ABSTRACT

First, by begging forgiveness from Allah swt, here the author tries to reveal the signs of the greatness of Allah SWT regarding the age of Islam, 1458 years, Judgment Day, will happen 4600000000 years to come, Muslims in the world have forgotten, The law of Allah that must be implemented in an Islamic state, following the first Islamic state founded by the Prophet Muhammad saw in Medina, based on deoxyribonucleic acid (DNA).

In the Al-Quran, several verses are found which are the key to unlocking the secrets regarding the age of Islam, 1458 years, Judgment Day, will happen 4600000000 years to come, Muslims in the world have forgotten, The law of Allah that must be implemented in an Islamic state, following the first Islamic state founded by the Prophet Muhammad saw in Medina, namely the verses:

"Angels and spirits ascend to God in a day whose value is fifty thousand years. (Al Ma'aarij: 70: 4)

"And they do not glorify Allah with the proper exaltation when the whole earth is in His grip on Judgment Day and the skys are rolled up with His right hand. Glory be to God and Most High He is, from what they associate with. (Az Zumar: 39: 67)

"God sent down the book with truth and balance. And do you know, maybe Judgment Day is near? (Asy Syuura: 42: 17)

"People ask you about Judgment Day. Say: "Surely the knowledge of Judgment Day is only with Allah." And you know, maybe Judgment Day is near. (Al Ahzab: 33: 63)

"When the sun is rolled up, (At Takwiir: 81: 1)

"and when the stars fall, (At Takwiir: 81: 2)

"Judgment Day is near. (An Najm: 53: 57)

"Indeed, Judgment Day will come, I will keep it a secret so that each person will be rewarded with what he has earned (Thaahaa: 20: 15)

"And to Allah belongs all that is hidden in the skys and on the earth. Judgment Day will come, in the twinkling of an eye, or even sooner. Indeed, Allah has power over all things. (An Nahl : 16: 77)

"And if you decide the punishment for their deeds according to what Allah has revealed, and do not follow their desires. And be careful with them, so that they do not turn you away from part of what Allah has revealed. If they turn away, then know that Allah wills, will inflict calamity upon them, due to some of their sins. And in fact most people are wicked people (Al Maa'idah: 5: 49)

In an effort to open the veil about the age of Islam, **1458** years, Judgment Day, will happen **4600000000** years to come, Muslims in the world have forgotten, The law of Allah that must be implemented in an Islamic state, following the first Islamic state founded by the Prophet Muhammad saw in Medina, the authors based on deoxyribonucleic acid.

HYPOTHESES

Here the author proposes the hypothesis of the age of Islam, 1458 years, doomsday, will occur 4600000000 years to come, Muslims in the world have forgotten, Allah's law must be carried out in an Islamic state, following the first Islamic state founded by the Prophet Muhammad in Medina, based on Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

THE AGE OF ISLAM, 1458 YEARS, JUDGMENT DAY, WILL HAPPEN 4600000000 YEARS TO COME, MUSLIM IN THE WORLD HAVE FORGOTTEN, THE LAW OF ALLAH THAT MUST BE IMPLEMENTED IN THE ISLAMIC STATE, FOLLOWING THE FIRST ISLAMIC STATE FOUNDED BY THE PROPHET MUHAMMAD SAW IN MEDINA

So now, we keep trying to focus our minds to unlock the secrets hidden in the verse: *"...on Judgment Day...the skys are rolled up with His right hand...(Az Zumar: 39: 67) "When the sun is rolled up, (At Takwiir: 81: 1)"...when the stars fall (At Takwiir: 81: 2)"... a day whose value is fifty thousand years (Al Ma'aarij: 70: 4)"...maybe Judgment Day is near (Asy Syuura: 42: 17)*

Apparently, here Allah has declared about *"...the skys are rolled up with His right hand...(Az Zumar: 39: 67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2)*

Now, what exactly does Allah mean by *"...the skys are rolled up with His right hand...(Az Zumar: 39:*

67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2) ?

