ABSTRACT

Before the author writes about proof of hell is on earth empirically, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret of proof of hell is on earth empirically based on deoxyribonucleic acid (DNA).

There are a number of verses that serve as Allah's secret tools regarding proof of hell is on earth empirically nce that hell exists on earth empirically, namely the following verses:

"Allah the light of the skys and the earth... the light above the light, Allah guides to His light... (An Nuur : 24: 35)

"And indeed We have created human from an extract from the soil (Al Mu'minuun: 23: 12)

"Then when I have perfected the body and I have breathed it into (the human body) My spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the body and have breathed into it my spirit, then submit to him by prostrating (Al Hijr: 15: 29)

"Then He perfected the body and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And verily We have created human and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And each person gets degrees by what he does. And your God is not unaware of what they do. (Al An'aam: 6: 132)

"Here, let them taste it, very hot water and very cold water (Shaad : 38: 57)

"enter very hot fire, (Al Ghaasyiyah: 88: 4)

"O you who believe, protect yourself and your family from the fires of hell whose fuel is human and stone; guardian angels who are rough, harsh, and do not disobey Allah for what He commands them and always do what is ordered .(At Tahrim : 66: 6)

"They have sleeping mats from the fire of hell and on them are blankets. Thus We repay the wrongdoers, (Al A'raaf: 7: 41)

"Their faces are burned by the fire of hell, and they are in hell in a state of disfigurement. (Al Mu'minuun: 23: 104)

"And, when they argue in hell, the weak people say to those who are arrogant: "Indeed we are your followers, so can you spare us part of the punishment of hell fire?" (Al Mu' min : 40: 47)

"Indeed, hell throws sparks as big and as high as palaces. (Al Mursalaat: 77: 32)

"Allah said:" Enter all of you into hell with the jinn and humans who have been before you. Every time a parishioner enters, he curses his comrades; so that when they all entered, those who entered later among them said to those who entered earlier: "O our Lord, they have led us astray, therefore bring upon them multiplied torments from hell." Allah said: "Each one gets multiplied, but you do not know." (Al A'raaf : 7: 38)

"And verily We have made for Jahannam most of the jinn and mankind, they have hearts, but they do not use them to understand and they have eyes they do not use to see, and they have ears they do not use to hear. They are livestock, and they are even more astray. They are the heedless ones. (Al A'raaf : 7: 179)

"And if We will, surely We will give guidance to every soul, but still the word from Me: "Indeed, I will fill the Hellfire with jinn and humans together." (As Sajdah: 32: 13)

"As for those who deviate from the truth, they will become firewood for the hell of Jahannam. (Al Jin : 72: 15)

"so that He may admit the believing men and women into gardens beneath which rivers flow, they will abide therein and that He may cover their sins. And that is a great fortune in the sight of Allah (Al Fath : 48: 5)

In an effort to uncover Allah's secret veil about proof of hell is on earth empirically, the author uses deoxyribonucleic acid as a basis.

HYPOTHESIS

Here the author proposes the hypothesis that proof of hell is on earth empirically, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building block of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5

carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PROOF OF HELL IS ON EARTH EMPIRICALLY

Now, we are still concentrating on dismantling the secrets contained behind the verse: "*Allah the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)*"...*We have created human from an extract from the soil (Al Mu'minuun: 23: 12)* "...*I breathed into human my spirit...(Shaad : 38: 72)*"*enters very hot fire (Al Ghaasyiyah: 88: 4)* "... *hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32)* "*Their faces are burned by the fire of hell ... (Al Mu'minuun: 23: 104)*

It turns out that here Allah or Jahve or Adonai declares to all people in the world, "...*We have created human from an extract from the soil (Al Mu'minuun: 23: 12)*"... *hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32)* "*Their faces are burned by the fire of hell ... (Al Mu'minuun: 23: 104)*

Well, here, Allah or Jahve or Adonai, has revealed the real secret about "... *hell...* (Al Mursalaat: 77: 32)

Now the question arises,

Where exactly is "... *hell...* (Al Mursalaat: 77: 32), if "... *hell throws sparks...* (Al Mursalaat: 77: 32), why can't humans see it?

The answer is in the secret behind the verse: "*Allah the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)*

Well, based on the declaration of Allah or Jahve or Adonai, "... *hell...*(Al Mursalaat: 77: 32) is "...*the light above the light...(An Nuur : 24: 35)*

It means, "...*the light above the light...(An Nuur : 24: 35)* is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like "...*the light above the light...(An Nuur : 24: 35)* carried by photons from the sun that reach "...*the earth...(An Nuur: 24: 35)*

Well, so also with "... *hell...*(Al Mursalaat: 77: 32) is "...*the light above the light...(An Nuur : 24: 35)*

Well now, because "...*paradise...(Al Fath: 48: 5)* is on "...*earth...(An Nuur: 24: 35)*, then "... *hell...*(Al Mursalaat: 77: 32) is also in "...*earth...(An Nuur : 24: 35)*

There is "...*earth...(An Nuur: 24: 35)*, so there is "...*paradise...(Al Fath: 48: 5)* and "... *hell...*(Al Mursalaat: 77: 32)

This is empirical evidence, about "... *hell...* (Al Mursalaat: 77: 32) is on "...*earth...(An Nuur : 24: 35)*

Now, another question arises?

If "... *hell...*(Al Mursalaat: 77: 32) is on "...*earth...(An Nuur: 24: 35)*, why "... *hell...*(Al Mursalaat: 77 : 32) invisible to humans who live on "...*the earth...(An Nuur : 24: 35)* ?

