ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of Allah SWT's greatness regarding what exactly is the source of life in paradise and in hell so that my spirit can live eternally, according to human calculations, seen from photons, quarks and molecular structures. nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tools about what is actually the source of life in paradise and in hell so that my spirit can live eternally, according to human calculations, namely the verses:

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"And for every human being We have fixed his deeds on his neck. And We will bring out for him on the Day of Resurrection a book which he finds open. (Al Israa ': 17:13)

"Read your book, it is enough for yourself at this time as a remembrance against you." (Al Israa ': 17: 14)

"Thus We have revealed to you the Qur'an in Arabic, so that you warn the people of Qura and the people around them and warn about the day of gathering in which there is no doubt. A group will enter Paradise, and a group will enter Hell. (Ash Shuura : 42: 7)

And We said: "O Adam, dwell in this paradise for you and your wives, and eat from its abundant good food wherever you like, and do not approach this tree, which causes you to be of the wrongdoers. (Al Baqarah: 2:35)

"The paradise of 'Adn which they enter into, rivers flow under it, in that paradise they will find everything they want. Thus Allah will reward those who are pious, (An Nahl: 16: 31)

"In Paradise there will be a lot of fruit for you, some of which you eat. (Az Zukhruf: 43:73)

"Enter you into heaven, you and your wives will be rejoiced." (Az Zukhruf: 43:70)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises in which rivers flow. forever. They stay in it. That's a big win. (At Taubah: 9: 100)

"When the sun is rolled up, (At Takwiir: 81: 1)

Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all enter say those who enter later among them say to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf

: 7:38)

"And verily We made for Hell most of the jinn and humans, they have hearts, but they do not use to understand and they have eyes they do not use to see, and they have ears they do not use to hear. They are like cattle, they are even more astray. They are the ones who are negligent. (Al A'raaf: 7:179)

"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)

"Their faces will be burned by the fire of hell, and they will be in that hell in disfigurement. (Al Mu'minun: 23:104)

In an effort to open the veil of Allah's secret about what is really the source of life in paradise and in hell so that my spirit can live eternally, according to human calculations, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that the source of life in heaven and in hell so that my spirit can live eternally are hydrogen atoms, helium atoms, oxygen atoms, viewed from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHO LIVES IN PARADISE AND HELL IS MY SPIRIT WITH THE SOURCE OF LIFE FROM THE ENERGY OF ALLAH WHICH FOUNDED THE ATOMS

Now, we are still focusing all our minds on uncovering the secrets that are hidden behind the verse: *"Enter you into paradise, you and your wives... (Az Zukhruf: 43: 70) "...We made for Hell mostly from jinn and humans...(Al A'raaf : 7:179)*

Now, the question arises

In what form *"...you and your wives...(Az Zukhruf: 43:70)* live in paradise?

The answer is

Hidden in the secret behind the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

It turns out, *"...you and your wives...(Az Zukhruf: 43:70)* who live in paradise are in the form of *"...my spirit...(Shaad: 38:72)*

Why "...you and your wives...(Az Zukhruf: 43:70) who live in paradise are in the form of "...My spirit...(Shaad: 38:72) ?

Because "...my spirit...(Shaad: 38:72) who will live eternally in paradise "...They will abide in it...(At Taubah: 9:100)

Now the question arises,

How long does "...my spirit...(Shaad: 38: 72) which is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms live eternally in heaven?

The answer is

"...My spirit...(Shaad : 38:72) will live forever in paradise for **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years from now.

After that these atoms disappear, because the nuclear force that binds the quarks present in the atom is lost. What remains are quarks, where these quarks are the nucleus of the atom. This quark is what remains.

So, actually "...you and your wives...(Az Zukhruf: 43:70) who live in paradise in the form of "...my spirit...(Shaad: 38:72) are impermanent, which eternal are quarks.

Where these quarks are formed by Allah's energy, while Allah's energy comes from Allah.

WHY THOSE WHO LIVE IN PARADISE AND HELL HAVE NO BODY, BUT JUST MY SPIRIT

Now, most of the people in the world still think that those who live in paradise and hell are in the form of my body and spirit.

In fact, the so-called human body is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

So, actually what is meant by the human body are hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Well, the human body is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms in which there is "...my spirit...(Shaad: 38:72) this is what lives in paradise and in hell.

Or in other words, what lives in heaven and in hell is "...my spirit...(Shaad: 38:72) which is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

THE SOURCES OF MY SPIRIT'S LIFE IN PARADISE AND HELL ARE THE HYDROGEN ATOM AND OXYGEN ATOM

Well, now it's been revealed, where the source of life "...my spirit...(Shaad: 38:72) in paradise and in hell is hydrogen atoms and oxygen atoms.

