## ABSTRACT

Before I write down the problem, humans build a balanced life, between this world and the hereafter, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret, humans build a balanced life, between this world and the hereafter, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about humans building a balanced life, between this world and the hereafter, namely the following verses:

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed My spirit into it, then submit to it prostrating yourselves (Al Hijr: 15:29)*

*"... Isa, the son of Maryam, is the messenger of Allah and His words which He conveyed to Mary, and a spirit from Him... (An Nisaa ': 4: 171)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

*"And seek in what Allah has bestowed upon you in the land of the hereafter, and do not forget your share of the world and do good as Allah has done good to you, and do not do mischief on the earth. Verily, Allah does not like those who do mischief. (Al-Qasas: 28: 77)*

*"Whoever does good as heavy as dzarrah, surely he will see it. (Al Zalzalah: 99: 7)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"Then He perfected and breathed into it His spirit and He made for you hearing and sight and hearts; you are very grateful. (As Sajdah: 32: 9)*

In an effort to open the veil of Allah's secret about humans building a balanced life, between this world and the hereafter, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose the hypothesis that humans build a life that is not balanced between this world and the hereafter will be damaged from the basic point of Deoxyribonucleic acid (DNA).

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide

polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **UNBALANCED HUMAN LIFE WILL BE BROKEN**

Well, we still continue to focus our minds to reveal the secret behind the verse: *"... look for what Allah has bestowed upon you in the afterlife, and do not forget your part of the world... (Al Qashash: 28: 77)*

It turns out, now it is revealed, that human life must be balanced, between life in this world and life in the hereafter.

Why do humans have to live in balance between this world and the hereafter?

The answer is

Hidden in the secret behind the verse: *"...do not do mischief on the earth... (Al Qashash: 28: 77)*

Well, that means, if our lives are not balanced, the result will be the same as *"...doing mischief on earth...(Al Qashash: 28: 77)*

Why are we the same as doing damage?

The answer is

It is hidden in the secret behind the verse: because we are only looking for *"... what Allah has bestowed upon you in the afterlife... (Al Qashash: 28: 77)*

That is, we are only shackled by the life of *"...the land of the hereafter... (Al Qashash: 28: 77).*

On the other hand, if we are only concerned with and busy with *"...parts...of the world...(Al Qashash: 28: 77)* then our lives continue to be shackled by the material world.

## **HUMANS MUST LIVE IN BALANCE, THE WORLD = THE AFTERLIFE**

Now, it has been revealed, that human life must be balanced:

*"... seek in what Allah has bestowed upon you the land of the hereafter, and do not forget your share of the worldly... (Al Qashash: 28: 77)*

That is, the world = the hereafter.

That is, without a balanced life, human life will be damaged.

Humans should not *"...do mischief on earth...(Al Qashash: 28: 77)*

Because *"...Allah does not like those who do mischief. (Al-Qasas: 28: 77)*

## CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"... look for what Allah has bestowed upon you in the afterlife, and do not forget your part of the world... (Al Qashash: 28: 77)*

It turns out, now it is revealed, that human life must be balanced, between life in this world and life in the hereafter.
