ABSTRACT

Before the author writes about Muslims are very fear of Allah, because Muslims understand the real Allah, if Muslims do not understand the real Allah, Muslims only fear Allah in their mouths only, first the author asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret about Muslims are very fear of Allah, because Muslims understand the real Allah, if Muslims do not understand the real Allah, Muslims only fear Allah in their mouths only, based on deoxyribonucleic acid (DNA).

There are several verses that reveal the secret of Allah about Muslims are very fear of Allah, because Muslims understand the real Allah, if Muslims do not understand the real Allah, Muslims only fear Allah in their mouths only, namely the following verses:

*"Allah is the light of the skys and the earth... light above light Allah guides to His light... (An Nuur: 24: 35)*

*"So when I have perfected the body of Adam and breathed into Adam my spirit, then you will fall down and prostrate to him." (Shaad: 38: 72)*

*"So when I have perfected the body of Adam, and have breathed into Adam my spirit, then you will bow to Adam by prostrating (Al Hijr: 15: 29)*

*"Then He perfected and breathed into Adam His spirit and He made for you hearing, sight and heart, you are very grateful. (As Sajdah: 32: 9)*

*"Indeed, those who fear their God Who is invisible to them, they will obtain forgiveness and a great reward. (Al Mulk: 67: 12)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Indeed, Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2: 115)*

*"And when Moses came at the time We had appointed and God had spoken to him, Moses said: "O my God, appear to me so that I may see You." God said: "You will never be able to see Me, but look at that mountain, if it stays where it is you can see me. When his God appeared to the mountain, he made the mountain crumble and Moses fell unconscious. After Moses regained consciousness, he said: "Glory be to You, I repent to You and I am the first to believe." (Al A'raaf : 7: 143)*

*"And if you punish the deeds of them, with what Allah has revealed, and do not follow their desires. And be careful towards them, so that they do not turn you away from part of what Allah has revealed to you. If they turn away, then know that that indeed Allah wills to bring misfortune upon them because of some of their sins. And indeed, most people are wicked people. (Al Maa'idah: 5: 49)*

In an effort to reveal the secret of Allah about Muslims being very afraid of Allah, because Muslims

understand the true Allah, if Muslims do not understand the true Allah, Muslims only fear Allah in their mouths, the author uses the basis of deoxyribonucleic acid.

## **HYPOTHESIS**

Here the author proposes the hypothesis Muslims are very fear of Allah, because Muslims understand the real Allah, if Muslims do not understand the real Allah, Muslims only fear Allah in their mouths only, based on Deoxyribonucleic acid (DNA).

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARKS**

If we want to know quarks then we pay attention to one of the hydrogen atoms which is a building element of the human body, animals, plants and fruit as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Next, if this proton is split, we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules which are composed repeatedly of nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogen bases. The nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## **MUSLIMS ARE VERY FEAR OF ALLAH, BECAUSE MUSLIMS UNDERSTAND THE REAL ALLAH, IF MUSLIMS DO NOT UNDERSTAND THE REAL ALLAH, MUSLIMS ONLY FEAR ALLAH IN THE MOUTH ONLY**

So now, we still continue to focus our minds on uncovering the secrets contained behind the verses: *"Allah is the light of the skys and the earth...light above light...(An Nuur: 24: 35)"... the mountain crumble...(Al A'raaf : 7: 143) "...wherever you turn, there is the face of Allah...(Al Baqarah : 2: 115)"...I breathed into Adam my spirit...(Shaad: 38: 72)"...those who fear their God...they will obtain forgiveness and a great reward. (Al Mulk: 67: 12)*

Here, Allah has declared *"Allah is the light of the skys and the earth...(An Nuur: 24: 35).*

So, now the question arises, what does Allah actually mean by *"Allah is the light of the skys and the earth...(An Nuur: 24: 35)?*

Well, the answer, summarized in 3 factors.

The first factor is Allah's energy "*... the mountain crumble...(Al A'raaf : 7: 143)*).

The second factor is the Allah particle "*...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)*).

The third factor is "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms , which is in Deoxyribonucleic acid (DNA). Based on human DNA, it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, in "*Allah is the light of the skys and the earth...(An Nuur: 24: 35)* there is Allah's energy "*... the mountain crumble...(Al A'raaf : 7: 143)*, particles of Allah "*...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)* and "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, another question arises,

Why "*...those who fear their God...they will obtain forgiveness and a great reward (Al Mulk: 67: 12)?*

Well, the answer is "*...those who fear their God...(Al Mulk: 67: 12)* are "*...people...(Al Mulk: 67: 12)* who understand Allah through "*Allah is the light of the skys and the earth...(An Nuur: 24: 35)* in the form of Allah's energy "*... the mountain crumble...(Al A'raaf : 7: 143)*, particles of Allah "*...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)* and "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So actually, Muslims who really fear Allah are Muslims who understand the real Allah. This means that Muslims who understand Allah through "*Allah is the light of the skys and the earth...(An Nuur: 24: 35)* in the form of Allah's energy "*... the mountain crumble...(Al A'raaf : 7: 143)*, particles of Allah "*...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)* and "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, now, if Muslims do not understand Allah through "*Allah is the light of the skys and the earth...(An Nuur: 24: 35)* in the form of Allah's energy "*... the mountain crumble...(Al A'raaf : 7: 143)*, particles of Allah "*...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)* and "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, so Muslims only fear Allah in the mouth.

