalaat: 77: 26)'... they came out of the grave quickly...(Al Ma'aarij : 70: 43)*

"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87), which is built with carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms and which is the building material of the human body, when humans die and when Jesus died, carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms come out from the bodies of dead humans and from the body of Jesus who died.

Well, the image of *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir : 66: 12) or "...Holy Spirit...(Al Baqarah: 2 : 87)* which is built with carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms which are the building materials of the dead human body and from the body of Jesus who died, came back out of this dead human body and from the body of the dead Jesus, whom Allah declared *"...We bring out, with rain, various kinds of fruits. Like that, We raise the dead...(Al A'raaf: 7: 57)*

So now, if Catholic followers, Protestant followers, orthodox Christian followers, believe that Jesus will live again on earth with a body built with blood, flesh and bones, then that belief is a very wrong belief.

Why are Catholic followers, Protestant followers, orthodox Christian followers, who believe that Jesus will live again on earth with a body built with blood, flesh and bones, that belief is a completely wrong belief?
