ABSTRACT

Before the author writes about Muslims seek where is paradise and hell, even though paradise and hell are on earth, now have been open, but are not visible to the human eyes, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil covering the secret of Muslims seek where is paradise and hell, even though paradise and hell are on earth, now have been open, but are not visible to the human eyes, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secret about Muslims seek where is paradise and hell, even though paradise and hell are on earth, now have been open, but are not visible to the human eyes, namely the following verses:

"So when I have perfected the life of Adam, and I have breathed into Adam my spirit, then you will fall down and prostrate to him." (Shaad: 38: 72)

"And for every human being, We have ordained his deeds around his neck. And We brought out to him on the Day of Resurrection a book which he found open. (Al Israa' : 17: 13)

"Read your book, just yourself at this time as your reckoner." (Al Israa' : 17: 14)

"When two angels record human deeds, one sits on the right and the other sits on the left. (Qaaf: 50: 17)

"And hurry to forgiveness from your God and to paradise as wide as the sky and the earth prepared for the pious (Ali 'Imran: 3: 133)

"Those who were before, the first of the Muhajirin and Ansar and those who followed them well, Allah was pleased with them and they were pleased with Allah and Allah prepared for them paradise in which rivers flow forever. They remain in it. That's a big win (At Taubah: 9: 100)

"Allah said: "Enter you all into hell along with the jinn and humans, who were before you. Every time a people entered, he cursed his companions, so that when they entered all of them said to those who entered later among them to those who entered earlier: "Our God, they have led us astray, therefore bring upon them a double torment. double from hell." Allah says: "Everyone gets double, but you do not know." (Al A'raaf : 7: 38)

"When the sun is rolled up (At Takwiir: 81: 1)

"And We made a wall before them and behind them a wall and We covered them so that they could not see (Yaasiin: 36: 9)

In an effort to open the veil of Allah's secret about Muslims seek where is paradise and hell, even though paradise and hell are on earth, now have been open, but are not visible to the human eyes, the author uses the basis of deoxyribonucleic acid.

HYPOTHESES

Here the author proposes hypothesis Muslims seek where is paradise and hell, even though paradise and hell are on earth, now have been open, but are not visible to the human eyes, based on Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a storage place for genetic information that has a double structure forms a double helix and contains structured polynucleotide macromolecules repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5 carbon sugar and one of the nitrogen bases. Nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 nitrogen atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are found in abundance around us and in the atmosphere.

MUSLIMS SEEK WHERE IS PARADISE AND HELL, EVEN THOUGH PARADISE AND HELL ARE ON EARTH, NOW HAVE BEEN OPEN, BUT ARE NOT VISIBLE TO THE HUMAN EYES

So now, we still continue to focus all our thoughts on uncovering the secret that is stored behind the verse: *"Those who were before, the first of the Muhajirin and Ansar and those who followed them well... Allah prepared for them paradise...(At Taubah: 9: 100) "Allah said: "Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf: 7: 38)"...paradise as wide as the sky and the earth...(Ali 'Imran: 3: 133)*

Well, Allah declared *"...Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf: 7: 38)"Those who were before, the first of the Muhajirin and Ansar and those who followed them well... Allah prepared for them paradise...(At Taubah: 9: 100) "...paradise as wide as the sky and the earth...(Ali 'Imran: 3: 133)*

Apparently, this declaration by Allah reveals Allah's secret about *"...paradise...(At Taubah: 9: 100)* and *"...hell...(Al A'raaf: 7: 38).*

Where actually *"...paradise...(At Taubah: 9: 100)* and *"...hell...(Al A'raaf: 7: 38)* are what Allah means by *"...paradise as wide as the sky and the earth...(Ali 'Imran: 3: 133) ?*

Well, the answer is, apparently *"...paradise...(At Taubah: 9: 100)* is above the expanse of space or what is called the sky where the earth and other planets are above it.

This means, *"...paradise...(At Taubah: 9: 100)* is above the room as the earth is above it.

Well, because *"...paradise...(At Taubah: 9: 100)* and the earth are both above the expanse of space or what is called the sky, then *"...paradise...(At Taubah: 9: 100)* is on earth today.

Now, because *"...paradise...(At Taubah: 9: 100)* is on this earth, then *"...paradise...(At Taubah: 9: 100)* is around our house.

Likewise with *"...hell...(Al A'raaf: 7: 38)*, *"...Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf: 7: 38)*

So now, the question arises,

Why can't humans see *"...paradise...(At Taubah: 9: 100)*, if indeed *"...paradise...(At Taubah: 9: 100)* is all around our house?