Where are the hydrogen atoms and nitrogen atoms that make "...my spirit...(Shaad : 38:72) live in

heaven and in hell for **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years from now.

So, if in heaven there are “... *rivers flowing under it, in heaven they get everything they want...* (An *Nahl: 16: 31*) it's all in the form of hydrogen atoms and oxygen atoms. Like water flowing in rivers, it means water in the form of hydrogen atoms and oxygen atoms.

Likewise in hell, “*Their faces are burned by the fire of hell, and they are in that hell disfigured.* (Al *Mu'minun: 23:104*)

That is, the inhabitants of hell who “... *mostly from jinn and humans ...* (Al *A'raaf: 7: 179*) “*Their faces are burned by hell fire ...* (Al *Mu'minuun: 23:104*)

Well, the fuel “...*hell fire...*(Al *Mu'minuun: 23:104*) is hydrogen atoms. So, actually “...*jinn and humans...*(Al *A'raaf: 7:179*) who live in hell are burned with hydrogen atomic fuel.

Or in other words, “...*my spirit...*(*Shaad : 38:72*) that lives in hell is burned with hydrogen atoms.

CONCLUSION

Based on the description above, we can conclude that the secrets that are hidden behind the verse: “*Enter you into paradise, you and your wives...* (Az *Zukhruf: 43: 70*) “...*We made for Hell mostly from jinn and humans...*(Al *A'raaf : 7:179*)

Now, the question arises

In what form “...*you and your wives...*(Az *Zukhruf: 43:70*) live in paradise?

The answer is

Hidden in the secret behind the verse: “...*I breathed into him my spirit...*(*Shaad: 38: 72*)

It turns out, “...*you and your wives...*(Az *Zukhruf: 43:70*) who live in paradise are in the form of “...*my spirit...*(*Shaad: 38:72*)

Why “...*you and your wives...*(Az *Zukhruf: 43:70*) who live in paradise are in the form of “...*My spirit...*(*Shaad: 38:72*) ?

Because “...*my spirit...*(*Shaad: 38:72*) who will live eternally in paradise “...*They will abide in it...*(At *Taubah: 9:100*)

Now the question arises,

How long does “...*my spirit...*(*Shaad: 38: 72*) which is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms live eternally in heaven?

The answer is

“...*My spirit...*(*Shaad : 38:72*) will live forever in paradise for **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years from now.

After that these atoms disappear, because the nuclear force that binds the quarks present in the atom

is lost. What remains are quarks, where these quarks are the nucleus of the atom. This quark is what remains.

So, actually "*...you and your wives...(Az Zukhruf: 43:70)* who live in paradise in the form of "*...my spirit...(Shaad: 38:72)* are impermanent, which eternal are quarks.

Where these quarks are formed by Allah's energy, while Allah's energy comes from Allah.

Now, most of the people in the world still think that those who live in paradise and hell are in the form of my body and spirit.

In fact, the so-called human body is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

So, actually what is meant by the human body are hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Well, the human body is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms in which there is "*...my spirit...(Shaad: 38:72)* this is what lives in paradise and in hell.

Or in other words, what lives in heaven and in hell is "*...my spirit...(Shaad: 38:72)* which is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Well, now it's been revealed, where the source of life "*...my spirit...(Shaad: 38:72)* in paradise and in hell is hydrogen atoms and oxygen atoms.

Where are the hydrogen atoms and nitrogen atoms that make "*...my spirit...(Shaad : 38:72)* live in heaven and in hell for **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years from now.

So, if in heaven there are "*... rivers flowing under it, in heaven they get everything they want... (An Nahl: 16: 31)* it's all in the form of hydrogen atoms and oxygen atoms. Like water flowing in rivers, it means water in the form of hydrogen atoms and oxygen atoms.

Likewise in hell, "*Their faces are burned by the fire of hell, and they are in that hell disfigured. (Al Mu'minun: 23:104)*

That is, the inhabitants of hell who "*... mostly from jinn and humans ... (Al A'raaf: 7: 179)* "*Their faces are burned by hell fire ... (Al Mu'minuun: 23:104)*

Well, the fuel "*...hell fire...(Al Mu'minuun: 23:104)* is hydrogen atoms. So, actually "*...jinn and humans...(Al A'raaf: 7:179)* who live in hell are burned with hydrogen atomic fuel.

Or in other words, "*...my spirit...(Shaad : 38:72)* that lives in hell is burned with hydrogen atoms.
