**ABSTRACT**

Before the author writes down the problem that most humans in the world do not believe in, there is Allah's spirit or Jahve's spirit in every human body and in every animal body, the author first begs forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets about most humans in the world do not believe in, there is Allah's spirit or Jahve's spirit in every human body and in every animal body, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secret about most humans in the world do not believe in, there is Allah's spirit or Jahve's spirit in every human body and in every animal body, namely the following verses:

*"Allah holds the soul when it dies and the soul that has not died in its sleep; then He holds the soul for which He has ordained death and He releases another soul until the appointed time. Verily in that there are signs of Allah's power for people who think .(Az Zumar : 39: 42)*

*"Allah...the light of the skys and the earth...a light upon a light...(An Nuur : 24: 35)*

*"And indeed We have created man from an extract from the ground. (Al Mu'minuun: 23: 12)*

*"Then when I have perfected what happened and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected what happened, and have breathed into him My spirit, then submit to him with prostration (Al Hjr: 15: 29)*

*"Then He perfected and breathed His spirit into the human body and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the request of a person who prays when he asks Me, then let them fulfill it and let them believe in Me, so that they are always in truth (Al Baqarah: 2: 186)*

*"And it is not possible for any human being that Allah spoke with him except by means of revelation or behind a veil or by sending a messenger and then revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)*

*"He arranges affairs from skys to earth, then it rises to Him in one day, the amount of which is a thousand years according to your calculations (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day which is fifty thousand years (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not*

*balanced? (Al Mulk: 67: 3)*

*"And why don't they think about themselves? Allah did not make the heavens and the earth and what is between them but with a certain truth and time. And in fact most of mankind really deny meeting their Lord. (Ar Ruum: 30) :8)*

*"Allah who created the skys and the earth and what is between them in six days, then He resides on the 'Throne. There is no one for you other than Him who is a helper and not a giver of intercession. So do you not pay attention? (As Sajdah : 32: 4)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)*

*"And they ask you about the spirit. Say: "The spirit is a matter of my Lord, and you are not given knowledge but a little." (Al Israa ': 17: 85)*

*"He is the First and the Last, the Zhahir and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57: 3)*

*"and Maryam bint Imran who keeps her honor, so We blow into her womb some of Our spirit, and she confirms the words of her Lord and His Books, and she is one of those who obey. (At Tahrir: 66: 12)*

*"then Maryam made a veil from them; then We sent Our spirit to Maryam, so Our spirit incarnated before Maryam a perfect human (Maryam: 19: 17)*

*"Indeed, for example, Isa in the sight of Allah, is like Adam. Allah created Adam from the ground, then Allah said to him: "Be", then he was. (Ali 'Imran: 3: 59)*

*"And verily We brought the Book to Moses, and We followed him afterward with the apostles, and We gave proofs of the truth to Jesus the son of Maryam and We strengthened him with the Holy Spirit. Does every messenger bring something to you that not according to your wishes and then you are arrogant; then some people you lie and some people you kill? (Al Baqarah: 2: 87)*

*"And We made a wall in front of them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36: 9)*

In an effort to open the veil of Allah's secret about most humans in the world do not believe in, there is Allah's spirit or Jahve's spirit in every human body and in every animal body, the author uses deoxyribonucleic acid as a basis.

## **HYPOTHESIS**

Here the author proposes a hypothesis that most humans in the world do not believe in, there is Allah's spirit or Jahve's spirit in every human body and in every animal body, because they consider Allah's spirit or Jahve's spirit to be the human mind and memory, based on Deoxyribonucleic acid (DNA).

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## **QUARK**

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the

building block of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## **DEOXYRIBONUCLEATED ACID (DNA)**

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## **MOST HUMANS IN THE WORLD, DO NOT BELIEVE IN, THERE IS ALLAH'S SPIRIT OR JAHVE'S SPIRIT IN EVERY HUMAN BODY AND IN EVERY ANIMAL BODY**

Now, we are still concentrating on unraveling the secrets contained behind the verses: *"Allah holds the soul...that is not yet dead in its sleep...and...releases the soul...until the appointed time... (Az Zumar : 39: 42) "...He...breathes into the human body His spirit...(As Sajdah : 32: 9)*

It turns out, here Allah has denied what is in the minds of most people in the world, who think that humans live because of bones, flesh, blood, organs, brains, nerve networks that control the brain and organs of the body, thoughts, memories, drive or desire, it still works.

