ABSTRACT

Before the author writes about the problem, most people in the world believe that the Quran is a holy book as a guide to life and a source of law, but also that the Quran is a book of science which can be scientifically proven, so the author first begs forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets about most people in the world believe that the Quran is a holy book as a guide to life and a source of law, but also that the Quran is a book of science which can be scientifically proven, based on deoxyribonucleic acid (DNA).

There are several verses that open Allah's secrets about the fact that most people in the world believe that the Quran is a holy book as a guide to life and a source of law, but also that the Quran is a book of science which can be scientifically proven, namely the following verses:

"Allah...the light of the skys and the earth...a light upon a light...(An Nuur : 24: 35)

"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "O our Lord, you did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran : 3: 191)

"And indeed We have created man from an extract from the ground. (Al Mu'minuun: 23: 12)

"Then when I have perfected what happened and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected what happened, and have breathed into him My spirit, then submit to him by prostrating (Al Hjr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We had made the apostle an angel, We would have made him a male and, surely We would have doubted about them what they doubted about themselves (Al An'aam: 6: 9)

"And it is not possible for any human being that Allah spoke with him except by means of revelation or behind a veil or by sending a messenger and then revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the request of a person who prays when he asks Me, then let them fulfill it and let them believe in Me, so that they are always in truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Zhahir and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57: 3)

"He arranges affairs from heaven to earth, then it rises to Him in one day, the amount of which is a thousand years according to your calculations (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day which is fifty thousand years (Al Ma'aarij: 70:4)

"Who has created the seven heavens in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

"descend angels and spirits with the permission of their Lord to arrange all interests (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit is a matter of my Lord, and you are not given knowledge but a little." (Al Israa ': 17: 85)

"And if We truly wish, We will make instead of you angels from generation to generation on earth. (Az Zukhruf: 43: 60)

"God created the skys and the earth with rights. Indeed, in that there are signs of God's power for the believers (Al 'Ankabuut: 29: 44)

"God is the Creator of the skys and the earth, and when He wills something, He only says to it: "Be!" Then it becomes. (Al Baqarah: 2: 117)

"And We did not create the skys and the earth and everything between them playing games (Al Anbiyaa ': 21: 16)

"He is Allah, who made everything on earth for you and He willed the skys, then made seven skys. And He is All-Knower of all things (Al Baqarah: 2: 29)

"So He made seven skys in two periods. He revealed to each sky its interests. And We decorated the skys that were near with brilliant stars and We took care of them in the best way. Such is the provision of the Almighty, All-Knowing. (Fushshilat) :41:12)

"And when Moses came at the time We had appointed and the Lord had spoken to him, Moses said, "O my Lord, show me so that I can see You." The Lord said: "You cannot see Me at all, but look at the mountain, then if he stays where he is you will surely be able to see Me." When his Lord appeared to the mountain, he made it crumble and Musa fell unconscious. So when Musa regained consciousness, he said: "Glory be to God You, I repent to You and I am the first person to believe." (Al A'raaf: 7: 143)

"And why don't they think about themselves? Allah did not make the skys and the earth and what is between them except in the right way and at a certain time. And in fact most of mankind really deny meeting their Lord. (Ar Ruum: 30:8)

"It is not possible for this Al-Quran to be made by other than Allah; however, confirming the previous books and explaining the laws that have been established, there is no doubt in it, from the Lord of the worlds (Yunus: 10: 37)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36: 9)

In an effort to open the veil of Allah's secret about most people in the world believe that the Koran is a holy book as a guide to life and a source of law, but also that the Quran is a book of science which can be scientifically proven, the author uses the basis of deoxyribonucleic acid.

HYPOTHESIS

Here the author proposes a hypothesis most people in the world believe that the Quran is a holy book as a guide to life and a source of law, but also that the Quran is a book of science which can be scientifically proven, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20 % atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

MOST OF HUMANS IN THE WORLD BELIEVE THE QURAN IS THE HOLY BOOK AS A GUIDE TO LIFE AND A SOURCE OF LAW, BUT ALSO THE QURAN IS A BOOK OF SCIENCE WHICH CAN BE SCIENTIFICALLY PROVEN

Now, we are still concentrating on dismantling the secrets contained behind the verses: "*Allah created the skys and the earth with rights...(Al 'Ankabuut: 29: 44)*" *...He reveals to each skys its interests ...(Fushshilat : 41: 12)*

Apparently, here Allah has declared "*God created the skys and the earth with rights...(Al 'Ankabuut: 29: 44)*" *...revealed to each sky its interests...(Fushshilat: 41: 12)*

Well, with the declaration "*God created the skys and the earth with rights...(Al 'Ankabuut: 29: 44)*" proves that whatever is in "*...the seven skys...(Al Mulk: 67: 3)*" is "*...rights...(Al 'Ankabuut : 29: 44)*

That is, whatever is in "*...the seven skys...(Al Mulk : 67: 3)* is "*...rights...(Al 'Ankabuut : 29: 44)* scientifically proven through experiments.

