ABSTRACT

Before the author writes about the Kingdom of Saudi Arabia, bound by the ideology of Abdul Wahhab, controlled by the King, Muslim brought back to the mind of ancients, material life become the purpose of the King, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets about the Kingdom of Saudi Arabia, bound by the ideology of Abdul Wahhab, controlled by the King, Muslim brought back to the mind of ancients, material life become the purpose of the King, based on Deoxyribonucleic acid (DNA)

There are several verses that open Allah's secrets about the Kingdom of Saudi Arabia, bound by the ideology of Abdul Wahhab, controlled by the King, Muslim brought back to the mind of ancients, material life become the purpose of the King, namely the following verses:

"And if you decide the punishment for deeds between them according to what Allah has revealed, and do not follow their desires. And be careful of them, so that they do not turn you away from some of what Allah has revealed to you. If they turn away, then know that Allah really wants to inflict calamity on them because of some of their sins. And indeed most people are wicked people (Al Maa'idah: 5: 49)

"an Apostle who reads to you the verses of Allah which explain that He brings out those who believe and do good deeds from darkness to light. And whoever believes in Allah and does good deeds, surely Allah will enter him into Paradise flowing in rivers beneath it; they will abide therein forever. Verily, Allah will give him good sustenance (Ath Thalaq: 65: 11)

"Muhammad is not the father of any man among you, but he is the Messenger of Allah and the seal of the prophets. And Allah is All-Knower of all things. (Al Ahzab : 33: 40)

"Allah has prepared for them a severe punishment, so fear Allah, O you who have thoughts, you who believe. Indeed, Allah has sent down a warning to you, (Ath Thalaq: 65: 10)

In an effort to uncover Allah's secret veil about the Kingdom of Saudi Arabia, bound by the ideology of Abdul Wahhab, controlled by the King, Muslim brought back to the mind of ancients, material life become the purpose of the King, the author uses deoxyribonucleic acid as a basis.

HYPOTHESIS

Here the author proposes the hypothesis the Kingdom of Saudi Arabia, bound by the ideology of Abdul Wahhab, controlled by the King, Muslim brought back to the mind of ancients, material life become the purpose of the King, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

THE KINGDOM OF SAUDI ARABIA, BOUND BY THE IDEOLOGY OF ABDUL WAHHAB, CONTROLLED BY THE KING, MUSLIM BROUGHT BACK TO THE MIND OF ANCIENTS, MATERIAL LIFE BECAME THE PURPOSE OF THE KING

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"... if you decide the punishment for deeds between them according to what Allah has revealed... (Al Maa'idah: 5: 49)" Muhammad is...the Messenger of Allah and the seal of the prophets...(Al Ahzab: 33: 40) "...fear Allah, O you who have thoughts, you who believe...(Ath Thalaq: 65: 10)*

It turns out that Allah has declared *"...if you decide the punishment for deeds between them according to what Allah has revealed...(Al Maa'idah: 5: 49)*

Now, the question arises,

What about the Kingdom of Saudi Arabia, was the Kingdom of Saudi Arabia built, following the example of the first Islamic State founded by the Prophet Muhammad saw?

Well, the answer is revealed below,

The Empire of the Ibn Saud Dynasty started from Dar'iyah in Najd and then expanded to the Hejaz region (Mecca, Medina, Jeddah) which was previously the Hejaz region under the rule of the Ottoman Turks.

From 1745 AD to 1792 AD, Amir Muhammad bin Saud's territory had expanded from the Dar'iyah region to the Riyadh region. By occupying Riyadh, it meant that most of the Najd area was under his control.

After Amir Muhammad bin Saud died in 1765, he was succeeded by his son Abdul Aziz bin Muhammad bin Saud who was also the son-in-law of Shaykh Muhammad bin Abdul Wahhab, who reigned from 1765 to 1803.