Where Allah's rebuttal is *"Allah holds the soul...that is not yet dead in its sleep...and...releases the soul...until the appointed time... (Az Zumar : 39: 42)*

Well, it turns out, according to Allah's declaration, human beings are not only made up of bones, flesh, blood, organs, brain, nervous tissue that controls the brain and organs of the body, thoughts, memories, drive or desire, but also *"...soul...(Az Zumar : 39: 42) or "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir: 66: 12) or "...Ruhul Qudus....(Al Baqarah: 2: 87) or the holy spirit or Jahve's spirit.*

So, in fact, the human being is a unified body structure consisting of bones, flesh, blood, organs, brain, nervous tissue that controls the brain and organs of the body, thoughts, memories, drive or desire, *"...soul...(Az Zumar : 39: 42) or "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or "...Our spirit...(At Tahrir: 66: 12) or "...Ruhul Qudus....(Al Baqarah: 2: 87) or the holy spirit or Jahve's spirit.*

Well, the secret of Allah or Jahve is something most people in the world don't understand.

In fact, if most people in the world understand that humans are actually built with **7 000000000 000000000 000000000** atoms, in which among the atoms there are hydrogen atoms, carbon atoms,

nitrogen atoms and oxygen atoms.

So, in fact, what is in the human body which consists of bones, flesh, blood, organs, brain, nervous tissue that controls the brain and organs, thoughts, memories, drive or desire, " *...soul...(Az Zumar : 39: 42)* or " *...my spirit...(Shaad : 38: 72)* or " *...Allah's spirit...(Shaad : 38: 72)* or " *...Our spirit...(At Tahrir: 66: 12)* or " *...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit are hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms and other atoms.

Now, if the majority of people in the world think that in the human body there is no " *...soul...(Az Zumar : 39: 42)* or " *...my spirit...(Shaad : 38: 72)* or " *...Allah's spirit...(Shaad : 38: 72)* or " *...Our spirit...(At Tahrir: 66: 12)* or " *...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit, which exists only in thoughts, memories, drive or desire, if a human dies, it means that the functions of all the organs of the body are no longer working, then the human life ends in this world.

Well, here, the big mistake that is in the minds of most people in the world.

So, according to most people in the world, what is called " *...soul...(Az Zumar : 39: 42)* or " *...my spirit...(Shaad : 38: 72)* or " *...Allah's spirit...(Shaad : 38: 72)* or " *...Our spirit...(At Tahrir: 66: 12)* or " *...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit are the thoughts, memories, drive or desire of humans only.

When a human dies, according to most people in the world, then the human mind, memory, drive or desire is lost, because the bones, flesh, blood, organs, brain, nervous system that controls the brain, organs, thoughts, memories , urge or desire, no longer works.

Whereas, in fact, when Allah or Jahve " *...breathes into the human body the spirit of Allah...(As Sajdah : 32: 9)* is in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms that make up the human body. Where these atoms partially form a nervous network starting from the brain and continuing throughout the body.

Now, when a human dies, the atoms that make up the nervous system and all the organs, bones, blood and flesh, come back out of the dead human body. As for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms that make up " *...soul...(Az Zumar : 39: 42)* or " *...my spirit...(Shaad : 38: 72)* or " *...Allah's spirit...(Shaad : 38: 72)* or " *...Our spirit...(At Tahrir: 66: 12)* or " *...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit that comes out of a dead human body, continues to live, in the form of an arrangement of atoms, which builds the nervous system, just like when it was still in a living human body.

Well, condition, life " *...soul...(Az Zumar : 39: 42)* or " *...my spirit...(Shaad : 38: 72)* or " *...Allah's spirit...(Shaad : 38: 72)* or " *...Our spirit...(At Tahrir: 66: 12)* or " *...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit that comes out of this dead human body, is still not understood by most of the people in the world.

Now, the question arises,

Why " *...soul...(Az Zumar : 39: 42)* or " *...my spirit...(Shaad : 38: 72)* or " *...Allah's spirit...(Shaad : 38: 72)* or " *...Our spirit...(At Tahrir: 66: 12)* or " *...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit that comes out of the body people who die, still live?

Well the answer is, because hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms make up " *...soul...(Az Zumar : 39: 42)* or " *...my spirit...(Shaad : 38: 72)* or " *...Allah's spirit...(Shaad : 38: 72)* or " *...Our spirit...(At Tahrir: 66: 12)* or " *...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or

Jahve's spirit, will live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years

Well, because" *...soul...(Az Zumar : 39: 42)* or *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or *"...Our spirit...(At Tahrir: 66: 12)* or *"...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit, will live billion billion billion billion years, then for *"...spirits...(Al Israa' : 17: 85)* will be placed in paradise or hell, depending on human actions in the world, when *"...spirits...(Al Israa' : 17: 85)* is in the human body.