Evidently, Muslims in secular countries such as Egypt, Syria, Iraq, Turkey, Afghanistan, Bangladesh, Azerbaijan, Kazakhstan, Turkmenistan, Uzbekistan, Indonesia, Malaysia, Brunei, Somalia, Ethiopia, Jordan, Yemen, Oman, Bahrain, Qatar, the United Arab Emirates, Kuwait, Libya, Sudan, Chad, Nigeria, Algeria, Morocco and Tunisia, because they only fear Allah by mouth, then "*...the law...revealed by Allah...(Al Maa'idah: 5 : 49)* is not used as a reference in state law.

Or in other words, "*...the law...Allah has revealed...(Al Maa'idah: 5: 49)* is not recognized by state law. Or it could also be said, the law that is recognized and implemented within the state is the law the result of human thoughts or the results of Muslims' own thoughts.

So, Muslims are very afraid of Allah, because Muslims are very fear of Allah, because Muslims understand the real Allah, if Muslims do not understand the real Allah, Muslims only fear Allah in their mouths only.

## CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: *"Allah is the light of the skys and the earth...light above light...(An Nuur: 24: 35)"... the mountain crumble...(Al A'raaf: 7: 143) "...wherever you turn, there is the face of Allah...(Al Baqarah : 2: 115)"...I breathed into Adam my spirit...(Shaad: 38: 72)"...those who fear their God...they will obtain forgiveness and a great reward. (Al Mulk: 67: 12)*

Here, Allah has declared *"Allah is the light of the skys and the earth...(An Nuur: 24: 35).*

So, now the question arises, what does Allah actually mean by *"Allah is the light of the skys and the earth...(An Nuur: 24: 35)?*

Well, the answer, summarized in 3 factors.

The first factor is Allah's energy *"... the mountain crumble...(Al A'raaf : 7: 143).*

The second factor is the Allah particle *"...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115).*

The third factor is *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms , which is in Deoxyribonucleic acid (DNA). Based on human DNA, it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, in *"Allah is the light of the skys and the earth...(An Nuur: 24: 35)* there is Allah's energy *"... the mountain crumble...(Al A'raaf: 7: 143),* particles of Allah *"...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)* and *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, another question arises,

Why *"...those who fear their God...they will obtain forgiveness and a great reward (Al Mulk: 67: 12)?*

Well, the answer is *"...those who fear their God...(Al Mulk: 67: 12)* are *"...people...(Al Mulk: 67: 12)* who understand Allah through *"Allah is the light of the skys and the earth...(An Nuur: 24: 35)* in the form of Allah's energy *"... the mountain crumble...(Al A'raaf: 7: 143),* particles of Allah *"...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)* and *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So actually, Muslims who really fear Allah are Muslims who understand the real Allah. This means that Muslims who understand Allah through *"Allah is the light of the skys and the earth...(An Nuur: 24: 35)* in the form of Allah's energy *"... the mountain crumble...(Al A'raaf: 7: 143),* particles of Allah *"...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115)* and *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, now, if Muslims do not understand Allah through *"Allah is the light of the skys and the earth...*

(*An Nuur: 24: 35*) in the form of Allah's energy "... *the mountain crumble...*(*Al A'raaf: 7: 143*), particles of Allah"...*wherever you turn, there is the face of Allah...*(*Al Baqarah: 2: 115*) and "...*my spirit...*(*Shaad : 38: 72*) or "...*Allah's spirit...*(*Shaad : 38: 72*) which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, so Muslims only fear Allah in the mouth.

Evidently, Muslims in secular countries such as Egypt, Syria, Iraq, Turkey, Afghanistan, Bangladesh, Azerbaijan, Kazakhstan, Turkmenistan, Uzbekistan, Indonesia, Malaysia, Brunei, Somalia, Ethiopia, Jordan, Yemen, Oman, Bahrain, Qatar, the United Arab Emirates, Kuwait, Libya, Sudan, Chad, Nigeria, Algeria, Morocco and Tunisia, because they only fear Allah by mouth, then "...the law...revealed by Allah...(Al Maa'idah: 5 : 49) is not used as a reference in state law.

Or in other words, "...*the law...Allah has revealed...*(*Al Maa'idah: 5: 49*) is not recognized by state law. Or it could also be said, the law that is recognized and implemented within the state is the law the result of human thoughts or the results of Muslims' own thoughts.

So, Muslims are very afraid of Allah, because Muslims are very fear of Allah, because Muslims understand the real Allah, if Muslims do not understand the real Allah, Muslims only fear Allah in their mouths only.