After the death of Shaykh Muhammad bin Abdul Wahhab in 1206 H / 1792 AD, the struggle the muwahhidin forces with the Wahhabiyah movement did not stop, instead it intensified and expanded.

Under the leadership of Abdul Aziz bin Muhammad bin Saud, the Muwahhidin forces with the Wahhabiyah movement went to Najaf in Iraq to destroy the Ali bin Abi Talib tomb, also forwarded to Karbala in Iraq to destroy the tomb of Hussein bin Ali bin Abi Talib which was carried out in 1802, one year before Abdul Aziz bin Muhammad bin Saud stepped down from power.

When Abdul Aziz bin Muhammad bin Saud stepped down, he was replaced by Saud bin Abdul Aziz bin Muhammad Al Saud who reigned from 1803 until his death in 1814.

Under the leadership of Saud bin Abdul Aziz bin Muhammad Al Saud, the Muwahhidin forces with the Wahhabi movement attacked the Hejaz, and were able to occupy Mecca and Medina. However, the Ottoman Turks, through Viceroy Muhammad Ali from Egypt, were able to retake Mecca and Medina, where the muwahhidin troops with the Wahhabiyah movement were forced to retreat back to Najd.

When Saud bin Abdul Aziz bin Muhammad Al Saud died he was replaced by Abdullah bin Saud who was in power from 1814 to 1818. But the Muwahhidin forces with the Wahhabiyah movement under the leadership of Abdullah bin Saud were unable to fight Muhammad Ali's army from Egypt, so that Riyadh finally fell into the hands of the troops of Muhammad Ali and Abdullah bin Saud were forced to retreat to Dar'iyah. However, even this Dar'iyah eventually fell into the hands of the Viceroy Muhammad Ali's troops from Egypt.

When Muhammad Ali reconquered the Hejaz and Najd including Dar'iyah, the Saud dynasty was still alive even though it had no de-facto power and territory, where Abdullah bin Saud's successor was Turki bin Abdullah, and after Turki bin Abdullah fell he was replaced by Faisal bin Turki bin Abdullah Al Saud. When Faisal bin Turki bin Abdullah Al Saud stepped down, he was replaced by Abdul Rahman bin Faisal (1850 - 1928), who ruled from 1889 to 1891.

In 1889 Abdul Rahman bin Faisal was able to regain control of the government de-jure and de-facto and carried out an attack on Riyadh and succeeded in occupying it. But Abdul Rahman bin Faisal was unable to survive when a conflict arose against Ibn Rashid who ruled the territory under the Ottoman Turks. In 1891 Abdul Rahman bin Faisal was forced out of Riyadh and got asylum in Kuwait. Even though Abdul Rahman bin Faisal was in exile in Kuwait, he was still considered an Imam until his death in 1928.

When Abdul Rahman bin Faisal was forced out of Riyadh and received asylum in Kuwait, Abdul Aziz bin Abdul Rahman bin Faisal Al Saud (1880 AD - 9 November 1953 AD) was appointed in 1901 at the age of 21 as leader of the Saud dynasty with the title Sultan of Najd.

A year later, in 1902, Sultan Abdul Aziz bin Abdul Rahman bin Faisal Al Saud or who was called by the nickname Ibn Saud together with the muwahhidin forces with the Wahhabiyah movement carried out an attack on Riyadh and succeeded in occupying Riyadh and killing the Governor of Riyadh who came from the Ibn Rashid family.

With the occupation of Riyadh, Ibn Saud's de-jure and de-facto territory expanded again. However,

Ibn Rashid together with the Ottoman Turkish troops again attacked the muwahhidin forces with the wahhabiyah movement so that the muwahhidin forces with the wahhabiyah movement under Ibn Saud were beaten back and defeated on June 15, 1904.

It turned out that the muwahhidin forces with the Wahhabiyah movement which had been beaten back by Ibn Rashid's troops together with the Ottoman Turkish war troops, could be rebuilt with the help and training of the British Empire troops who were involved in the First World War (1914 - 1918).

