## ABSTRACT

Before the author writes about most Muslims believe devil and satan do not have a body, even though devil and satan have body, like humans, the author first begs forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret that most Muslims believe devil and satan do not have a body, even though devil and satan have body, like humans, based on deoxyribonucleic acid (DNA).

There are several verses that are Allah's secrets about most Muslims believe devil and satan do not have a body, even though devil and satan have body, like humans, namely the verses:

*"Devil said: "I am better than Adam, because You created me from fire, while Adam You created from soil (Shaad: 38: 76)*

*"And hash out whom satans are capable of among them by satan's invitation, and deploy against them satan's cavalry and satan's troops that walk and associate with them in wealth and children and give them promises. And nothing is promised by Satan to them but mere deception (Al Israa ': 17: 64)*

*"And when We said to the angels: "You bow down to Adam, then they prostrate except devil. He is from the class of jinn, so he disobeyed the command of his God. Should you take him and his descendants as leaders besides Me, while they are your enemies? It is very bad for devil to be a substitute for the wrongdoers. (Al-Kahfi : 18: 50)*

*"Say: "I take refuge in the God of mankind (An-Naas: 114: 1)*

*"From the evil of devil who used to hide (An-Naas: 114: 4)*

*" that whispers into the human breast (An-Naas: 114: 5 )*

*"So when I have perfected the body and I have breathed on Adam my spirit, then would you fall down in prostration to him." (Shaad: 38: 72)*

*"And We have subdued a group of satans who dive for Solomon and do work other than that, and it is We take care of them (Al Anbiyaa': 21: 82)*

In an effort to open the veil of Allah's secret cover regarding most Muslims believe devil and satan do not have a body, even though devil and satan have body, like humans, the author uses the molecular structure of nucleic acids.

## HYPOTHESES

Here the author proposes a hypothesis that most Muslims believe devil and satan do not have a body, even though devil and satan have body, like humans, based on Deoxyribonucleic acid (DNA).

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure form a double helix and which contain polynucleotide macromolecules arranged together repeatedly from the nucleotide polymer. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. Nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## MOST MUSLIMS BELIEVE DEVIL AND SATAN DO NOT HAVE A BODY, EVEN THOUGH DEVIL AND SATAN HAVE BODY, LIKE HUMANS

Well, now we are still focusing our minds on uncovering the secrets hidden behind the verse: *"Devil said: 'I am better than Adam, because You created me from fire, while Adam You created from soil (Shaad: 38: 76)'...devil is from the class of jinn...you should take him and his descendants as leaders besides Me...(Al Kahf: 18: 50) '...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82) '...deploy...satan's cavalry and satan's troops that walk...(Al Israa ' : 17: 64)*

Here, Allah declares: *"Devil said: '...You created me from fire...(Shaad: 38: 76)'...devil is from the class of jinn...(Al Kahf: 18: 50) '...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82) '...deploy ...your cavalry and your troops that walk...(Al Israa ' : 17: 64)*

Apparently, here Allah has opened the secret about *"devil... (Shaad: 38: 76)* and *"...satan...(Al Anbiyaa': 21: 82)*

Based on Allah's declaration, *"Devil...was created...from fire...(Shaad: 38: 76) "...devil...is from the jinn group...(Al Kahf: 18: 50)". ...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82)*

Now, *"Devil...was created...from fire...(Shaad: 38: 76)*

Well, actually in the *"...fire...(Shaad: 38: 76)* there are oxygen atoms.

So, actually the body *"...devil...and his derivatives...(Al Kahf: 18: 50)* is built with oxygen atoms.

As for *"...jinn...(Al Kahf: 18: 50)* is a kind of human *"...created from soil (Shaad: 38: 76)* where *"...soil (Shaad: 38: 76)* contains atoms hydrogen, carbon atoms, nitrogen atoms and oxygen atoms.

So, empirically, *"devil...(Shaad: 38: 76)* whose body is built with oxygen atoms is a kind of *"...jinn...(Al Kahf: 18: 50)*, where *"...jinn... (Al Kahf: 18: 50)* is a kind of human who *"...created from soil (Shaad: 38: 76)* where *"...soil (Shaad: 38: 76)* contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom.

Well, in the body of *"devil...(Shaad: 38: 76)* there are oxygen atoms, as well as in the body of *"...jinn...(Al Kahf: 18: 50)* and the human body, contain oxygen atoms.

