ABSTRACT

Before the author writes about the problem of why Arabs and Turks prefer to establish a secular state, even though the population is a majority of Muslim, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of why Arabs and Turks prefer to establish a secular state, even though the population is a majority of Muslim, based on Deoxyribonucleic acid (DNA)

There are several verses that reveal Allah's secret about why Arabs and Turks prefer to establish a secular state, even though the population is a majority of Muslim, namely the following verses:

"Indeed, Allah commands you to convey messages to those who are entitled to receive them, and when stipulating laws between people, so that you determine fairly. Indeed, Allah gives the best teaching to you. Indeed, Allah is All-Hearing, All-Seeing. (An Nisaa ' : 4 : 58)

"O you who believe, obey Allah and obey the Messenger and ulil amri among you. Then if you differ in opinion about something, then return it to Allah and the Messenger, if you really believe in Allah and the Last Day. That is that is more important and the result is better (An Nisaa' : 4: 59)

"O David, indeed We have made you caliphs on earth, so judge between people fairly and do not follow your desires, for it will lead you astray from Allah's way. Verily, those who go astray from Allah's way will receive a severe punishment. heavy, because they forgot the day of reckoning (Shaad : 38: 26)

"Remember when your Lord said to the Angels: "Indeed I want to make a vicegerent on earth." They said: "Why do you want to make (the caliph) on earth someone who will make mischief on it and shed blood, even though we always glorify with praise You and purify You?" God said: "Verily I know what you do not know." (Al Baqarah: 2: 30)

"Then when I have perfected what happened and I have breathed on him my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"He arranges affairs from skys to earth, then it rises to Him in one day, the amount of which is a thousand years according to your calculations (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day which is fifty thousand years (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

"those who remember Allah while standing or sitting or lying down and they think about the creation of the hskys and the earth: "O our Lord, you did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran : 3: 191)

"And they ask you about the spirit. Say: "The spirit is a matter of my Lord, and you are not given knowledge but a little." (Al Israa ': 17: 85)

"God created the skys and the earth with rights. Indeed, in that there are signs of God's power for the believers (Al 'Ankabuut: 29: 44)

"And if you punish the deeds between them, by what Allah has revealed, and do not follow their lusts. And be careful towards them, so that they do not turn you away from part of what Allah has revealed to you. If they turn away, then know that in fact Allah wills that calamity befalls them due to some of their sins. And in fact most people are wicked people (Al Maa'idah: 5: 49)

"an Apostle who reads to you the verses of Allah which explain that He brings out those who believe and do good deeds from darkness to light. And whoever believes in Allah and does good deeds, surely Allah will enter him into Gardens flowing in rivers beneath it; they will abide therein forever. Verily, Allah will give him good sustenance (Ath Thalaq: 65: 11)

"And why don't they think about themselves? God did not create the skys and the earth and what is between them except by right and a determined time. And most of the people really deny the meeting with their Lord. (Ar Ruum: 30) : 8)

"...And the weak, both men, women and children who all pray: O our Lord, take us out of this land whose inhabitants are oppressors... (An-Nisa: 4: 75)

"O you who believe, obey Allah and obey the Messenger and the ulil amri among you. Then if you disagree about something, then return it to Allah and the Messenger, if you truly believe in Allah and the Last Day. Such that is more important and better as a result (An Nisaa' : 4: 59)

"And when news of peace or fear comes to them, they broadcast it. And if they deliver a news to the Messenger and the ulil amri among them, surely those who want to know the truth will know from them. If not because of the grace and God's mercy be upon you, surely you follow the devil, except for a small part (An Nisaa': 4: 83)

"And those who accept the call of their Lord and establish prayer, and their affairs with consultation among themselves; and they spend part of the sustenance We give them. (Ash Shura: 42: 38)

In an effort to open the veil of Allah's secret about why Arabs and Turks prefer to establish a secular state, even though the population is a majority of Muslim, the author uses the basis of deoxyribonucleic acid.

