ABSTRACT

Before the author writes the problem, most people still do not understand Allah created the skies and the earth with water, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about most people still do not understand Allah created the skies and the earth with water, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about most people still do not understand Allah created the skies and the earth with water, namely the following verses:

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill (all My commands) and let them believe in Me. Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the heavens to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skies and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa ': 21:16)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"So He made it seven heavens in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And in this way you will be brought out (Ar Ruum: 30: 19)

"Verily your Lord is Allah Who created the skys and the earth in six days, then He resided above the 'Throne. He closed the night to the day which followed quickly, and the sun, moon and stars submit to His command. Remember, creating and ruling is only Allah's right. Glory be to Allah, Lord of the worlds. (Al A'raaf: 7: 54)

"And He who created the skys and the earth in six days, and is His throne over the water, so that He may test which of you is better in deed, and if you say: "Indeed, you will be raised after death", surely those who the disbeliever will say: "This is nothing but real magic." (Huud: 11:7)

"Indeed, in the creation of the heavens and the earth, the alternation of night and day, the ark that sailed on the sea brought what was useful to mankind, and what Allah sent down from the sky was water, and with it He gave life to the earth after its death and spread it out. on the earth all kinds of animals, and the moving of the winds and clouds that are controlled between the skys and the earth, indeed signs for a people who think (Al Baqarah: 2: 164)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about most people still do not understand Allah created the skys and the earth with water, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes the hypothesis that Allah created the skys and the earth with water, because water is a combination of hydrogen atoms and oxygen atoms, where oxygen atoms and hydrogen atoms are the building materials for creating the heavens and the earth, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the

hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

MOST OF HUMANS STILL DON'T UNDERSTAND ALLAH CREATED THE SKY AND EARTH WITH WATER

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"He who created the skys and the earth in six days, and is His throne on the water...(Huud: 11:7)"...He ...blows into it His spirit...(As Sajdah: 32:9) "...Allah sends down water from the sky, then with it He gives life to the earth after its death...(Al Baqarah: 2: 164)*

Apparently, Allah has declared *"God created the skys and the earth ... His throne is on the water ... (Huud: 11: 7)*

Now, the question arises,

What exactly is meant by Allah, after Allah created the skys and the earth *"...His throne is on the water...(Huud: 11:7)?*

The answer is hidden in the secret behind the verse: *"... Allah sends down water from the sky, then with it He gives life to the earth after its death... (Al Baqarah: 2: 164)*

Apparently when Allah created the skys and the earth, the raw material needed for the creation of the skys and the earth was water, because water contains hydrogen atoms and oxygen atoms.

Well, it turns out that hydrogen atoms and oxygen atoms are indispensable for the creation of skys and earth.

Allah created the sun or stars with hydrogen atoms. Allah created the earth and other planets with hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Allah *"... revives the earth after its death... (Al Baqarah: 2: 164)* with hydrogen atoms and oxygen atoms in the form of water.

Likewise, Allah gives life to humans, animals, plants and everything on earth with hydrogen atoms, oxygen atoms, nitrogen atoms and carbon atoms.

This is the true secret of Allah, which most people still do not understand. Where when Allah created the skys and the earth needed hydrogen atoms and oxygen atoms. Or in other words, when Allah created the skys and the earth "*...His throne is on the water...(Huud: 11:7)*

So, actually "*...His throne on the water...(Huud: 11:7)* is a symbol that refers to the hydrogen atom and the oxygen atom.

Allah does not need a throne, because Allah is everywhere, including in the human body. The form of Allah in the form of Allah's energy, Allah's particles and "*...Allah's spirit...(Shaad : 38: 72)* does not need a place.

Now, the secret behind the verse has been revealed: "*...the throne of Allah is above the water...(Huud: 11:7)* refers to the hydrogen atom and oxygen atom, which are indispensable for the life of all Allah's creatures in the sky and earth.

CONCLUSION

From what has been explained above, it can be concluded that the secrets contained behind the verses: "*He who created the skys and the earth in six days, and is His throne on the water...(Huud: 11:7)*" "*He ...blows into it His spirit...(As Sajdah: 32:9)*" "*...Allah sends down water from the sky, then with it He gives life to the earth after its death...(Al Baqarah: 2: 164)*

Apparently, Allah has declared "*God created the skys and the earth ... His throne is on the water ... (Huud: 11: 7)*
