ABSTRACT

First of all, by asking forgiveness from Allah SWT here the author tries to reveal the signs of Allah SWT's greatness regarding Allah's secret about what is really going on, in hell, the Zaqqum tree can grow, "... *my spirit...* (Al Hijr: 15: 29) or "...*Allah's spirit...*(Al Hijr: 15: 29) eating zaqqum fruit, based on photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)

In the Qur'an, several verses are found that are the key to unlocking the secret of what is really going on, in hell, the Zaqqum tree can grow, "... *my spirit...* (Al Hijr: 15: 29) or "...*Allah's spirit...*(Al Hijr: 15: 29) eating zaqqum fruit, namely the verses:

"will actually eat the tree of zaqqum, (Al Waaqi'ah: 56:52)

"Indeed, the Zaqqum tree (Ad Dukhaan: 44:43)

"food of many sinners. (Ad Dukhaan: 44:44)

"as the filth of oil boils in the stomach, (Ad Dukhaan: 44:45)

"like the boiling of very hot water. (Ad Dukhaan: 44: 46)

"Hold him then drag him into the midst of hell. (Ad Dukhaan: 44:47)

"So they actually eat some of the fruit of the tree, so they fill their stomachs with the fruit of the zaqqum (Ash Shaaffaat: 37: 66)

"Indeed he is a tree that emerges from the bottom of the fiery hell (Ash Shaaffaat: 37: 64)

"Then after eating the fruit of the Zaqqum tree, they will surely get a drink mixed with very hot water (Ash Shaaffaat: 37: 67)

"So when I have perfected the event, and have breathed into it My spirit, then submit to it prostrating yourselves (Al Hijr: 15: 29)

Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all enter say those who enter later among them say to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf: 7:38)

"And thus We made enemies for every prophet, namely the devils of humans and jinn, some of them whispering to others beautiful words to deceive. If your Lord willed, they would not have done it, then leave them and what they invented (Al An'aam: 6:112)

"Saqar does not leave and does not allow (Al Muddatstsir: 74: 28)

"Say: "O Allah, Creator of the heavens and the earth, Who knows the unseen and the real, You are the One who decides between Your servants what they always argue about"(Az Zumar: 39: 46)

"O you who believe, protect yourselves and your families from a hell fire whose fuel is humans and stones; its guardians are angels who are harsh, harsh, and do not disobey Allah in what He commands them and always do what He is commanded. (At Tahrīm: 66:6)

In an effort to open the veil about Allah's secret about what is really going on, in hell, the Zaqqum tree can grow, *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* eating zaqqum fruit, the authors based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis in hell, the zaqqum tree can grow, can grow, *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* eating zaqqum fruit, because zaqqum fruit contains hydrogen atoms, oxygen atoms and carbon atoms, based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or nucleic acid molecular structure.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms. 2 oxygen atoms and 8 hydrogen atoms.

WHAT IS ACTUALLY, IN HELL, THE ZAQQUM TREE CAN GROW, THE SPIRIT OF ALLAH EATS THE FRUIT OF ZAQQUM

Now, we are still concentrating on uncovering the secret contained behind the verse: *"... he is a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)*

Apparently, here Allah has declared *"... he is a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)*

Now the question arises,

What does Allah actually mean *"...a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)* ?

Well, the answer is in the secret behind the verse: *"... the zaqqum tree... (Ash Shaaffaat: 37: 67)*

It turns out, *"... the zaqqum tree...(Ash Shaaffaat: 37: 67)* grows *"...from the bottom of the burning hell (Ash Shaaffaat: 37: 64)* ?

Now, the question arises again,

What's up with the *"...zaqqum tree...(Ash Shaaffaat: 37:67)* that grows *"... from the bottom of the*

burning hell (Ash Shaaffaat: 37:64) ?

Well the secret is hidden behind the verse: ***"... I... have breathed into it my spirit... (Al Hijr: 15: 29)***

Apparently, in the zaqqum tree there is already ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** which contains oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms.

The question arises again,

Why did Allah blow ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** into the zaqqum tree?

The answer is

Because all trees have Deoxyribonucleic acid (DNA) the same as Deoxyribonucleic acid (DNA) in the human body.

