ABSTRACT

First, by begging forgiveness from Allah SWT, here the author tries to reveal the signs of the greatness of Allah SWT regarding revelation of Allah or Jahve or Adonai, full of symbols, to understand the revelations of Allah collected in the Quran, humans must unlock it through the Quran itself, based on deoxyribonucleic acid (DNA)

There are a number of verses that become Allah's revelations about revelation of Allah or Jahve or Adonai, full of symbols, to understand the revelations of Allah collected in the Quran, humans must unlock it through the Quran itself, namely the verses:

"Then when I have perfected the body and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"Paradise 'Adn which they enter into, rivers flow beneath it, in that paradise they get whatever they want. Thus Allah rewards those who fear Allah, (An Nahl: 16: 31)

"In Paradise there will be plenty of fruit for you of which you will eat. (Az Zukhruf : 43: 73)

"Enter paradise, you and your wives will be delighted." (Az Zukhruf: 43: 70)

"Those who were earlier, first of all, from the muhajirin and ansar groups and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has prepared for them paradise with rivers flowing in them forever. They are eternal in it. That's a big win (At Tawba: 9: 100)

"When the sun is rolled up, (At Takwiir: 81: 1)

"Allah said:" Enter all of you into hell with the jinn and humans who have been before you. Every time a parishioner enters, he curses his comrades; so that when they all entered, those who entered later among them said to those who entered earlier: "O our God, they have led us astray, therefore bring upon them multiplied torments from hell." Allah said: "Each one gets multiplied, but you do not know." (Al A'raaf : 7: 38)

"And if We will, surely We will give guidance to every soul, but the word from Me remains: "Indeed, I will fill the hell of with jinn and humans together." (As Sajdah: 32: 13)

"The fire of hell burns their faces, and they are disfigured in that hell. (Al Mu'minuun : 23:104)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36: 9)

In an effort to open the veil of Allah's secret cover regarding revelation of Allah or Jahve or Adonai, full of symbols, to understand the revelations of Allah collected in the Quran, humans must unlock it through the Quran itself, the author uses the basis of deoxyribonucleic acid

HYPOTHESES

Here the author proposes the hypothesis of revelation of Allah or Jahve or Adonai, full of symbols, to understand the revelations of Allah collected in the Quran, humans must unlock it through the Quran itself, based on Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure form a double helix and which contain polynucleotide macromolecules arranged together repeatedly from the nucleotide polymer. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. Nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

REVELATION OF ALLAH OR JAHVE OR ADONAI, FULL OF SYMBOLS, TO UNDERSTAND THE REVELATIONS OF ALLAH COLLECTED IN THE QURAN, HUMANS MUST UNLOCK IT THROUGH THE QURAN ITSELF

Now, we are still focusing our whole mind on dismantling the secret that is stored behind the verse: *"...I breathed on human my spirit...(Shaad : 38: 72) "In Paradise there will be plenty of fruit ...(Az Zukhruf : 43: 73) "...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"...They are eternal in it...(At Tawbah: 9: 100)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13)"The fire of hell burns their faces ...(Al Mu'minuun : 23:104)*

So here, Allah or Jahve or Adonai, has opened the secrets of paradise and hell in the form of symbols *"... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"In Paradise there will be plenty of fruit ...(Az Zukhruf : 43: 73) "...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13) "The fire of hell burns their faces ...(Al Mu'minuun : 23:104)*

So, now the question arises,

Why did Allah reveal *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* with symbols?

The answer is in the secret behind the verse: *"...They are eternal in it...(At Tawbah: 9: 100)*

Well, *"...They are eternal in it...(At Tawbah: 9: 100)* meaning, because humans will live in paradise and in hell *"...are eternal...(At Tawbah: 9: 100)*, humans do not have a body that is built with atoms, like a body when humans live on earth.

Why in *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* humans don't have a body

made up of atoms, like body when humans live on earth?

Because the human body is made up of atoms, when living on earth, the lifespan of the human body is limited.

Well, because the age of the human body living on earth is limited, then humans who live in *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* man is only a building of atoms.

Or in other words, humans who live in *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* are in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit.

So, another question arises,

Why does Allah or Jahve or Adonai describe life in paradise and hell the same as life on earth, *"... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"In Paradise there will be plenty of fruit ... (Az Zukhruf : 43: 73)"...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13) "The fire of hell burns their faces ...(Al Mu'minuun : 23:104) ?*

The answer is in the secret behind the verse: *"...We made before them a wall and behind them a wall, and We covered them so that they could not see (Yaasiin: 36: 9)*

Well, because the human eye can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. If there is a ray of light that is in the electromagnetic spectrum area below 430 nanometers and light that is in the electromagnetic spectrum area above 740 nanometers, it is like light reflected from *"...paradise...(Az Zukhruf: 43: 70)* and from *"...hell...(As Sajdah: 32: 13)* the human eye cannot see the light. Even though *"...paradise...(Az Zukhruf: 43: 70)* and *"...hell...(As Sajdah : 32: 13)* is on earth.

