ABSTRACT

Before the author writes about Muslims in the world believe in hell, but they don't understand, hell is on earth, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about Muslims in the world believe in hell, but they don't understand, hell is on earth, based on deoxyribonucleic acid (DNA).

There are a number of verses that are Allah's revelation about Muslims in the world believe in hell, but they don't understand, hell is on earth, namely the following verses:

"Allah is the light of the skys and the earth... the light above the light, Allah guides to His light... (An Nuur : 24: 35)

"And indeed Allah have created man of an essence from the soil (Al Mu'minuun: 23: 12)

"Then when I have perfected the body and I have breathed on Adam my spirit, you will fall down and prostrate to him." (Shaad: 38: 72)

"entering a very hot fire, (Al Ghaasyiyah: 88: 4)

"O you who believe, protect yourselves and your families from the fires of hell whose fuel is human and stone, guardians of angels who are rough, harsh, and do not disobey Allah for what He commands them and always do what is ordered .(At Tahrir : 66: 6)

"Their faces are burned by the fire of hell, and they are in hell in a state of disfigurement. (Al Mu'minuun: 23: 104)

"Indeed, hell throws sparks as big and as high as palaces. (Al Mursalaat: 77: 32)

"so that He may admit the believing men and women into paradise beneath which rivers flow, they will abide therein and that He may cover their sins. And that is great good fortune with Allah (Al Fath : 48: 5)

In an effort to uncover Allah's secret veil about Muslims in the world believe in hell, but they don't understand, hell is on earth, the author uses deoxyribonucleic acid as the basis.

HYPOTHESIS

Here the author proposes the hypothesis that Muslims in the world believe in hell, but they don't understand, hell is on earth, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

MUSLIMS IN THE WORLD BELIEVE IN HELL, BUT THEY DON'T UNDERSTAND, HELL IS ON EARTH

Now, we are still concentrating on dismantling the secrets contained behind the verse: "*Allah is the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)*"...*Allah have created man of an essence from the soil (Al Mu'minuun: 23: 12)* "*...I breathed on Adam my spirit...(Shaad : 38: 72)*"*entering a very hot fire, (Al Ghaasyiyah: 88: 4)* "*...hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32)* "*Their faces are burned by the fire of hell ... (Al Mu'minuun: 23: 104)*

It turns out that here Allah declares to all people in the world, "*...Allah have created man of an essence from the soil (Al Mu'minuun: 23: 12)* "*...hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32)* "*Their faces are burned by the fire of hell...(Al Mu'minuun: 23: 104)*

Well, here, Allah has revealed the true secret about "*... hell... (Al Mursalaat: 77: 32)*

Now the question arises,

Where exactly is "*... hell... (Al Mursalaat: 77: 32)*, if "*... hell throws sparks... (Al Mursalaat: 77: 32)*, why can't humans see it?

The answer is in the secret behind the verse: "*Allah is the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)*

Well, based on Allah's declaration, "*... hell... (Al Mursalaat: 77: 32)* is "*...the light above the light...(An Nuur : 24: 35)*

It means, "*...the light above the light...(An Nuur : 24: 35)* is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like "*...the light above the light...(An Nuur : 24: 35)* carried by photons from the sun that reach "*...the earth...(An Nuur: 24: 35)*

Well, so also with "*...hell...(Al Mursalaat: 77: 32)* is "*...the light above the light...(An Nuur : 24: 35)*

Well now, because "...paradise...(Al Fath: 48: 5) is on "...the earth...(An Nuur: 24: 35), then "...hell...(Al Mursalaat: 77: 32) is also on "...the earth...(An Nuur : 24: 35)

There is "...the earth...(An Nuur: 24: 35), so there is "...paradise...(Al Fath: 48: 5) and "... hell...(Al Mursalaat: 77: 32)

This is empirical evidence, about "... hell... (Al Mursalaat: 77: 32) is on "... the earth... (An Nuur: 24: 35)

Now, another question arises?

If "... hell...(Al Mursalaat: 77: 32) is on "...the earth...(An Nuur: 24: 35), why "... hell...(Al Mursalaat: 77: 32) invisible to humans who live on "...the earth...(An Nuur : 24: 35) ?

Well, the answer is because "...the light above the light...(An Nuur : 24: 35) is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like "...the light above the light...(An Nuur : 24: 35) which is carried by photons from the sun that reaches "...the earth...(An Nuur: 24: 35), which is visible to the human eye as a bright light.

Well, so is the light that is issued from "... hell ... (Al Mursalaat: 77: 32) which is visible to the human eye like a bright light, even though in that bright light it contains "...the light above the light...(An Nuur : 24: 35).

