ABSTRACT

Before the author writes about polygamy in Islam has been removed by Allah, because men cannot be fair, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil covering the secret of polygamy in Islam has been removed by Allah, because men cannot be fair, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets regarding polygamy in Islam has been removed by Allah, because men cannot be fair, namely the following verses:

"And you will not be able to do justice, between wives, even though you really want to do so, so do not be so inclined that you leave others in limbo. And if you make improvements and take care of yourself, then verily Allah is Almighty Forgiving, Most Merciful (An Nisaa': 4: 129)

"And if you are afraid that you will not be able to do justice to orphaned women, then marry two, three or four of the women you like. Then if you are afraid that you will not be able to do justice, then just one, or the slaves you have . That is closer to not committing wrongdoing. (An Nisaa' : 4: 3)

In an effort to open the veil regarding polygamy in Islam has been removed by Allah, because men cannot be fair, the author relies on deoxyribonucleic acid or acid.

HYPOTHESIS

Here the author proposes hypothesis polygamy in Islam has been removed by Allah, because men cannot be fair, based on Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a storage place for genetic information which has a double structure that forms a double helix and which contains polynucleotide macromolecules which are composed repeatedly of nucleotide polymers. This nucleotide consists of folate, a 5 carbon sugar and one of the nitrogen bases. The nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

POLYGAMY IN ISLAM HAS BEEN REMOVED BY ALLAH, BECAUSE MEN CANNOT BE FAIR

So now, we are still trying to focus our minds to uncover the secret contained in the verse: *"...you will not be able do justice between wives, even though you really want to do so..(An Nisaa': 4: 129)*

Well, this is a declaration from Allah *"...you will not be able do justice between wives, even though you really want to do so..(An Nisaa': 4: 129)*

It turns out that Allah's declaration revealed the secret that polygamy no longer applies in Islam.

Why is polygamy no longer valid in Islam?

Because *"...you will not be able do justice between wives, even though you really want to do so..(An Nisaa': 4: 129)*

Polygamous marriage is based on *"...justice between wives...(An Nisaa': 4: 129)*

However, it turns out that Allah has imposed a punishment, that in fact *"...you will not be able do justice between wives, even though you really want to do so..(An Nisaa': 4: 129)*

Well, what Allah has previously declared *"...marry two, three or four of the women you like. Then if you are afraid that you will not be able to do justice, then just one...(An Nisaa' : 4: 3)*

Well, here in Allah's declaration, Allah still gives Muslim men the opportunity to *"...marry two, three or four of the women you like...(An Nisaa': 4: 3)*

Although still given relief by Allah's declaration *"...if you are afraid that "...you will not be able do justice between wives, even though you really want to do so..(An Nisaa': 4: 129)*

However, then Allah declared firmly and clearly *"...you will not be able do justice between wives, even though you really want to do so..(An Nisaa': 4: 129)*

Well, here Allah immediately decides that Muslim men *"...you will not be able do justice between wives...(An Nisaa': 4: 129)*

Well, now it has been revealed that polygamy in Islam has been revoked by Allah.

Only Muslim men who only vent their lust will continue to practice polygamy.

But, of course, even though Allah has abolished polygamy with *"...you will not be able do justice between wives...(An Nisaa': 4: 129)*, there are still Muslim men who practice polygamy.

Because there are still many Muslim women who are still economically dependent on Muslim men, and Muslim men take advantage of the situation of Muslim women.

So in fact, even though there is still Muslim men practicing polygamy, it is because Muslim men do not understand that they *"...will not be able do justice between wives...(An Nisaa': 4: 129).*

CONCLUSION

the secret contained in the verse: *"...you will not be able do justice between wives, even though you really want to do so..(An Nisaa': 4: 129)*