When the oxygen atoms that come out of the body of *"devil...(Shaad: 38: 76)* are inhaled by humans, and enter into the human lungs, this is what Allah declared *"Say: 'I take refuge in the God of*

*mankind (An-Naas: 114: 1)"From the evil of devil who used to hide (An-Naas: 114: 4)" that whispers into the human breast (An-Naas: 114: 5 )*

Now, *"...satan...(Al Anbiyaa' : 21: 82)*, where *"...satan...(Al Anbiyaa' : 21: 82)* is a kind of human, *"...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82) "...deploy...satan's cavalry and satan's troops that walk...(Al Israa ' : 17: 64)*

So, if the majority of Muslims believe that *"devil...(Shaad: 38: 76)* and *"...satan...(Al Anbiyaa' : 21: 82)* don't have a body, then that belief is not true.

Well, what Muslims don't see is the oxygen atom that is released by *"devil...(Shaad: 38: 76)* and *"...satan...(Al Anbiyaa' : 21: 82)* when *"devil...(Shaad: 38: 76)* and *"...satan...(Al Anbiyaa' : 21: 82)* exhales, in the form of carbon dioxide, a combination of carbon atoms and oxygen atoms.

Well, this is Allah's secret that most Muslims in the world still don't understand.

## CONCLUSION

Based on the description above we can conclude that the secrets hidden behind the verse: *"Devil said: "I am better than Adam, because You created me from fire, while Adam You created from soil (Shaad: 38: 76)"...devil is from the class of jinn...you should take him and his descendants as leaders besides Me...(Al Kahf: 18: 50) "...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82) "...deploy...satan's cavalry and satan's troops that walk...(Al Israa ' : 17: 64)*

Here, Allah declares: *"Devil said: "...You created me from fire...(Shaad: 38: 76)"...devil is from the class of jinn...(Al Kahf: 18: 50) "...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82) "...deploy ...your cavalry and your troops that walk...(Al Israa ' : 17: 64)*

Apparently, here Allah has opened the secret about *"devil... (Shaad: 38: 76)* and *"...satan...(Al Anbiyaa': 21: 82)*

Based on Allah's declaration, *"Devil...was created...from fire...(Shaad: 38: 76) "...devil...is from the jinn group...(Al Kahf: 18: 50)". ...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82)*

Now, *"Devil...was created...from fire...(Shaad: 38: 76)*

Well, actually in the *"...fire...(Shaad: 38: 76)* there are oxygen atoms.

So, actually the body *"...devil...and his derivatives...(Al Kahf: 18: 50)* is built with oxygen atoms.

As for *"...jinn...(Al Kahf: 18: 50)* is a kind of human *"...created from soil (Shaad: 38: 76)* where *"...soil (Shaad: 38: 76)* contains atoms hydrogen, carbon atoms, nitrogen atoms and oxygen atoms.

So, empirically, *"devil...(Shaad: 38: 76)* whose body is built with oxygen atoms is a kind of *"...jinn...(Al Kahf: 18: 50)*, where *"...jinn...(Al Kahf: 18: 50)* is a kind of human who *"...created from soil (Shaad: 38: 76)* where *"...soil (Shaad: 38: 76)* contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom.

Well, in the body of *"devil...(Shaad: 38: 76)* there are oxygen atoms, as well as in the body of *"...jinn...(Al Kahf: 18: 50)* and the human body, contain oxygen atoms.

When the oxygen atoms that come out of the body of *"devil...(Shaad: 38: 76)* are inhaled by humans, and enter into the human lungs, this is what Allah declared *"Say: "I take refuge in the God of*

*mankind (An-Naas: 114: 1)"From the evil of devil who used to hide (An-Naas: 114: 4)" that whispers into the human breast (An-Naas: 114: 5 )*

Now, "...satan...(Al Anbiyaa' : 21: 82), where "...satan...(Al Anbiyaa' : 21: 82) is a kind of human, "...a group of satans who dive for Solomon...(Al Anbiyaa' : 21: 82) "...deploy...satan's cavalry and satan's troops that walk...(Al Israa' : 17: 64)

So, if the majority of Muslims believe that "devil...(Shaad: 38: 76) and "...satan...(Al Anbiyaa' : 21: 82) don't have a body, then that belief is not true.

Well, what Muslims don't see is the oxygen atom that is released by "devil...(Shaad: 38: 76) and "...satan...(Al Anbiyaa' : 21: 82) when "devil...(Shaad: 38: 76) and "...satan...(Al Anbiyaa' : 21: 82) exhales, in the form of carbon dioxide, a combination of carbon atoms and oxygen atoms.

Well, this is Allah's secret that most Muslims in the world still don't understand.
