## ABSTRACT

Before the author writes about Muslims in the world, just up to the level, Allah is only, associated with the nature of Allah (sifat Allah), do not understand the real Allah, through the spirit of Allah, the energy of Allah and the particles of Allah, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets about Muslims in the world, just up to the level, Allah is only, associated with the nature of Allah (sifat Allah), do not understand the real Allah, through the spirit of Allah, the energy of Allah and the particles of Allah, based on deoxyribonucleic acid (DNA).

There are several verses that open Allah's secrets about Muslims in the world, just up to the level, Allah is only, associated with the nature of Allah (sifat Allah), do not understand the real Allah, through the spirit of Allah, the energy of Allah and the particles of Allah, namely the following verses:

*"Then when I have perfected the body and I have breathed on him my spirit, then you should fall down prostrating to him." (Shaad: 38: 72)*

*"And it is not possible for a human, Allah speaks with human except by means of revelation or behind veil or by sending a messenger and then revealed to him with His permission what He wants. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)*

*"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)*

In an effort to open the veil of Allah's secret about Muslims in the world, just up to the level, Allah is only, associated with the nature of Allah (sifat Allah), do not understand the real Allah, through the spirit of Allah, the energy of Allah and the particles of Allah, the author uses deoxyribonucleic acid as a basis.

## HYPOTHESIS

Here the author proposes the hypothesis of Muslims in the world, just up to the level, Allah is only, associated with the nature of Allah (sifat Allah), do not understand the real Allah, through the spirit of Allah, the energy of Allah and the particles of Allah, based on Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## MUSLIMS IN THE WORLD, JUST UP TO THE LEVEL, ALLAH IS ONLY, ASSOCIATED WITH THE NATURE OF ALLAH (SIFAT ALLAH), DO NOT UNDERSTAND THE REAL ALLAH, THROUGH THE SPIRIT OF ALLAH, THE ENERGY OF ALLAH AND THE PARTICLES OF ALLAH

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"...seven skys...balanced...(Al Mulk : 67: 3)"...I breathed into human my spirit.. .(Shaad : 38: 72) "...wherever you turn there is the face of Allah...(Al Baqarah: 2: 115)*

Apparently, here Allah or Jahve or Adonai has declared, in order for humans to understand the real Allah, or the real Jahve or the real Adonai, humans have to go through *"...my spirit...(Shaad: 38: 72)* or *"...the spirit of Allah...(Shaad : 38: 72)* and *"...the face of Allah...(Al Baqarah: 2: 115)*

Well, if humans begin to study *"...my spirit...(Shaad: 38: 72)* or *"...the spirit of Allah...(Shaad : 38: 72))* or the spirit of Jahve or the spirit of Adonai and *"...the face of Allah...(Al Baqarah: 2: 115)*, then humans will reach the level of understanding the real Allah.

No, like now, the majority of Muslims in the world think that Allah exists, is sufficient, does not need to be studied and does not need to be understood.

The assumption, most Muslims in the world, this, about, Allah, indeed Allah already exists, why should we look for Allah, Allah does not need to be studied. This view, coming from the scholars, who are influenced by the beliefs of the Jews, who consider Jahve or Adonai, cannot be studied, cannot be polluted, cannot be discussed, cannot be proven empirically.

Well, because the majority of Muslims in the world think, Allah, indeed Allah already exists, why should we look for Allah, Allah does not need to be studied, cannot be discussed, cannot be proven empirically, so when talking about the real Allah, it is enough to just refer to the nature of Allah (sifat Allah).

Well, this is the weakness of most Muslims in the world today. Don't understand the real Allah.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses:

*"...seven skys...balanced...(Al Mulk : 67: 3)"...I breathed into human my spirit.. (Shaad : 38: 72)*

*"...wherever you turn there is the face of Allah...(Al Baqarah: 2: 115)*

Apparently, here Allah or Jahve or Adonai has declared, in order for humans to understand the real Allah, or the real Jahve or the real Adonai, humans have to go through *"...my spirit...(Shaad: 38: 72)* or *"...the spirit of Allah...(Shaad : 38: 72)* and *"...the face of Allah...(Al Baqarah: 2: 115)*

Well, if humans begin to study *"...my spirit...(Shaad: 38: 72)* or *"...the spirit of Allah...(Shaad : 38: 72))* or the spirit of Jahve or the spirit of Adonai and *"...the face of Allah...(Al Baqarah: 2: 115)*, then humans will reach the level of understanding the real Allah.

No, like now, the majority of Muslims in the world think that Allah exists, is sufficient, does not need to be studied and does not need to be understood.

The assumption, most Muslims in the world, this, about, Allah, indeed Allah already exists, why should we look for Allah, Allah does not need to be studied. This view, coming from the scholars, who are influenced by the beliefs of the Jews, who consider Jahve or Adonai, cannot be studied, cannot be polluted, cannot be discussed, cannot be proven empirically.

Well, because the majority of Muslims in the world think, Allah, indeed Allah already exists, why should we look for Allah, Allah does not need to be studied, cannot be discussed, cannot be proven empirically, so when talking about the real Allah, it is enough to just refer to the nature of Allah (sifat Allah).

Well, this is the weakness of most Muslims in the world today. Don't understand the real Allah.