Well, because humans on earth cannot see the light reflected from *"...paradise...(Az Zukhruf: 43: 70)* and from *"...hell...(As Sajdah: 32: 13)* then, Allah or Jahve or Adonai, declares life in *"...paradise...(Az Zukhruf : 43: 70)* and life in *"...hell...(As Sajdah : 32: 13)* is like life on earth. *"... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"In Paradise there will be plenty of fruit ... (Az Zukhruf : 43: 73)"...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13) "The fire of hell burns their faces ...(Al Mu'minuun : 23:104)*

When in fact, human life in *"...paradise...(Az Zukhruf : 43: 70)* and life in *"...hell...(As Sajdah : 32: 13)* is in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Why is human life in *"...paradise...(Az Zukhruf : 43: 70)* and life in *"...hell...(As Sajdah : 32: 13)* is in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit, which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms?

Because hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms will live to age
10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000
000000000 000000000 years.

Or it could also be said, *"...They are eternal in it...(At Tawbah: 9: 100)*

CONCLUSION

Based on the description above, we can conclude that the secret that is stored behind the verse: *"...I breathed on human my spirit...(Shaad : 38: 72) "In Paradise there will be plenty of fruit ...(Az Zukhruf : 43: 73) "...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"...They are eternal in it...(At Tawbah: 9: 100)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13)"The fire of hell burns their faces ...(Al Mu'minuun : 23:104)*

So here, Allah or Jahve or Adonai, has opened the secrets of paradise and hell in the form of symbols *"... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"In Paradise there will be plenty of fruit ...(Az Zukhruf : 43: 73) "...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13) "The fire of hell burns their faces ...(Al Mu'minuun : 23:104)*

So, now the question arises,

Why did Allah reveal *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* with symbols?

The answer is in the secret behind the verse: *"...They are eternal in it...(At Tawbah: 9: 100)*

Well, *"...They are eternal in it...(At Tawbah: 9: 100)* meaning, because humans will live in paradise and in hell *"...are eternal...(At Tawbah: 9: 100)*, humans do not have a body that is built with atoms, like a body when humans live on earth.

Why in *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* humans don't have a body made up of atoms, like body when humans live on earth?

Because the human body is made up of atoms, when living on earth, the lifespan of the human body is limited.

Well, because the age of the human body living on earth is limited, then humans who live in *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* man is only a building of atoms.

Or in other words, humans who live in *"...paradise...(Az Zukhruf : 43: 70)* and *"...hell...(As Sajdah : 32: 13)* are in the form of *"...my spirit...(Shaad : 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* or Jahve's spirit or Adonai's spirit.

So, another question arises,

Why does Allah or Jahve or Adonai describe life in paradise and hell the same as life on earth, *"... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"In Paradise there will be plenty of fruit ...(Az Zukhruf : 43: 73) "...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13) "The fire of hell burns their faces ...(Al Mu'minuun : 23:104) ?*

The answer is in the secret behind the verse: *"...We made before them a wall and behind them a wall, and We covered them so that they could not see (Yaasiin: 36: 9)*

Well, because the human eye can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. If there is a ray of light that is in the electromagnetic spectrum area below 430

nanometers and light that is in the electromagnetic spectrum area above 740 nanometers, it is like light reflected from "...paradise...(Az Zukhruf: 43: 70) and from "...hell...(As Sajdah: 32: 13) the human eye cannot see the light. Even though "...paradise...(Az Zukhruf: 43: 70) and "...hell...(As Sajdah : 32: 13) is on earth.

Well, because humans on earth cannot see the light reflected from "...paradise...(Az Zukhruf: 43: 70) and from "...hell...(As Sajdah: 32: 13) then, Allah or Jahve or Adonai, declares life in "...paradise...(Az Zukhruf : 43: 70) and life in "...hell...(As Sajdah : 32: 13) is like life on earth. "... paradise with rivers flowing in them forever...(At Taubah: 9: 100)"In Paradise there will be plenty of fruit ...(Az Zukhruf : 43: 73)"...in aradise, you and your wives will be delighted (Az Zukhruf : 43: 70)"...I will fill the hell of jinn and humans together...(As Sajdah: 32: 13) "The fire of hell burns their faces ...(Al Mu'minuun : 23:104)

When in fact, human life in "...paradise...(Az Zukhruf : 43: 70) and life in "...hell...(As Sajdah : 32: 13) is in the form of "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or Jahve's spirit or Adonai's spirit, which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Why is human life in "...paradise...(Az Zukhruf : 43: 70) and life in "...hell...(As Sajdah : 32: 13) is in the form of "...my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) or Jahve's spirit or Adonai's spirit, which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms?

Because hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms will live to age 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years.

Or it could also be said, "...They are eternal in it...(At Tawbah: 9: 100)