The answer is in the secret behind the verse: "...maybe Judgment Day is near (Asy Syuura: 42: 17)

Well, it turns out, "...the skys are rolled up with His right hand...(Az Zumar: 39: 67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2) connected with "...Judgment Day ... (Asy Syuura: 42:17)

So, now the question arises,

How is it that "...the skys are rolled up with...(Az Zumar: 39: 67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2) ?

In fact, what is called "...the sky...(Az Zumar: 39: 67) is an expanse of space, above which there is "...the sun...(At Takwiir: 81: 1), "... stars...(At Takwiir: 81: 2), "...the earth...(An Nahl: 16: 77) and the planets.

Well, because "...the sky...(Az Zumar : 39: 67) is a stretch of space, then "...the sky...(Az Zumar : 39: 67) can be rolled up, bent, straightened and rotated.

Also "...the sun is rolled up (At Takwiir: 81: 1), because "...the sun...(At Takwiir: 81: 1) is fueled by hydrogen atoms, when the hydrogen atoms run out, then "...the sun...(At Takwiir: 81: 1) dies.

Or in other words, "...the sun is rolled up (At Takwiir: 81: 1) because "...the sun...(At Takwiir: 81: 1) died.

Likewise "...the stars fall (At Takwiir: 81: 2). Where actually "...stars...(At Takwiir: 81: 2) are the same as "...the sun...(At Takwiir: 81: 1) which lives because there is atomic hydrogen fuel.

When the atomic hydrogen fuel runs out, then "... stars...(At Takwiir: 81: 2) die. Or you could say, "...the stars fall (At Takwiir: 81: 2) because they run out of atomic hydrogen fuel and lose the star's gravitational power.

Now, another question arises,

When "...the sky will be rolled up...(Az Zumar : 39: 67)"...the sun will be rolled up (At Takwiir: 81: 1) "...the stars will fall (At Takwiir : 81: 2) ?

Well, "...the sun is rolled up (At Takwiir: 81: 1) when "...the sun...(At Takwiir: 81: 1) ran out of atomic hydrogen fuel, 4600000000 years or 4.6 billion years to come according to human calculations.

However, according to Allah's calculations, "...the sun is rolled up (At Takwiir: 81: 1) when "...the sun...(At Takwiir: 81: 1) runs out of atomic hydrogen fuel, is 251.8 years, (4600000000 : 18262980 = 251.8 years), which will come. Based on Allah's law "... a day whose value is fifty thousand years. (Al Ma'aarij: 70: 4) means 1 day according to Allah = 18262980 days according to humans.

Well, now, the age of Islam, 1458 years, according to human calculations. Whereas "...the sun is rolled up (At Takwiir: 81: 1) when "...the sun...(At Takwiir: 81: 1) runs out of atomic hydrogen fuel, 4600000000 years or 4.6 billion years to come.

Or in other words, "...Judgment Day will come...(Thaahaa: 20: 15), when "...the sun...(At Takwiir: 81: 1) runs out of atomic hydrogen fuel, 4600000000 years or 4.6 billion years to come.

Well, now, just **1458** years of Islam, and *"... Judgment Day will come ... (Thaahaa: 20: 15), 4600000000* years or **4.6** billion years to come, but Muslims all over the world, have forgotten, Allah's law that must be implemented in an Islamic state, following the first Islamic state founded by the Prophet Muhammad saw in Medina, the year 1 H (622 AD)

Muslims all over the world, already feel comfortable living in a country that implements laws outside the law that *"...was revealed by Allah... (Al Maa'idah: 5: 49)*

Or in other words, Muslims around the world, already feel comfortable living in a country that implements secular law.

