ABSTRACT

First, by begging forgiveness from Allah SWT, here the author tries to reveal the signs of Allah SWT's greatness regarding the secret about without Allah's energy and Allah's spirit, impossible, there is monotheism, based on deoxyribonucleic acid (DNA)

Signs of the greatness of Allah SWT concerning without Allah's energy and Allah's spirit, impossible, there is monotheism, found in several verses, namely:

"So when I have perfected the body, and have breathed into him my spirit, then submit to him with prostration (Al Hijr: 15: 29)

"He is the one who gives life and causes death, so when He determines something, He only says to him: be, so be it (Al Mu'min: 40: 68)

"And when Moses came to at the time We had appointed and God had spoken to him, Moses said: "O my God, show me so that I can see You." God said: "You cannot see Me, but look at the mountain If he stays in his place you can see Me." When his God appeared to the mountain, made the mountain crumble to pieces and Musa fell unconscious. So when Musa regained consciousness, he said: "Glory to You, I repent in You and I the first to believe." (Al A'raaf: 7: 143)

"He is the First and the Last, the Zhahir and the Inner; and He is All-Knower of all things. (Al Hadiid: 57: 3)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

In an effort to uncover the greatness of Allah SWT regarding without Allah's energy and Allah's spirit, impossible, there is monotheism, the authors base it on deoxyribonucleic acid (DNA).

HYPOTHESES

Here the author proposes a hypothesis without Allah's energy and Allah's spirit, impossible, there is monotheism, based on deoxyribonucleic acid (DNA)?

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building block of the human body, animals, plants and fruits, as well as inanimate objects. Then we

open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure form a double helix and which contain polynucleotide macromolecules arranged together repeatedly from the nucleotide polymer. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. Nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WITHOUT ALLAH'S ENERGY AND ALLAH'S SPIRIT, IMPOSSIBLE, THERE IS MONOTHEISM

Now, we are still concentrating on uncovering the secret behind the verses: *"He is the First ... (Al Hadiid: 57: 3)" "...look at the mountain... (Al A'raaf: 7: 143)" "...made the mountain crumble to pieces... (Al A'raaf : 7: 143)" "...I... breathed into him my spirit... (Al Hijr : 15: 29)" "...be, so be it (Al Mu'min :40:68)*

Well, here Allah or Jahve or Adonai has opened the secret of Allah's energy or Jahve's energy or Adonai's energy *"...made the mountain crumble to pieces... (Al A'raaf : 7: 143)* and Allah's spirit or Jahve's spirit or Adonai's spirit *"...look at the mountain... (Al A'raaf : 7: 143)* its relation to monotheism *"He is the First ... (Al Hadiid : 57: 3)*

So, Allah's secret or Jahve's secret or Adonai's secret about without Allah's energy or Jahve's energy or Adonai's energy *"...made the mountain crumble to pieces... (Al A'raaf : 7: 143)*, and without Allah's spirit or Jahve's spirit or Adonai's spirit *"...look at the mountain... (Al A'raaf : 7: 143)* it is impossible for there to be monotheism *"He is the First ... (Al Hadiid : 57: 3)*

Well, empirical evidence, monotheism exists, is through the process of **Allah – energy – Allah.**

That is, Allah and Allah's energy are united, Allah and Allah's energy cannot be separated. Talking Allah is talking Allah's energy. Talking about Allah's energy is talking about Allah.

Well, now, there is a law that was first applicable before the seven skys were created by Allah, namely the law of **kun fayakun** *"...be, so be it (Al Mu'min: 40: 68)*

Or in other words, the law of **kun fayakun - Allah - Allah's energy**, is the law that makes Allah exist.

It means **kun fayakun - Allah - Allah's energy**, is a unity that cannot be separated.

With the law of **kun fayakun**, Allah appears. Likewise, with **Allah - kun fayakun**, Allah's energy appears. Without Allah's energy, there is no being of Allah.