So, actually, *"...soul...(Az Zumar : 39: 42)* or *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or *"...Our spirit...(At Tahrir: 66: 12)* or *"...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit is the survival of humans and animals in the afterlife.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"Allah holds the soul...that is not yet dead in its sleep...and...releases the soul...until the appointed time...(Az Zumar : 39: 42)* *"...He...breathes into the human body His spirit...(As Sajdah : 32: 9)*

It turns out, here Allah has denied what is in the minds of most people in the world, who think that humans live because of bones, flesh, blood, organs, brains, nerve networks that control the brain and organs of the body, thoughts, memories, drive or desire, it still works.

Where Allah's rebuttal is *"Allah holds the soul...that is not yet dead in its sleep...and...releases the soul...until the appointed time... (Az Zumar : 39: 42)*

Well, it turns out, according to Allah's declaration, human beings are not only made up of bones, flesh, blood, organs, brain, nervous tissue that controls the brain and organs of the body, thoughts, memories, drive or desire, but also *"...soul...(Az Zumar : 39: 42)* or *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or *"...Our spirit...(At Tahrir: 66: 12)* or *"...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit.

So, in fact, the human being is a unified body structure consisting of bones, flesh, blood, organs, brain, nervous tissue that controls the brain and organs of the body, thoughts, memories, drive or desire, *"...soul...(Az Zumar : 39: 42)* or *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or *"...Our spirit...(At Tahrir: 66: 12)* or *"...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit.

Well, the secret of Allah or Jahve is something most people in the world don't understand.

In fact, if most people in the world understand that humans are actually built with 7 000000000 000000000 000000000 atoms, in which among the atoms there are hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, in fact, what is in the human body which consists of bones, flesh, blood, organs, brain, nervous tissue that controls the brain and organs, thoughts, memories, drive or desire, *"...soul...(Az Zumar : 39: 42)* or *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or *"...Our spirit...(At Tahrir: 66: 12)* or *"...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit are hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms and other atoms.

Now, if the majority of people in the world think that in the human body there is no *"...soul...(Az Zumar : 39: 42)* or *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or *"...Our spirit...(At Tahrir: 66: 12)* or *"...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit, which

exists only in thoughts, memories, drive or desire, if a human dies, it means that the functions of all the organs of the body are no longer working, then the human life ends in this world.

Well, here, the big mistake that is in the minds of most people in the world.

So, according to most people in the world, what is called "*...soul...(Az Zumar : 39: 42)* or "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or "*...Our spirit...(At Tahrir: 66: 12)* or "*...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit are the thoughts, memories, drive or desire of humans only.

When a human dies, according to most people in the world, then the human mind, memory, drive or desire is lost, because the bones, flesh, blood, organs, brain, nervous system that controls the brain, organs, thoughts, memories , urge or desire, no longer works.

Whereas, in fact, when Allah or Jahve "*...breathes into the human body the spirit of Allah...(As Sajdah : 32: 9)* is in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms that make up the human body. Where these atoms partially form a nervous network starting from the brain and continuing throughout the body.

Now, when a human dies, the atoms that make up the nervous system and all the organs, bones, blood and flesh, come back out of the dead human body. As for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms that make up "*...soul...(Az Zumar : 39: 42)* or "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or "*...Our spirit...(At Tahrir: 66: 12)* or "*...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit that comes out of a dead human body, continues to live, in the form of an arrangement of atoms, which builds the nervous system, just like when it was still in a living human body.

Well, condition, life "*...soul...(Az Zumar : 39: 42)* or "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or "*...Our spirit...(At Tahrir: 66: 12)* or "*...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit that comes out of this dead human body, is still not understood by most of the people in the world.

Now, the question arises,

Why "*...soul...(Az Zumar : 39: 42)* or "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or "*...Our spirit...(At Tahrir: 66: 12)* or "*...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit that comes out of the body people who die, still live?

Well the answer is, because hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms make up "*...soul...(Az Zumar : 39: 42)* or "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or "*...Our spirit...(At Tahrir: 66: 12)* or "*...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit, will live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years

Well, because "*...soul...(Az Zumar : 39: 42)* or "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or "*...Our spirit...(At Tahrir: 66: 12)* or "*...Ruhul Qudus....(Al Baqarah: 2: 87)* or the holy spirit or Jahve's spirit, will live billion billion billion billion years, then for "*...spirits...(Al Israa' : 17: 85)* will be placed in paradise or hell, depending on human actions in the world, when "*...spirits...(Al Israa' : 17: 85)* is in the human body.

So, actually, "*...soul...(Az Zumar : 39: 42)* or "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or "*...Our spirit...(At Tahrir: 66: 12)* or "*...Ruhul Qudus....(Al Baqarah: 2: 87)* or the

holy spirit or Jahve's spirit is the survival of humans and animals in the afterlife.