CONCLUSION

Based on the description above, we can conclude that the secrets hidden in the verse: *"...on Judgment Day...the skys are rolled up with His right hand...(Az Zumar: 39: 67) "When the sun is rolled up, (At Takwiir: 81: 1)"...when the stars fall (At Takwiir: 81: 2)"... a day whose value is fifty thousand years (Al Ma'aarij: 70: 4)"...maybe Judgment Day is near (Asy Syuura: 42: 17)*

Apparently, here Allah has declared about *"...the skys are rolled up with His right hand...(Az Zumar: 39: 67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2)*

Now, what exactly does Allah mean by *"...the skys are rolled up with His right hand...(Az Zumar: 39: 67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2) ?*

The answer is in the secret behind the verse: *"...maybe Judgment Day is near (Asy Syuura: 42: 17)*

Well, it turns out, *"...the skys are rolled up with His right hand...(Az Zumar: 39: 67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2)* connected with *"...Judgment Day ... (Asy Syuura: 42:17)*

So, now the question arises,

How is it that *"...the skys are rolled up with...(Az Zumar: 39: 67)"...the sun is rolled up, (At Takwiir: 81: 1)"...the stars fall (At Takwiir: 81: 2) ?*

In fact, what is called *"...the sky...(Az Zumar: 39: 67)* is an expanse of space, above which there is *"...the sun...(At Takwiir: 81: 1), "... stars...(At Takwiir: 81: 2), "...the earth...(An Nahl: 16: 77)* and the planets.

Well, because *"...the sky...(Az Zumar : 39: 67)* is a stretch of space, then *"...the sky...(Az Zumar : 39: 67)* can be rolled up, bent, straightened and rotated.

Also *"...the sun is rolled up (At Takwiir: 81: 1)*, because *"...the sun...(At Takwiir: 81: 1)* is fueled by hydrogen atoms, when the hydrogen atoms run out, then *"...the sun...(At Takwiir: 81: 1)* dies.

Or in other words, *"...the sun is rolled up (At Takwiir: 81: 1)* because *"...the sun...(At Takwiir: 81: 1)* died.

Likewise *"...the stars fall (At Takwiir: 81: 2)*. Where actually *"...stars...(At Takwiir: 81: 2)* are the same as *"...the sun...(At Takwiir: 81: 1)* which lives because there is atomic hydrogen fuel.

When the atomic hydrogen fuel runs out, then *"... stars...(At Takwiir: 81: 2)* die. Or you could say,

"...the stars fall (At Takwiir: 81: 2) because they run out of atomic hydrogen fuel and lose the star's gravitational power.

Now, another question arises,

When *"...the sky will be rolled up...(Az Zumar : 39: 67)"...the sun will be rolled up (At Takwiir: 81: 1)* *"...the stars will fall (At Takwiir : 81: 2) ?*

Well, *"...the sun is rolled up (At Takwiir: 81: 1)* when *"...the sun...(At Takwiir: 81: 1)* ran out of atomic hydrogen fuel, 4600000000 years or 4.6 billion years to come according to human calculations.

However, according to Allah's calculations, *"...the sun is rolled up (At Takwiir: 81: 1)* when *"...the sun...(At Takwiir: 81: 1)* runs out of atomic hydrogen fuel, is 251.8 years, $(4600000000 : 18262980 = 251.8 \text{ years})$, which will come. Based on Allah's law *"... a day whose value is fifty thousand years. (Al Ma'aarij: 70: 4)* means 1 day according to Allah = 18262980 days according to humans.

Well, now, the age of Islam, 1458 years, according to human calculations. Whereas *"...the sun is rolled up (At Takwiir: 81: 1)* when *"...the sun...(At Takwiir: 81: 1)* runs out of atomic hydrogen fuel, 4600000000 years or 4.6 billion years to come.

Or in other words, *"...Judgment Day will come...(Thaahaa: 20: 15)*, when *"...the sun...(At Takwiir: 81: 1)* runs out of atomic hydrogen fuel, 4600000000 years or 4.6 billion years to come.

Well, now, just 1458 years of Islam, and *"... Judgment Day will come ... (Thaahaa: 20: 15)*, 4600000000 years or 4.6 billion years to come, but Muslims all over the world, have forgotten, Allah's law that must be implemented in an Islamic state, following the first Islamic state founded by the Prophet Muhammad saw in Medina, the year 1 H (622 AD)

Muslims all over the world, already feel comfortable living in a country that implements laws outside the law that *"...was revealed by Allah... (Al Maa'idah: 5: 49)*

Or in other words, Muslims around the world, already feel comfortable living in a country that implements secular law.
