## ABSTRACT

First of all, by asking forgiveness from Allah SWT here I am trying to reveal the signs of Allah SWT's greatness regarding why Gabriel rose by a distance of 50 000 light years even though he is a human type based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

In the Qur'an found several verses that are the key to unlocking the secret of why Gabriel ascended by a distance of 50 000 light years even though he is a type of human, namely the verses:

*"Allah is the light of the heavens and the earth"....Light upon light (in layers), Allah guides to His light whom He wills,...(An Nuur: 24: 35)*

*"The angels and Gabriel ascended (to face) Allah in a day whose level is fifty thousand years. (Al Ma'aarij: 70: 4)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein (Qaf: 50:16)*

*"And if We made the apostle an angel, We would certainly have made him a man and (if We had made him a man), We would have doubted about them what they doubted about themselves (Al An'aam : 6:9)*

*"So I swear by Allah Who owns the east and the west, verily, We are indeed All-Powerful. (Al Ma'aarij: 70: 40)*

In an attempt to unmask why Gabriel rose by a distance of 50 000 light years when he is a human type I based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose Jibril's hypothesis using an ascending photon light layer at a distance of 50 000 light years from the point of view of photons, quarks and Deoxyribonucleic acid (DNA).

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms,

2 oxygen atoms and 8 hydrogen atoms.

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **ALLAH THE LIGHT OF THE SKY AND EARTH**

Now, we are still concentrating on uncovering the secret behind the verse: *"Allah is the light of the sky and the earth....Light upon light...(An Nuur: 24: 35)*

It is now revealed that *"Allah is the light of the sky and the earth .... (An Nuur: 24: 35)*, meaning that Allah is everywhere, through the light of photons illuminating the nature of the Milky Way galaxy.

## **50 000 LIGHT YEARS DISTANCE FROM EARTH**

Now let's unravel the secret behind the verse: *"The angels and Gabriel ascended (to face) Allah in a day whose level is fifty thousand years. (Al Ma'aarij: 70: 4)*

Well, now it is revealed that because the angels and Gabriel are human types "... *We made the apostle an angel, ... We made him a man... (Al An'aam: 6: 9)*, then they can't fly.

Now, what went up from the angels and Gabriel to appear before Allah?

The answer is

The angels and Gabriel send vibrations of photon light layers to be conveyed to Allah from the earth, where Allah is in a place that is 50 000 light years from the earth.

According to human calculations one second the speed of light is 299 792 km.

One light year is 9 460 730 472 580 800 meters.

Allah is in a place that is 25 000 light years from the center of the Milky Way galaxy. Our Earth is also located 25 000 light years from the center of the Milky Way galaxy.

If our earth is located in the east from the center of the Milky Way galaxy, then Allah is in a place that is located on the west, with a distance of 25 000 light years, from the center of the Milky Way galaxy.

## **THE ANGELS AND JIBRIL SEND VIBRATIONS OF THE PHOTON LIGHT LAYER TO BE DELIVERED TO ALLAH**

Now the secret behind the verse has been revealed: *"The angels and Gabriel ascended (to face) Allah in a day whose level is fifty thousand years. (Al Ma'aarij: 70: 4)*

It means *"Angels and Gabriel...(Al Ma'aarij: 70:4)* do not ascend, because they are the type of human who cannot fly, but they send vibrations of layers of photon light to be conveyed to Allah from the earth.

## **ALLAH IS EVERYWHERE, WE CAN MEET ALLAH ANYWHERE**

Now, because *"Allah is the light of the heavens and the earth....(An Nuur: 24:35)* it means that Allah is everywhere *"...Who owns the east and the west,...(Al Ma'aarij: 70: 40)*

So, it doesn't matter, if Allah is in a place that is 50 000 light years from our earth, or if Allah's spirit is in the human body. We can still meet directly with Allah.

## **CONCLUSION**

Based on the description above, we can conclude that the secret behind the verse: *"Allah is the light of the sky and the earth....Light upon light...(An Nuur: 24: 35)*

It is now revealed that *"Allah is the light of the sky and the earth .... (An Nuur: 24: 35)*, meaning that Allah is everywhere, through the light of photons illuminating the nature of the Milky Way galaxy.

## **50 000 LIGHT YEARS DISTANCE FROM EARTH**

Now let's unravel the secret behind the verse: *"The angels and Gabriel ascended (to face) Allah in a day whose level is fifty thousand years. (Al Ma'aarij: 70: 4)*

Well, now it is revealed that because the angels and Gabriel are human types *"... We made the apostle an angel, ... We made him a man... (Al An'aam: 6: 9)*, then they can't fly.

Now, what went up from the angels and Gabriel to appear before Allah?

The answer is

The angels and Gabriel send vibrations of photon light layers to be conveyed to Allah from the earth, where Allah is in a place that is 50 000 light years from the earth.

According to human calculations one second the speed of light is 299 792 km.  
One light year is 9 460 730 472 580 800 meters.

Allah is in a place that is 25 000 light years from the center of the Milky Way galaxy. Our Earth is also located 25 000 light years from the center of the Milky Way galaxy.

If our earth is located in the east from the center of the Milky Way galaxy, then Allah is in a place that is located on the west, with a distance of 25 000 light years, from the center of the Milky Way galaxy.

Now the secret behind the verse has been revealed: *"The angels and Gabriel ascended (to face) Allah in a day whose level is fifty thousand years. (Al Ma'aarij: 70: 4)*

It means *"Angels and Gabriel...(Al Ma'aarij: 70:4)* do not ascend, because they are the type of human who cannot fly, but they send vibrations of layers of photon light to be conveyed to Allah from the earth.

Now, because *"Allah is the light of the heavens and the earth....(An Nuur: 24:35)* it means that Allah is

everywhere "...*Who owns the east and the west...*(*Al Ma'aarij: 70: 40*)

So, it doesn't matter, if Allah is in a place that is 50 000 light years from our earth, or if Allah's spirit is in the human body. We can still meet directly with Allah.