HYPOTHESIS

Here the author proposes the hypothesis that Arabs and Turks prefer to establish a secular state, even though the majority of the population is Muslim, because they do not know and do not understand that the Prophet Muhammad saw, established the first Islamic state in the world, in Medina, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know the quark, then we look at one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Next if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a warehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are repeatedly composed of nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. Nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are available around us and in the atmosphere.

WHY ARABS AND TURKS PREFER TO ESTABLISH A SECULAR STATE, EVEN THOUGH THE POPULATION IS A MAJORITY OF MUSLIM

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"...those who believe obey Allah (Al-Quran) and obey the Messenger (Sunnah)...(An Nisaa' : 4: 59)*

Apparently, here Allah has declared, the laws have been revealed in Medina, because in Medina the first Islamic State in the world was established by the Apostle, Prophet and Head of State Muhammad saw, then when *"...established the law...(An Nisaa' : 4: 58) "...with what Allah revealed...(Al Maa'idah : 5: 49)"...with justice...(An Nisaa' : 4: 58)*

Also because in the first Islamic State in the world founded by the Apostle, Prophet and Head of State Muhammad saw there was already a government *"...ulil amri...(An Nisaa' : 4: 59)*, the people must *"... obey ...to ulil amri...(An Nisaa' : 4: 59)*

Likewise, when *"...ulil amri...(An Nisaa' : 4: 59)* performs government duties *"...conveying the mandate to the people...who are entitled to receive it...(An Nisaa' : 4: 58)*

In the first Islamic State in the world that was founded by the Apostle, Prophet and Head of State Muhammad saw, when discussing state affairs it was carried out *"... by deliberation ... (Asy Syuura: 42: 38)*. Or in other words, in the first Islamic State in the world founded by the Apostle, Prophet and Head of State Muhammad saw, there was already an institution *"... deliberative... (Asy Syuura: 42: 38)*

Also in the world's first Islamic State founded by the Apostle, Prophet and Head of State Muhammad saw, it also has a constitution made based on the results of a political agreement between the Muslims (Khazraj tribe, Aus tribe and immigrants) and Jews (Qainuqa tribe, Bani

Nadhir, and Bani Quraizah) who existed and settled in Yathrib or Medina now.

Where in the constitution which became the foundation of the first Islamic State in the world founded by the Apostle, Prophet and Head of State Muhammad saw, includes the formation of the ummah, human rights, unity of religions, unity of all citizens, minorities, duties of citizens, protecting the state, state leadership and peace politics.

As a minority group, they are given the freedom to embrace their own religion. Under the protection of human rights, every tribe is given the freedom to maintain their customs.

So, in fact, the first Islamic State in the world founded by the Apostle, Prophet and Head of State Muhammad saw is a modern state in the world.

Now, the question arises,

Why do Arabs and Turks prefer to establish a secular state, even though the population is predominantly Muslim?

Well, the answer is because the Arabs and the leaders in the secular Arab countries did not understand and did not know that the Prophet Muhammad saw had founded the world's first Islamic State.

Even though there has been an Islamic Government Leadership run by companions, after the death of the Prophet Muhammad saw, it was continued and developed by Abu Bakr, Umar bin Khattab, Usman bin Affan, Ali bin Abi Talib between 11 H-40 H, 632 M- 661 AD, which was known as Khulafaur Rasyidin, but not like that carried out by the Apostle, Prophet and Head of State Muhammad saw.

The leadership of the Islamic State after the death of the Prophet Muhammad saw, is called the Caliph *"...I want to make a caliph on the face of the earth...(Al Baqarah: 2: 30)" O David...We make you a caliph on the face of the earth.. .(Shaad : 38: 26)*

Abu Bakr was elected as the first Caliph. After that he was replaced by Umar bin Khattab, at the suggestion of Abu Bakr. When Umar bin Khattab was killed, he was replaced by Usman bin Affan. Also when Usman bin Affan was killed, replaced by Ali bin Abi Talib.