The answer is in the secret behind the verse: *"...We made a wall before them and behind them a wall and We covered them so that they could not see (Yaasiin: 36: 9)*

This means that the human eye can only see objects that are in the electromagnetic spectrum area between 430 nanometers and 740 nanometers. If an object is below the 430 nanometer electromagnetic spectrum area or above the 740 nanometer electromagnetic spectrum area, then the human eye cannot see it. that thing.

Well, because what lives in *"...paradise...(At Taubah: 9: 100)* is *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which are below the 430 nanometer electromagnetic spectrum area and above the 740 nanometer electromagnetic spectrum area, then the human eye cannot see *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Where *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, comes out from the body of a deceased human being.

Well, *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, come out of the bodies of humans who have died, gather around humans, around our homes and around the graves where humans are buried.

"...my spirit...(Shaad: 38: 72) or *"...Allah's spirit...(Shaad : 38: 72)* which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, does not leave far away, from the place where it came out of the body of a deceased human being.

As for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which do not become buildings *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, comes out of the body of a deceased human being, is sucked in by living humans and animals, like oxygen atoms. The carbon atoms are absorbed by plants and flowers, which come out of the bodies of deceased humans, in the form of carbon dioxide CO₂. Because the human body, is built with **7 000000000 000000000 000000000** atoms, including hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, actually, *"...paradise...(At Taubah: 9: 100)* a gathering place for *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which comes out of the body of a human who has died, is near humans.

Meanwhile, *"...hell...(Al A'raaf: 7: 38)*, has also been opened. *"Allah said: "Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf: 7: 38)*

Well, "...hell...(Al A'raaf: 7: 38) its fuel is hydrogen atoms, just as the fuel of the sun and the fuel of the stars, is hydrogen atoms.

Well, because what lives in "...hell...(Al A'raaf: 7: 38) is "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which are below the 430 nanometer electromagnetic spectrum area and above the 740 nanometer electromagnetic spectrum area, the human eye cannot see "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which are in "...hell...(Al A'raaf: 7: 38).

So, actually, because "...paradise...(At Taubah: 9: 100) and "...hell...(Al A'raaf: 7: 38) have been opened, then when humans die, after 30 the day he was buried, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) came out from the dead person's body.

Where, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72), which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms , gathered, in a place not far from the place of his grave, waiting for Allah who will order *"Read your book, just yourself at this time as your reckoner (Al Israa' : 17: 14)*

Where "... a book which he found open (Al Israa' : 17: 13) is the result of recording, Allah's energy and Allah's particles, which refers to "...two angels record human deeds...(Qaaf: 50: 17) during life in the world.

In just a few minutes, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72), came out from the body of the dead person, already knows, the result of his decision, whether he will enter "...Paradise...(At Taubah: 9: 100) or will enter "...hell...(Al A'raaf: 7: 38).

So actually, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72), which came out of the body of the dead person, will enter "...paradise...(At Taubah: 9: 100) or you will enter "...hell...(Al A'raaf: 7: 38) there is no need to wait until 4600 000 000 years.

4600 000 000 years is *"When the sun is rolled up, (At Takwiir: 81: 1), after "...the sun...(At Takwiir: 81: 1) runs out of hydrogen atoms, as fuel, which is calculated, there will be 4600 000 000 years from now.*

So, if Muslims in the world still believe in "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72), who comes out of the dead person's body, will enter "...paradise...(At Taubah: 9: 100) or will enter "...hell...(Al A'raaf: 7: 38) must wait until 4600 000 000 years, then that belief, there is no empirical evidence.

CONCLUSION

Based on the description above we can conclude that the secret that is stored behind the verse: *"Those who were before, the first of the Muhajirin and Ansar and those who followed them well... Allah prepared for them paradise...(At Taubah: 9: 100) "Allah said: "Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf: 7: 38)"...paradise as wide as the sky and the earth...(Ali 'Imran: 3: 133)*

Well, Allah declared *"...Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf: 7: 38)"Those who were before, the first of the Muhajirin and Ansar and those who followed them well... Allah prepared for them paradise...(At Taubah: 9: 100) "...paradise as wide as the sky and the earth...(Ali 'Imran: 3: 133)*

Apparently, this declaration by Allah reveals Allah's secret about "...paradise...(At Taubah: 9: 100) and "...hell...(Al A'raaf: 7: 38).

