ABSTRACT

Before the author writes about why Allah created angels and devil, because human life to be balanced, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret of why Allah created angels and devil, because human life to be balanced, based on deoxyribonucleic acid (DNA).

There are several verses that are Allah's secret tools about why Allah created angels and devil, because human life to be balanced, namely the following verses:

"And indeed We have created human from an essence from the soil (Al Mu'minuun: 23: 12)

"Then when I have perfected the body and I have breathed on him my spirit, then you should fall down prostrating to him." (Shaad: 38: 72)

"And when We said to the angels: "You bow down to Adam," then they bowed down except for devil; he was reluctant and arrogant and he was one of those who disbelieved. (Al Baqarah: 2: 34)

"And when We said to the angels: "You bow down to Adam, then they prostrate except devil. He is from the class of jinn, so he went against the command of his God. Should you take him and his descendants as leaders besides Me, while they are your enemies? It is very bad for the devil to be a substitute for the wrongdoers. (Al-Kahfi : 18: 50)

"And there is no devil's power over human, but only so that We can distinguish those who believe in the existence of the afterlife from those who are doubtful about it. And your God is Sustainer of all things. (Saba': 34: 21)

"Allah has created seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

"The angel replied: "Glory to You, we know nothing other than what You have taught us, Verily, You are the All-Knowing, All-Wise (Al Baqarah: 2: 32)

"Allah said: "What prevented you from prostrating when I told you to?" Answered the devil "I am better than Adam: You created me from fire while You created Adam from soil." (Al A'raaf: 7: 12)

In an effort to uncover Allah's secret veil about why Allah created angels and devil, because human life to be balanced, the author uses deoxyribonucleic acid as a basis.

HYPOTHESIS

Here the author proposes a hypothesis why Allah created angels and devil, because human life to be

balanced, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20 % atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

WHY ALLAH CREATED ANGELS AND DEVIL, BECAUSE OF HUMAN LIFE TO BE BALANCED

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"...seven skys...balanced (Al Mulk: 67: 3)"...there is no devil's power over human, but only so that We can distinguish those who believe in the existence of the afterlife from those who are doubtful about it... (Saba': 34: 21)"...Answered the devil "I am better than Adam: You created me from fire while You created Adam from soil"(Al A'raaf: 7: 12) "...The angel replied: "Glory to You, we know nothing other than what You have taught us...(Al Baqarah: 2: 32)*

Well, it turns out, from the declaration of Allah or Jahve or Adonai, it is revealed that before Adam was created, angels and devil had been created *"... I have breathed on him my spirit, then you should fall down prostrating to him (Shaad: 38: 72)*

Now, the question arises,

Why did Allah create angels and devil before Adam was created?

The answer is in the secret behind the verse: *"Allah has created seven skys...balanced (Al Mulk : 67: 3)*

Well, *"...seven skys...balanced (Al Mulk : 67: 3)*

That is, whatever is in the universe or in *"...seven skys...balanced (Al Mulk: 67: 3)*

Likewise with humans. Humans must be balanced, there are good and bad. Some are positive and some are negative.

So, in order for human life *"... to be balanced (Al Mulk: 67: 3)*, then Allah or Jahve or Adonai, created angels and devil before Adam was created.

Where the angel is a symbol that refers to *"...we know nothing other than what You have taught us, Verily, You are the All-Knowing...(Al Baqarah: 2: 32)*

Meanwhile, the devil is a symbol that refers to *" I am better than Adam, You created me from fire while You created Adam from soil (Al A'raaf: 7: 12)*

Or in other words, angels were created from *"...my spirit...(Shaad : 38: 72)* or *"...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai, which was built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Meanwhile, the devil *"...created...from fire (oxygen atoms) while Adam...was created from soil (hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms) (Al A'raaf: 7: 12)*

Well, here, there are two poles, namely, the positive pole and the negative pole.

The positive pole, leads to surrender, *"...We said to the angels: "You bow down to Adam, then they prostrate...(Al Kahf: 18: 50)*

Meanwhile, the negative pole, leads to opposition, the devil *"... against the commands of his God...(Al Kahf: 18: 50)*

So, in fact, Allah or Jahve or Adonai, created the devil *"...so that We can distinguish those who believe in the existence of the afterlife from those who are doubtful about it...(Saba': 34: 21)*

Or it could also be said, in the human mind, there are thoughts that lead to negative actions, due to the influence of the oxygen atoms that come from the devil's body. There are thoughts that lead to positive actions, because of the influence of angels created from *"...my spirit...(Shaad : 38: 72)* or *"...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai, which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, the same as those in the human body.

CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: *"...seven skys...balanced (Al Mulk: 67: 3)"...there is no devil's power over human, but only so that We can distinguish those who believe in the existence of the afterlife from those who are doubtful about it...(Saba': 34: 21)"...Answered the devil "I am better than Adam: You created me from fire while You created Adam from soil"(Al A'raaf: 7: 12) "...The angel replied: "Glory to You, we know nothing other than what You have taught us...(Al Baqarah: 2: 32)*