Well, because those who live in "... hell...(Al Mursalaat: 77: 32) are "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72), which is built up with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the hydrogen atoms that are in "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72), used as fuel "... hell...(Al Mursalaat: 77: 32).

Well, the hydrogen atoms that are in "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72), which is used as fuel "... hell...(Al Mursalaat: 77: 32), which Allah declared with "...the fires of hell whose fuel is human...(At Tahrir: 66: 6)

Well, "...the fires of hell whose fuel is human...(At Tahrir: 66: 6), because in "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) that comes out of the body of a deceased human, contains hydrogen atoms.

So, when humans see a bright light, then in that bright light there is "... hell...(Al Mursalaat: 77: 32) in which there is "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72).

This is Allah's secret that is not understood by almost all people including all Muslims in the world. "... hell...(Al Mursalaat: 77: 32) in which there is "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) that was burned.

CONCLUSION

The conclusion that can be drawn from the explanation above is that the secrets contained behind the verse: "Allah is the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)" "...Allah have created man of an essence from the soil (Al Mu'minuun: 23: 12) "...I breathed on Adam my spirit...(Shaad : 38: 72)" entering a very hot fire, (Al Ghaasyiyah: 88: 4) "...hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32) "Their faces are burned by the fire of hell ... (Al Mu'minuun: 23: 104)

It turns out that here Allah declares to all people in the world, *"...Allah have created man of an essence from the soil (Al Mu'minuun: 23: 12) "...hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32) "Their faces are burned by the fire of hell...(Al Mu'minuun: 23: 104)*

Well, here, Allah has revealed the true secret about *"... hell... (Al Mursalaat: 77: 32)*

Now the question arises,

Where exactly is *"... hell... (Al Mursalaat: 77: 32)*, if *"... hell throws sparks... (Al Mursalaat: 77: 32)*, why can't humans see it?

The answer is in the secret behind the verse: *"Allah is the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)*

Well, based on Allah's declaration, *"... hell... (Al Mursalaat: 77: 32)* is *"...the light above the light...(An Nuur : 24: 35)*

It means, *"...the light above the light...(An Nuur : 24: 35)* is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like *"...the light above the light...(An Nuur : 24: 35)* carried by photons from the sun that reach *"...the earth...(An Nuur: 24: 35)*

Well, so also with *"...hell...(Al Mursalaat: 77: 32)* is *"...the light above the light...(An Nuur : 24: 35)*

Well now, because *"...paradise...(Al Fath: 48: 5)* is on *"...the earth...(An Nuur: 24: 35)*, then *"...hell... (Al Mursalaat: 77: 32)* is also on *"...the earth...(An Nuur : 24: 35)*

There is *"...the earth...(An Nuur: 24: 35)*, so there is *"...paradise...(Al Fath: 48: 5)* and *"... hell...(Al Mursalaat: 77: 32)*

This is empirical evidence, about *"... hell... (Al Mursalaat: 77: 32)* is on *"... the earth... (An Nuur: 24: 35)*

Now, another question arises?

If *"... hell...(Al Mursalaat: 77: 32)* is on *"...the earth...(An Nuur: 24: 35)*, why *"... hell...(Al Mursalaat: 77: 32)* invisible to humans who live on *"...the earth...(An Nuur : 24: 35)* ?

Well, the answer is because *"...the light above the light...(An Nuur : 24: 35)* is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like *"...the light above the light...(An Nuur : 24: 35)* which is carried by photons from the sun that reaches *"...the earth...(An Nuur: 24: 35)*, which is visible to the human eye as a bright light.

Well, so is the light that is issued from *"... hell ... (Al Mursalaat: 77: 32)* which is visible to the human eye like a bright light, even though in that bright light it contains *"...the light above the light...(An Nuur : 24: 35)*.

Well, because those who live in *"... hell...(Al Mursalaat: 77: 32)* are *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, which is built up with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the hydrogen atoms that are in *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, used as fuel *"... hell...(Al Mursalaat: 77: 32)*.

Well, the hydrogen atoms that are in *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38:*

72), which is used as fuel"*... hell...(Al Mursalaat: 77: 32)*, which Allah declared with "*...the fires of hell whose fuel is human...(At Tahrir: 66: 6)*

Well, "*...the fires of hell whose fuel is human...(At Tahrir: 66: 6)*, because in "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* that comes out of the body of a deceased human, contains hydrogen atoms.

So, when humans see a bright light, then in that bright light there is "*... hell...(Al Mursalaat: 77: 32)* in which there is "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)*.

This is Allah's secret that is not understood by almost all people including all Muslims in the world. "*... hell...(Al Mursalaat: 77: 32)* in which there is "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* that was burned.