Now, because the fuel of hell is hydrogen atoms, the zaqqum tree which contains hydrogen atoms can grow and come out of the bottom of hell.

That is, in the hell environment that needs hydrogen atom fuel, some of its hydrogen atoms are obtained from the zaqqum tree.

Now, the question arises again,

Why ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** ***"... actually ate some of the fruit of the tree, then they fill their bellies with the fruit of zaqqum (Ash Shaaffaat: 37: 66)?***

The answer is hidden in the secret behind the verse:

Because ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** requires hydrogen atoms, to stay alive in hell.

Some of the hydrogen atoms from the body ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** have been used as fuel for hell, because hell requires hydrogen atoms for the fuel.

Now, Allah also declares ***"as filth of oil that boils in the stomach (Ad Dukhaan: 44:45) "as boiling hot water (Ad Dukhaan: 44:46)***

Well, it turns out, from the zaqqum fruit, oil and water are released.

It means, ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** requires oil and water.

Why does ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** need oil and water?

The answer is

Because oil and water contain hydrogen atoms. With the presence of hydrogen atoms in oil and water, ***"... my spirit... (Al Hijr: 15: 29)*** or ***"...Allah's spirit...(Al Hijr: 15: 29)*** will still live in hell .

This is the real secret, why Allah declared ***"Verily he is a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)***

Because of the fruit of zaqqum, which *"...tree(its)...out of the bottom of the fiery hell (Ash Shaaffaat: 37: 64)* gives hydrogen atoms to live *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* and for fuel for hell.

CONCLUSION

Based on the description above, we can conclude that the secret contained behind the verse: *"... he is a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)*

Apparently, here Allah has declared *"... he is a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)*

Now the question arises,

What does Allah actually mean *"...a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)* ?

Well, the answer is in the secret behind the verse: *"... the zaqqum tree... (Ash Shaaffaat: 37: 67)*

It turns out, *"... the zaqqum tree...(Ash Shaaffaat: 37: 67)* grows *"...from the bottom of the burning hell (Ash Shaaffaat: 37: 64)* ?

Now, the question arises again,

What's up with the *"...zaqqum tree...(Ash Shaaffaat: 37:67)* that grows *"... from the bottom of the burning hell (Ash Shaaffaat: 37:64)* ?

Well the secret is hidden behind the verse: *"... I... have breathed into it my spirit... (Al Hjr: 15: 29)*

Apparently, in the zaqqum tree there is already *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* which contains oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms.

The question arises again,

Why did Allah blow *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* into the zaqqum tree?

The answer is

Because all trees have Deoxyribonucleic acid (DNA) the same as Deoxyribonucleic acid (DNA) in the human body.

Now, because the fuel of hell is hydrogen atoms, the zaqqum tree which contains hydrogen atoms can grow and come out of the bottom of hell.

That is, in the hell environment that needs hydrogen atom fuel, some of its hydrogen atoms are obtained from the zaqqum tree.

Now, the question arises again,

Why *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* *"... actually ate some of the fruit of the tree, then they fill their bellies with the fruit of zaqqum (Ash Shaaffaat: 37: 66)?*

The answer is hidden in the secret behind the verse:

Because *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* requires hydrogen atoms, to stay alive in hell.

Some of the hydrogen atoms from the body *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* have been used as fuel for hell, because hell requires hydrogen atoms for the fuel.

Now, Allah also declares *"as filth of oil that boils in the stomach (Ad Dukhaan: 44:45) "as boiling hot water (Ad Dukhaan: 44:46)*

Well, it turns out, from the zaqqum fruit, oil and water are released.

It means, *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* requires oil and water.

Why does *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* need oil and water?

The answer is

Because oil and water contain hydrogen atoms. With the presence of hydrogen atoms in oil and water, *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* will still live in hell .

This is the real secret, why Allah declared *"Verily he is a tree that comes out of the bottom of the burning hell (Ash Shaaffaat: 37: 64)*

Because of the fruit of zaqqum, which *"...tree(its)...out of the bottom of the fiery hell (Ash Shaaffaat: 37: 64)* gives hydrogen atoms to live *"... my spirit... (Al Hjr: 15: 29)* or *"...Allah's spirit...(Al Hjr: 15: 29)* and for fuel for hell.