Or in other words, whatever is in "*...seven skys...(Al Mulk: 67* is science "*...rights...(Al 'Ankabuut: 29: 44)*

Or it could also be said that whatever is in "*...the Quran...(Yunus: 10: 37)* is science "*...rights...(Al 'Ankabuut: 29: 44)*

Now the question arises,

Why is everything in "*...the Quran...(Yunus: 10: 37)* is science "*...rights...(Al 'Ankabuut: 29: 44)* ?

The answer is in the secret behind the verse: "*those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "O our Lord, it is not that You created this in vain...(Ali 'Imran : 3: 191)*

Well, "*...the Quran...(Yunus: 10: 37)* is science when humans "*...think about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*" And "*...think about themselves...(Ar Ruum : 30: 8)*" "*... Allah did not create the skys and the earth and what is between them but with rights...(Ar Ruum : 30: 8)*

So, in fact, if people around the world understand the real Allah, then they will understand that "*...the Quran...(Yunus: 10: 37)* is not only a holy book as a guide to life and a source of law, but also the Quran is science, which can be proven through experiments.

Through the Quran it can also be proven that the real Allah, has a form in the form of Allah's energy "*...He made mountain crumble... (Al A'raaf: 7: 143)*, Allah's particles "*... wherever you face there the face of Allah...(Al Baqarah : 2: 115)* and "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)*" "*.. look at that mountain...(Al A'raaf: 7: 143)*" "*...He reveals to each sky its interests...(Fushshilat: 41: 12)*

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "*Allah created the skys and the earth with rights...(Al 'Ankabuut: 29: 44)*" "*...He reveals to each skys its interests ...(Fushshilat : 41: 12)*

Apparently, here Allah has declared "*God created the skys and the earth with rights...(Al 'Ankabuut: 29: 44)*" "*...revealed to each sky its interests...(Fushshilat: 41: 12)*

Well, with the declaration "*God created the skys and the earth with rights...(Al 'Ankabuut: 29: 44)* proves that whatever is in "*...the seven skys...(Al Mulk: 67: 3)* is " *...rights...(Al 'Ankabuut : 29: 44)*

That is, whatever is in "*...the seven skys...(Al Mulk : 67: 3)* is "*...rights...(Al 'Ankabuut : 29: 44)* scientifically proven through experiments.

Or in other words, whatever is in "*...seven skys...(Al Mulk: 67* is science "*...rights...(Al 'Ankabuut: 29: 44)*

Or it could also be said that whatever is in "*...the Quran...(Yunus: 10: 37)* is science "*...rights...(Al 'Ankabuut: 29: 44)*

Now the question arises,

Why is everything in "*...the Quran...(Yunus: 10: 37)* is science "*...rights...(Al 'Ankabuut: 29: 44)* ?

The answer is in the secret behind the verse: "*those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "O our Lord, it is not that You created this in vain...(Ali ' Imran : 3: 191)*

Well, "*...the Quran..(Yunus: 10: 37)* is science when humans "*...think about the creation of the skys and the earth...(Ali 'Imran: 3: 191)" And...think about themselves...(Ar Ruum : 30: 8)* "*... Allah did not create the skys and the earth and what is between them but with rights...(Ar Ruum : 30: 8)*

So, in fact, if people around the world understand the real Allah, then they will understand that "*...the Quran...(Yunus: 10: 37)* is not only a holy book as a guide to life and a source of law, but also the Quran is science, which can be proven through experiments.

Through the Quran it can also be proven that the real Allah, has a form in the form of Allah's energy "*...He made mountain crumble... (Al A'raaf: 7: 143)*, Allah's particles "*... wherever you face there the face of Allah...(Al Baqarah : 2: 115)* and "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)".. .look at that mountain...(Al A'raaf: 7: 143)"...He reveals to each sky its interests...(Fushshilat: 41: 12)*
