**ABSTRACT**

Before the author writes about why the Islamic Republic of Pakistan and the Islamic Republic of Iran do not set an example, for all Muslims in the world, and did not follow, the first Islamic State, founded by the Prophet Muhammad saw in Medina, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of why the Islamic Republic of Pakistan and the Islamic Republic of Iran do not set an example, for all Muslims in the world, and did not follow, the first Islamic State, founded by the Prophet Muhammad saw in Medina, based on Deoxyribonucleic acid ( DNA)

There are several verses that reveal Allah's secret about why the Islamic Republic of Pakistan and the Islamic Republic of Iran do not set an example, for all Muslims in the world, and did not follow, the first Islamic State, founded by the Prophet Muhammad saw in Medina, namely the following verses:

*"And if you punish the deeds between them, by what Allah revealed, and do not follow their lusts. And be careful towards them, so that they do not turn you away from part of what Allah has revealed to you. If they turn away, then know that in fact Allah wills that calamity befalls them due to some of their sins. And in fact most people are wicked people (Al Maa'idah: 5: 49)*

*"O you who believe, obey Allah and obey the Messenger and ulil amri among you. Then if you differ in opinion about something, then return it to Allah and the Messenger, if you really believe in Allah and the Last Day. That is that is more important and the result is better (An Nisaa ': 4: 59)*

*"And when news comes to them about security or fear, they then broadcast it. And if they submit a news to the Apostle and ulil amri among them, of course those who want to know the truth will know from them. If it were not for grace and Allah's mercy on you, of course you follow satan, except for a small part (An Nisaa ': 4: 83)*

*"And those who accept the call of their Lord and establish prayer, and their interests by deliberation between them, and they spend part of the sustenance that We give them. (Asy Syuura: 42: 38)*

*"Indeed, Allah commands you to convey messages to those who are entitled to receive them, and when stipulating laws between people, so that you determine fairly. Indeed, Allah gives the best teaching to you. Indeed, Allah is All-Hearing, All-Seeing. (An Nisaa ': 4 : 58)*

*"Those who eat usury cannot stand but stand like a person who has been possessed by a devil due to madness. Their situation is like that, is because they say, actually buying and selling is the same as usury, even though Allah has justified buying and selling and forbidding usury. Those who have received a prohibition from their God, then continue to stop, then for him what he took before and his business is with Allah. Whoever returns, then that person is the inhabitants of hell; they will remain therein (Al Baqarah: 2: 275)*

***"Indeed, the zakat is only for the needy, the poor, administrators of zakat, converts whose hearts are persuaded, for slaves, people who are in debt, for the way of Allah and for those who are in journey, as a decree obligatory by Allah, and Allah is All-Knowing, All-Wise (At Tawbah: 9: 60)***

In an effort to reveal Allah's secret veil about why the Islamic Republic of Pakistan and the Islamic Republic of Iran do not set an example, for all Muslims in the world, and did not follow, the first Islamic State, founded by the Prophet Muhammad saw in Medina, the authors used deoxyribonucleic acid as a basis.

## **HYPOTHESIS**

Here the author proposes a hypothesis why the Islamic Republic of Pakistan and the Islamic Republic of Iran do not set an example, for all Muslims in the world, and did not follow, the first Islamic State, founded by the Prophet Muhammad saw in Medina, based on Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## **QUARK**

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## **DEOXYRIBONUCLEATED ACID (DNA)**

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## **WHY THE ISLAMIC REPUBLIC OF PAKISTAN AND THE ISLAMIC REPUBLIC OF IRAN DON'T SET AN EXAMPLE, FOR ALL MUSLIMS IN THE WORLD, AND DID NOT FOLLOW, THE FIRST ISLAMIC STATE, FOUNDED BY THE PROPHET MUHAMMAD SAW IN MEDINA**

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"...if you punish the deeds between them, by what Allah revealed...(Al Maa'idah: 5: 49)"...their interests by*

*deliberation between them...(Asy Syuura: 42: 38) "...when stipulating laws between people, so that you determine fairly...(An Nisaa': 4: 58) "...obey Allah and obey the Messenger and ulil amri...(An Nisaa' : 4: 59)*

Well, it turns out, here, Allah has declared, in an Islamic State there are 3 important factors,

First, *"...if you punish the deeds between them, by what Allah revealed... (Al Maa'idah: 5: 49) "...their interests by deliberation between them...(Asy Syuura: 42: 38)*

Second, *"...when stipulating laws between people, so that you determine fairly...(An Nisaa': 4: 58)*

Third, *"...obey Allah and obey the Messenger and ulil amri...(An Nisaa' : 4: 59)*

Or it can be said, 3 important factors according to Allah's declaration are, in the country:

First, there must be a law-making institution that refers to the law of Allah *"...if you punish the deeds between them, by what Allah revealed... (Al Maa'idah: 5: 49) "...their interests by deliberation between them...(Asy Syuura: 42: 38)*

Second, there must be a legal institution that enforces the law *"...when stipulating laws between people, so that you determine fairly...(An Nisaa': 4: 58)*

Third, there must be a Government *"...obey Allah and obey the Messenger and ulil amri...(An Nisaa' : 4: 59)*

Well, these 3 factors are the basis for building an Islamic state, as exemplified by the Prophet Muhammad saw in Medina, 1 Hijrah.