Well, the answer is because "...*the light above the light...(An Nuur : 24: 35)* is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like "...*the light above the light...(An Nuur : 24: 35)* which is carried by photons from the sun that reaches

"...earth...(An Nuur: 24: 35), which is visible to the human eye as a bright light.

Well, so is the light that is issued from *"... hell ... (Al Mursalaat: 77: 32)* which is visible to the human eye like a bright light, even though in that bright light it contains *"...the light above the light...(An Nuur : 24: 35)*

Well, because those who live in *"... hell...(Al Mursalaat: 77: 32)* are *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the hydrogen atoms that are in *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, made as fuel of *"... hell...(Al Mursalaat : 77: 32).*

Well, the hydrogen atom that is in *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, which is made as fuel of *"... hell...(Al Mursalaat: 77: 32)* this, declared by Allah or Jahve or Adonai with *"...the fire of hell whose fuel is human...(At Tahrir: 66: 6)*

Well, *"...fuel of hell is human...(At Tahrir : 66: 6)*, because in *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit that comes out of the body of a deceased human, contains hydrogen atoms.

So, when humans see a bright light, then in that bright light there is *"... hell...(Al Mursalaat: 77: 32)* in which there is *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit who is burned.

This is Allah's secret or Jahve's secret or Adonai's secret that almost all people in the world do not understand. *"... hell...(Al Mursalaat: 77: 32)* in which there is *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit being burned.

CONCLUSION

The conclusion that can be drawn from the explanation above is that the secrets contained behind the verse: *"Allah the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)"...We have created human from an extract from the soil (Al Mu'minuun: 23: 12) "...I breathed into human my spirit...(Shaad : 38: 72)"enters very hot fire (Al Ghaasyiyah: 88: 4) "... hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32) "Their faces are burned by the fire of hell ... (Al Mu'minuun: 23: 104)*

It turns out that here Allah or Jahve or Adonai declares to all people in the world, *"...We have created human from an extract from the soil (Al Mu'minuun: 23: 12)"... hell throws sparks as big and as high as palaces (Al Mursalaat: 77: 32) "Their faces are burned by the fire of hell ... (Al Mu'minuun: 23: 104)*

Well, here, Allah or Jahve or Adonai, has revealed the real secret about *"... hell... (Al Mursalaat: 77: 32)*

Now the question arises,

Where exactly is *"... hell... (Al Mursalaat: 77: 32)*, if *"... hell throws sparks... (Al Mursalaat: 77: 32)*, why can't humans see it?

The answer is in the secret behind the verse: *"Allah the light of the skys and the earth...the light above the light...(An Nuur : 24: 35)*

Well, based on the declaration of Allah or Jahve or Adonai, *"... hell...(Al Mursalaat: 77: 32)* is *"...the*

light above the light...(An Nuur : 24: 35)

It means, "*...the light above the light...(An Nuur : 24: 35)* is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like "*...the light above the light...(An Nuur : 24: 35)* carried by photons from the sun that reach "*...the earth...(An Nuur: 24: 35)*

Well, so also with "*... hell...(Al Mursalaat: 77: 32)* is "*...the light above the light...(An Nuur : 24: 35)*

Well now, because "*...paradise...(Al Fath: 48: 5)* is on "*...earth...(An Nuur: 24: 35)*, then "*... hell...(Al Mursalaat: 77: 32)* is also in "*...earth...(An Nuur : 24: 35)*

There is "*...earth...(An Nuur: 24: 35)*, so there is "*...paradise...(Al Fath: 48: 5)* and "*... hell...(Al Mursalaat: 77: 32)*

This is empirical evidence, about "*... hell... (Al Mursalaat: 77: 32)* is on "*...earth...(An Nuur : 24: 35)*

Now, another question arises?

If "*... hell...(Al Mursalaat: 77: 32)* is on "*...earth...(An Nuur: 24: 35)*, why "*... hell...(Al Mursalaat: 77 : 32)* invisible to humans who live on "*...the earth...(An Nuur : 24: 35)* ?

Well, the answer is because "*...the light above the light...(An Nuur : 24: 35)* is light that arises as a result of 2 hydrogen atoms colliding with each other, which releases energy in the form of light, like "*...the light above the light...(An Nuur : 24: 35)* which is carried by photons from the sun that reaches "*...earth...(An Nuur: 24: 35)*, which is visible to the human eye as a bright light.

Well, so is the light that is issued from "*... hell ... (Al Mursalaat: 77: 32)* which is visible to the human eye like a bright light, even though in that bright light it contains "*...the light above the light...(An Nuur : 24: 35)*

Well, because those who live in "*... hell...(Al Mursalaat: 77: 32)* are "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the hydrogen atoms that are in "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, made as fuel of "*... hell...(Al Mursalaat : 77: 32)*.

Well, the hydrogen atom that is in "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, which is made as fuel of "*... hell...(Al Mursalaat: 77: 32)* this, declared by Allah or Jahve or Adonai with "*...the fire of hell whose fuel is human...(At Tahrir: 66: 6)*

Well, "*...fuel of hell is human...(At Tahrir : 66: 6)*, because in "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit that comes out of the body of a deceased human, contains hydrogen atoms.

So, when humans see a bright light, then in that bright light there is "*... hell...(Al Mursalaat: 77: 32)* in which there is "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit who is burned.

This is Allah's secret or Jahve's secret or Adonai's secret that almost all people in the world do not understand. "*... hell...(Al Mursalaat: 77: 32)* in which there is "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit being burned.