Where the Government of the United Kingdom entered into an agreement with Ibn Saud in December 1915 which made the Najd region, namely Ibn Saud's de-facto and de-jure territory, a British protectorate.

Meanwhile, on the part of Ibn Saud, he promised to wage war against Ibn Rashid, who controlled the Hejaz Province under the territory of the Ottoman Turks. With financial assistance of 5,000 Pounds Sterling every month plus the assistance of weapons from the British Empire, finally in 1922 Ibn Saud, who was supported by the ranks of the Muwahhidin with the Wahhabiyah movement, was able to defeat Ibnu Rashid's troops from the Ottoman Turks for the Hejaz Province.

After the Hejaz was controlled by Ibn Saud along with his Muwahhidin forces with the Wahhabiyah movement, on September 23, 1932 the Kingdom of Saudi Arabia was declared established and directly recognized by the British Empire, with the Wahhabi ideology declared as the ideology or ideology of the Kingdom of Saudi Arabia.

Well, now that it's been exposed, the Kingdom of Saudi Arabia, with the help of the British Empire, can stand up. Not following the first Islamic State built by the Prophet Muhammad saw in Medina in 1 H (622 AD)

Besides that, the Kingdom of Saudi Arabia, until now, was bound by the ideology of Muhammad bin Abdul Wahhab, controlled by the King, Muslims were brought back to the minds of their ancestors, material life became the goal of the King,

When Allah declared *"Muhammad is...the Messenger of Allah and the seal of the prophets...(Al Ahzab: 33: 40)*, even though the Day of Judgment will occur 4.6 billion years to come.

It turns out that Allah has revealed the secret behind the verse: *"...fear Allah, O you who have thoughts, you who believe...(Ath Thalaq: 65: 10)*

Well, apparently, with *"... people who have thoughts, you who believe ... (Ath Thalaq: 65: 10)* it is very necessary to maintain and develop what has been revealed to the Prophet Muhammad saw.

So, actually, with *"...those who believe...(Ath Thalaq: 65: 10) "...who have thoughts....(Ath Thalaq: 65: 10)*, who will defend and develop what was revealed to the Prophet Muhammad saw, then the new Prophet does not need to be appointed by Allah.

Now, what are the Wahhabis in Saudi Arabia doing, who have the mind to stay in place, referring to their ancestors who lived 1364 years ago, 3 generations after the Prophet Muhammad saw died, without using reason, not as commanded by Allah to *"...those who believe...(Ath Thalaq: 65: 10) "...who have thoughts....(Ath Thalaq: 65: 10)*, who will defend and develop what was revealed to the Prophet Muhammad saw.

Why do the Wahhabis in Saudi Arabia try to stay in place and refer to their ancestors who lived

1364 years ago, 3 generations after the Prophet Muhammad died?

The answer is, because the Wahhabi people only see the Al-Quran and Sunnah without actually understanding them. Wahhabis do not understand the real Allah.

Well, the easiest way for the Wahhabis without using the mind is to refer to the first to the third generation of ancestors from the time of the Prophet Muhammad saw.

Or in other words, the Wahhabis in Saudi Arabia, who have the mind to stay in place, refer to their ancestors who lived 1364 years ago, 3 generations after the Prophet Muhammad saw died.

As a result of this shallow thinking of the Wahhabi people, Muslims are led to the street on the spot, without understanding the real Allah, the Koran is only material for eye gaze and surface reading.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"... if you decide the punishment for deeds between them according to what Allah has revealed... (Al Maa'idah: 5: 49)" Muhammad is...the Messenger of Allah and the seal of the prophets...(Al Ahzab: 33: 40) "...fear Allah, O you who have thoughts, you who believe...(Ath Thalaq: 65: 10)*

It turns out that Allah has declared *"...if you decide the punishment for deeds between them according to what Allah has revealed...(Al Maa'idah: 5: 49)*