Now, the question arises,

What about the Islamic Republic of Pakistan and the Islamic Republic of Iran, have they followed the first Islamic State founded by the Prophet Muhammad saw, in 1 H (622 H) in Medina?

Well, the answer is, from what has been learned, it turns out that the Islamic Republic of Pakistan and the Islamic Republic of Iran are still not perfectly following the first Islamic State founded by the Prophet Muhammad saw, in 1 H (622 H) in Medina.

In government matters concerning social, economic, trade, finance, education, law, technology, many still refer to the secular system. That is, the system used in secular countries.

Legal issues, in the financial sector, especially those concerning *"...usury...(Al Baqarah: 2: 275)*, are still being carried out, especially when the Government of the Islamic Republic of Pakistan and the Government of the Islamic Republic of Iran, borrowed money from the International Monetary Fund (IMF) ) and the World Bank.

The government of the Islamic Republic of Pakistan has a debt of **90 000 000 000** US dollars in 2019, excluding usury.

The government of the Islamic Republic of Iran has a debt of **80 371 045 000** US dollars in 2020, excluding usury.

So, the law *"...usury...(Al Baqarah: 2: 275)* is still being implemented in the Islamic Republic of Pakistan and the Islamic Republic of Iran, because it borrowed money from the IMF (International

Monetary Fund) and the World Bank.

Likewise with state development funds, where development costs in the Islamic Republic of Pakistan and the Islamic Republic of Iran are partly taken from taxes, whether it is income tax or wealth tax or corporate tax.

Well, here the state development funds are run in the Islamic Republic of Pakistan and the Islamic Republic of Iran through taxes, while the development funds are run by the Prophet Muhammad saw when building and running the first Islamic state in the world, namely by *"...zakat...(At Tauba: 9: 60)*

*"...zakat...(At Taubah: 9: 60)* is actually used to finance the development of the first Islamic state in the world run by the Prophet Muhammad saw.

With the source of the development of the country from *"...the zakat is only for the needy, the poor, administrators of zakat, converts whose hearts are persuaded, for slaves, people who are in debt, for the way of Allah and for those who are in journey..(At Taubah: 9: 60)*

That is, here, with *"...zakat...(At Taubah: 9: 60)* eliminating *"...poverty...(At Taubah: 9: 60)* in the form of improving people's economic life and education. Everyone who has a job is obliged to pay zakat, not only 2.5% but can be increased to 10%. Likewise with wealth zakat, it can be increased to 10%-15%.

Why zakat can be increased?

Because when the Prophet Muhammad saw built the first Islamic state, there was not much need for development funds for the Islamic State, so zakat was only 2.5% enough. However, because now in a country with a population of hundreds of millions of people, for state financing requires more than 2.5% zakat

This is the secret of Allah, which is still not understood by the majority of people in the world, including all Muslims in the world. The cost of developing the first Islamic State under the leadership of the Prophet Muhammad saw was from *"...zakat...(At Taubah: 9: 60).*

Within the Islamic State which refers to the first Islamic State under the leadership of the Prophet Muhammad saw, there are no ideological differences, there are no parties with various ideologies. There is only one constitution or Basic Law which refers to the legal source of the Koran.

Concerning *"..ulil amri...(An Nisaa' : 4: 83)* who will sit in the Government and *"...deliberative bodies...(Asy Syuura : 42: 38)* are not elected, but as envoys or representatives of society with one aim to build the State in social, economic, educational, welfare issues, which is carried out through *"... deliberation between them... (Asy Syuura: 42: 38)*

So now, if you look at the Islamic Republic of Pakistan and the Islamic Republic of Iran, it turns out that the Islamic Republic of Pakistan and the Islamic Republic of Iran, did not follow what had been outlined in the first Islamic State under the leadership of the Prophet Muhammad saw.

## CONCLUSION

From what has been explained above, it can be concluded that the secrets contained behind the verses: *"...if you punish the deeds between them, by what Allah revealed...(Al Maa'idah: 5: 49)"...their interests by deliberation between them...(Asy Syuura: 42: 38) "...when stipulating laws between people, so that you determine fairly...(An Nisaa': 4: 58)"...obey Allah and obey the Messenger and ulil amri...(An*

Well, it turns out, here, Allah has declared, in an Islamic State there are 3 important factors,

First, *"...if you punish the deeds between them, by what Allah revealed... (Al Maa'idah: 5: 49) "...their interests by deliberation between them...(Asy Syuura: 42: 38)*
