## ABSTRACT

Before the author writes about Muslims who remember Allah, and think about the creation of the skys and earth, who will defend Islam, not Muslims, who just follow along, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret of Muslims who remember Allah, and think about the creation of the skys and earth, who will defend Islam, not Muslims, who just follow along, based on deoxyribonucleic acid (DNA).

There are a number of verses that are Allah's revelation about Muslims who remember Allah, and think about the creation of the skys and earth, who will defend Islam, not Muslims, who just follow along, namely the following verses:

*"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "O our God, you did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran : 3: 191)*

*"Then when I have perfected the body and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"And it is not possible for a human being that Allah speaks with him except by means of revelation or behind veil or by sending a messenger and then revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)*

*"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)*

In an effort to uncover Allah's secret veil about Muslims who remember Allah, and think about the creation of the skys and earth, who will defend Islam, not Muslims, who just follow along, the author uses the basis of deoxyribonucleic acid.

## HYPOTHESIS

Here the author proposes the hypothesis of Muslims who remember Allah, and think about the creation of the skys and earth, who will defend Islam, not Muslims, who just follow along, seen from the point of view of Deoxyribonucleic acid (DNA).

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20 % atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## MUSLIMS WHO REMEMBER ALLAH, AND THINK ABOUT THE CREATION OF THE SKYS AND EARTH, WHO WILL DEFEND ISLAM, NOT MUSLIMS, WHO JUST FOLLOW ALONG

Now, we are still concentrating on dismantling the secrets contained behind the verse: *"those who remember Allah...and they think about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*

Apparently, here Allah or Jahve or Adonai, has commanded people to *"...remember Allah...(Ali 'Imran: 3: 191)* and learn and understand *"...about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, so that people understand the real Allah, or the real Jahve or the real Adonai.

Well, there are 2 important factors here.

Factor 1, is human to *"...remember Allah...(Ali 'Imran: 3: 191)*

Factor 2, is for humans to learn and understand *"...about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, so that humans understand the real Allah, or the real Jahve or the real Adonai

Well, these 2 factors, which are the basis, for humans to understand the real Allah or the real Jahve or the real Adonai.

Humans, *"...remember Allah...(Ali 'Imran: 3: 191)* in the form of a relationship between humans and Allah, such as through prayer, fasting, pilgrimage, umrah.

Humans, *"...think about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, through learning.

So, by learning, “*...about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, people will understand the real Allah or the real Jahve or the real Adonai.

Within the “*...skys and earth...(Ali 'Imran: 3: 191)*, contains elements, Allah's energy or Jahve's energy or Adonai's energy, contains Allah's particles or Jahve's particles or Adonai's particles, contains “*...my spirit...(Shaad : 38: 72)* or “*...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai.

So, actually, what is in “*...the skys and the earth...(Ali 'Imran: 3: 191)*, is in the form of Allah or the form of Jahve or the form of Adonai.

Or in other words, what is in “*...the skys and the earth...(Ali 'Imran: 3: 191)*, is in the human body.

Well, humans by studying “*...the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, humans will understand the real Allah or the real Jahve or the real Adonai, and will understand what is in himself.

So, Muslims who remember Allah, and think about the creation of the skys and the earth, are Muslims who will defend Islam, not Muslims, who are just following along.

This, is the secret of Allah or the secret of Jahve or the secret of Adonai, which is not understood by the majority of people in the world, including the majority of Muslims in the world.

## CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verse: “*those who remember Allah...and they think about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*

Apparently, here Allah or Jahve or Adonai, has commanded people to “*...remember Allah...(Ali 'Imran: 3: 191)* and learn and understand “*...about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, so that people understand the real Allah, or the real Jahve or the real Adonai.

Well, there are 2 important factors here.

Factor 1, is human to “*...remember Allah...(Ali 'Imran: 3: 191)*

Factor 2, is for humans to learn and understand “*...about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, so that humans understand the real Allah, or the real Jahve or the real Adonai

Well, these 2 factors, which are the basis, for humans to understand the real Allah or the real Jahve or the real Adonai.

Humans, “*...remember Allah...(Ali 'Imran: 3: 191)* in the form of a relationship between humans and Allah, such as through prayer, fasting, pilgrimage, umrah.

Humans, “*...think about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, through learning.

So, by learning, “*...about the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, people will understand the real Allah or the real Jahve or the real Adonai.

Within the “*...skys and earth...(Ali 'Imran: 3: 191)*, contains elements, Allah's energy or Jahve's

energy or Adonai's energy, contains Allah's particles or Jahve's particles or Adonai's particles, contains "...my spirit...(Shaad : 38: 72) or "...the spirit of Allah...(Shaad : 38: 72) or the spirit of Jahve or the spirit of Adonai.

So, actually, what is in "...the skys and the earth...(Ali 'Imran: 3: 191), is in the form of Allah or the form of Jahve or the form of Adonai.

Or in other words, what is in "...the skys and the earth...(Ali 'Imran: 3: 191), is in the human body.

Well, humans by studying "...the creation of the skys and the earth...(Ali 'Imran: 3: 191), humans will understand the real Allah or the real Jahve or the real Adonai, and will understand what is in himself.

So, Muslims who remember Allah, and think about the creation of the skys and the earth, are Muslims who will defend Islam, not Muslims, who are just following along.

This, is the secret of Allah or the secret of Jahve or the secret of Adonai, which is not understood by the majority of people in the world, including the majority of Muslims in the world.