It turns out, if studied, that the first Islamic State in the world was established by the Messenger, Prophet and Head of State Muhammad, after the death of the Prophet Muhammad, continued by Abu Bakar, Umar bin Khattab, Usman bin Affan, Ali bin Abi Talib between the year 11 H- 40 H, 632 AD-661 AD, using the caliphate system. That is, the Islamic Head of State is called the Caliph. Or in other words, *"...ulil amri...(An Nisaa' : 4: 59)* is called Caliphate.

Well, the leadership *"...ulil amri...(An Nisaa': 4: 59)* or this Caliphate, did not last long, only between the year 11 H until the year 40 H, or between the year 632 AD until the year 661 AD.

Well, apparently, the leadership *"...ulil amri...(An Nisaa' : 4: 59)* or this Caliphate, only lasted 29 years.

Now, what happened after the caliphate system was used in the first Islamic State in the world established by the Apostle, Prophet and Head of State Muhammad saw?

Apparently, a dynasty system appeared, if now, the dynasty model of the Kingdom of Saudi Arabia.

The caliphate system was replaced by a dynasty system, such as the Umayyad Dynasty (40 AH-132 AH, 661 AD-750 AD) which is called a monarchy. Abbassiyah Dynasty I (132 AH-218 AH, 750 AD-833 AD) which is called monarchy. The second Abbassiyah dynasty (218 AH-247 AH, 833 AD-816 AD) is called an absolute monarchy. The third Abbassiyah dynasty (247 AH-322 AH, 816 AD-934 AD) which is called the age of anarchy. Dictator period (Amirul umara) (324 H-334 H, 934 AD-945 AD). Bani Buyah Sultan Dynasty (334 H-467 H, 945 AD-1075 AD). Fathimiyah dynasty (297 AH-567 AH, 909 AD-1171 AD) which is called a theocracy. The Umayyad Dynasty in Andalus (300 H-422 H, 912 AD-1031 AD). The Ottoman dynasty in Turkey (699 AH-1341 AH, 1385 AD-1923 AD) which is called a dictatorial sultan's autocracy.

So, in fact, after the death of the Prophet Muhammad saw, from the year 40 AH to the year 1341 AH, or from the year 750 AD to the year 1923 AD, the first Islamic State in the world established by the Apostle, Prophet and Head of State Muhammad saw was forgotten and replaced with a hereditary model or a sultanate model, including the current model of the Kingdom of Saudi Arabia.

Although there is now an Islamic State of Iran, but the Islamic State of Iran is no different from the dynasty system, only the name has been replaced with the Imamate system.

Likewise with the Islamic State of Pakistan, which is in the form of a presidential system, a European model, not modeled after the first Islamic State in the world established by the Apostle, Prophet and Head of State Muhammad saw.

So now, why do the Arabs and Turks prefer to establish a secular state, even though the majority of the population is Muslim, because indeed the ancestors of the Arabs from the Umayyad period (40 AH-132 AH, 661 AD-750 AD), as well as since the ancestors of the Turks, the Ottomans in Turkey (699 AD-1341 AD, 1385 AD-1923 AD) have deviated from the example of the first Islamic State in the world established by the Apostle, Prophet and Head of State Muhammad saw.

Or in other words, Arabs in Arab countries and Turks in Turkey, do not know that there is already the first Islamic State in the world established by the Apostle, Prophet and Head of State Muhammad saw in the year 1 H or 621 AD.

CONCLUSION

From what has been explained above, it can be concluded that the secrets contained behind the verses: *"...those who believe obey Allah (Al-Quran) and obey the Messenger (Sunnah)...(An Nisaa' : 4: 59)*

Apparently, here Allah has declared, the laws have been revealed in Medina, because in Medina the first Islamic State in the world was established by the Apostle, Prophet and Head of State Muhammad saw, then when *"...established the law...(An Nisaa' : 4: 58) "...with what Allah revealed...(Al Maa'idah : 5: 49)"...with justice...(An Nisaa' : 4: 58)*