So, with the law of **Allah kun fayakun - Allah - Allah's energy**, then within a period of time

0.0000000000 0000000000 0000000000 0000000000 001 seconds, quarks are created, which will become the core of the atom.

This means that 1 second is divided by the sum of the digits 10000000000 0000000000 0000000000 0000000000 000.

It is inconceivable to the human mind how, in a short amount of time, quarks are created by means of Allah's law **kun fayakun - Allah - Allah's energy**

Where was the creation of this quark 13 800 000 000 years ago, in the presence of quarks a hydrogen atom was formed or "...my spirit...(Al Hijr : 15: 29) or "...Allah's spirit...(Al Hijr : 15: 29), then created "...seven skys in layers...(Al Mulk: 67: 3) as it is today.

Well, this is empirical evidence, which proves that without Allah's energy and "...Allah's spirit...(Al Hijr : 15: 29), it is impossible, there is monotheism

Or in other words, Allah exists, through Allah's energy and "...Allah's spirit...(Al Hijr : 15: 29)

CONCLUSION

From what has been described above we can now conclude that the secret behind the verses: "*He is the First ... (Al Hadiid : 57: 3) "...look at the mountain... (Al A'raaf : 7: 143) "...made the mountain crumble to pieces... (Al A'raaf : 7: 143) "...I... breathed into him my spirit... (Al Hijr : 15: 29) "...be, so be it (Al Mu'min : 40:68)*

Well, here Allah or Jahve or Adonai has opened the secret of Allah's energy or Jahve's energy or Adonai's energy "...made the mountain crumble to pieces... (Al A'raaf : 7: 143) and Allah's spirit or Jahve's spirit or Adonai's spirit "...look at the mountain... (Al A'raaf : 7: 143) its relation to monotheism "*He is the First ... (Al Hadiid : 57: 3)*

So, Allah's secret or Jahve's secret or Adonai's secret about without Allah's energy or Jahve's energy or Adonai's energy "...made the mountain crumble to pieces... (Al A'raaf : 7: 143), and without Allah's spirit or Jahve's spirit or Adonai's spirit "...look at the mountain... (Al A'raaf : 7: 143) it is impossible for there to be monotheism "*He is the First ... (Al Hadiid : 57: 3)*

Well, empirical evidence, monotheism exists, is through the process of **Allah – energy – Allah.**

That is, Allah and Allah's energy are united, Allah and Allah's energy cannot be separated. Talking Allah is talking Allah's energy. Talking about Allah's energy is talking about Allah.

Well, now, there is a law that was first applicable before the seven skys were created by Allah, namely the law of **kun fayakun** "...be, so be it (Al Mu'min: 40: 68)

Or in other words, the law of **kun fayakun - Allah - Allah's energy**, is the law that makes Allah exist.

It means **kun fayakun - Allah - Allah's energy**, is a unity that cannot be separated.

With the law of **kun fayakun**, Allah appears. Likewise, with **Allah - kun fayakun**, Allah's energy appears. Without Allah's energy, there is no being of Allah.

So, with the law of **Allah kun fayakun - Allah - Allah's energy**, then within a period of time 0.0000000000 0000000000 0000000000 0000000000 001 seconds, quarks are created, which will become the core of the atom.

This means that 1 second is divided by the sum of the digits **10000000000 0000000000 0000000000 0000000000 000.**

It is inconceivable to the human mind how, in a short amount of time, quarks are created by means of Allah's law **kun fayakun - Allah - Allah's energy**

Where was the creation of this quark **13 800 000 000** years ago, in the presence of quarks a hydrogen atom was formed or "*...my spirit...(Al Hija : 15: 29)* or "*...Allah's spirit...(Al Hija : 15: 29)*, then created "*...seven skys in layers...(Al Mulk: 67: 3)* as it is today.

Well, this is empirical evidence, which proves that without Allah's energy and "*...Allah's spirit...(Al Hija : 15: 29)*, it is impossible, there is monotheism

Or in other words, Allah exists, through Allah's energy and "*...Allah's spirit...(Al Hija : 15: 29)*