Where actually "...paradise...(At Taubah: 9: 100) and "...hell...(Al A'raaf: 7: 38) are what Allah means by "...paradise as wide as the sky and the earth...(Ali 'Imran: 3: 133) ?

Well, the answer is, apparently "...paradise...(At Taubah: 9: 100) is above the expanse of space or what is called the sky where the earth and other planets are above it.

This means, "...paradise...(At Taubah: 9: 100) is above the room as the earth is above it.

Well, because "...paradise...(At Taubah: 9: 100) and the earth are both above the expanse of space or what is called the sky, then "...paradise...(At Taubah: 9: 100) is on earth today.

Now, because "...paradise...(At Taubah: 9: 100) is on this earth, then "...paradise...(At Taubah: 9: 100) is around our house.

Likewise with "...hell...(Al A'raaf: 7: 38), "...Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf: 7: 38)

So now, the question arises,

Why can't humans see "...paradise...(At Taubah: 9: 100), if indeed "...paradise...(At Taubah: 9: 100) is all around our house?

The answer is in the secret behind the verse: "...We made a wall before them and behind them a wall and We covered them so that they could not see (Yaasiin: 36: 9)

This means that the human eye can only see objects that are in the electromagnetic spectrum area between 430 nanometers and 740 nanometers. If an object is below the 430 nanometer electromagnetic spectrum area or above the 740 nanometer electromagnetic spectrum area, then the human eye cannot see it. that thing.

Well, because what lives in "...paradise...(At Taubah: 9: 100) is "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which are below the 430 nanometer electromagnetic spectrum area and above the 740 nanometer electromagnetic spectrum area, then the human eye cannot see "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Where "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, comes out from the body of a deceased human being.

Well, "...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, come out of the bodies of humans who have died, gather around humans, around our homes and around the graves where humans are buried.

"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, does not leave far away, from the place where it came out of the body of a deceased human being.

As for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which do not become buildings *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, comes out of the body of a deceased human being, is sucked in by living humans and animals, like oxygen atoms. The carbon atoms are absorbed by plants and flowers, which come out of the bodies of deceased humans, in the form of carbon dioxide CO₂. Because the human body, is built with **7 000000000 000000000 000000000** atoms, including hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, actually, *"...paradise...(At Taubah: 9: 100)* a gathering place for *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which comes out of the body of a human who has died, is near humans.

Meanwhile, *"...hell...(Al A'raaf: 7: 38)*, has also been opened. *"Allah said: "Enter you all into hell along with the jinn and humans, who were before you...(Al A'raaf : 7: 38)*

Well, *"...hell...(Al A'raaf: 7: 38)* its fuel is hydrogen atoms, just as the fuel of the sun and the fuel of the stars, is hydrogen atoms.

Well, because what lives in *"...hell...(Al A'raaf: 7: 38)* is *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which are below the 430 nanometer electromagnetic spectrum area and above the 740 nanometer electromagnetic spectrum area, the human eye cannot see *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, which are in *"...hell...(Al A'raaf : 7: 38)*.

So, actually, because *"...paradise...(At Taubah: 9: 100)* and *"...hell...(Al A'raaf: 7: 38)* have been opened, then when humans die, after 30 the day he was buried, *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* came out from the dead person's body.

Where, *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms , gathered, in a place not far from the place of his grave, waiting for Allah who will order *"Read your book, just yourself at this time as your reckoner (Al Israa' : 17: 14)*

Where *"... a book which he found open (Al Israa' : 17: 13)* is the result of recording, Allah's energy and Allah's particles, which refers to *"...two angels record human deeds...(Qaaf: 50: 17)* during life in the world.

In just a few minutes, *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, came out from the body of the dead person, already knows, the result of his decision, whether he will enter *"...Paradise...(At Taubah: 9: 100)* or will enter *"...hell...(Al A'raaf: 7: 38)*.

So actually, *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, which came out of the body of the dead person, will enter *"...paradise...(At Taubah: 9: 100)* or you will enter *"...hell...(Al A'raaf: 7: 38)* there is no need to wait until **4600 000 000** years.

4600 000 000 years is *"When the sun is rolled up, (At Takwiir: 81: 1)*, after *"...the sun...(At Takwiir: 81: 1)* runs out of hydrogen atoms, as fuel, which is calculated, there will be **4600 000 000** years from now.

So, if Muslims in the world still believe in *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)*, who comes out of the dead person's body, will enter *"...paradise...(At Taubah: 9: 100)* or will

enter "...hell...(Al A'raaf: 7: 38) must wait until 4600 000 000 years, then that belief, there is no empirical evidence.
