**ABSTRACT**

Previously I asked for forgiveness from Allah SWT because here I was trying to reveal the signs of the greatness of Allah SWT regarding Jewish men who like men based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)

There are several verses in the Al Quran that can be used as a basis for revealing the secrets of Jewish men who like men, namely the following verses:

*"So when the messengers came to the people of Luth, along with their followers, (Al Hijr: 15: 61) And the inhabitants of the city (to Luth's house) came with joy (because of) the arrival of the guests. (Al Hijr: 15: 67) And (remember the story) Luth, when he said to his people: "Why are you doing fahishah's deeds are you showing (it)?" (An Naml: 27: 54) Luth said: "These are my daughters (marry them. ), if you want to do (in a lawful manner). "(Al Hijr: 15: 71) They replied:" O Luth, verily if you do not stop, really you are among those who were expelled "(Asy Syu'araa ': 26: 167) So there is no other answer to his people but to say: "Throw Luth and his family out of your country; because verily they are people who (claim themselves) clean "(An Naml: 27: 56)*

*"Luth said:" Verily, I really hate your deeds. "(Asy Syu'araa ': 26: 168)*

In an effort to uncover the secrets of this Jewish man who likes men, the author uses a tool called deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

**HYPOTHESIS**

Here I propose a hypothesis of a Jewish man who likes men who destroy human civilization from the point of view of Deoxyribonucleic acid (DNA).

**DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information which has a double structure that forms a double helix and which contains polynucleotide macromolecules which are arranged repeatedly from nucleotide polymers. These nucleotides are composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

**WHO ARE THE JEWISH PROPHETS WHICH HIS PEOPLE MEN LIKE MEN**

Let us now collectively unravel the secret behind the verse: *"So when the messengers came to the people of Lut, along with his followers, (Al Hijr: 15: 61)* It turns out that this Jewish prophet is the

Prophet Luth.

Why was the Prophet Luth a prophet of the Jews?

Because as in the verse: *"And (remember the story) Luth, when he said to his people:" Why are you doing faahishah's deeds you are showing (it)? "(An Naml: 27: 54)*

So the Prophet Luth was one of the prophets of the Jews.

## **JEWISH MEN LIKE TO DO FAAHISYAH WORKS**

Let us unpack why Jewish men are considered destroyers of human civilization?

Because Jewish men like men or Jewish men like to do faahishah deeds *"And (remember the story) Lut, when he said to his people:" Why are you doing faahishah deeds that you are showing (it)? "(An Naml: 27: 54)*

## **FAAHISYAH DEVELOPMENT TO DESTROY HUMAN CIVILIZATION**

Then we dig the secret behind the verse: *"Luth said:" These are my daughters (marry them), if you want to do (in a lawful manner). "(Al Hijr: 15: 71)*

Now, the actions of Jewish men who like men are actions that cause human civilization to fall to the brink of destruction.

Because for Jewish men, women do not provide any function, other than as human beings who breathe.

This is one of the causes of the destruction of human civilization.

## **JEWISH MALE ABOUT ALL RULES THAT HANGER HIS FAITHIC DESIRE**

Next we unravel the secret behind the verse: *"So the answer of his people is no other but to say:" Cast Luth and his family out of your country; for they are actually clean people (An Naml: 27: 56)*

Now it is revealed that the male Jew who likes men will take any action for the sake of his physical encouragement The Jewish prophet, the Prophet Luth, even though he said: *"... Verily, I really hate your deeds." (Asy Syu'araa ': 26: 168)* was not considered by the Jewish men of the Prophet Luth.

## **CONCLUSION**

Based on the description above we can conclude that the secret behind the verse: *"So when the messengers came to the people of Luth, along with his followers, (Al Hijr: 15: 61)*

It turns out that this Jewish prophet is the Prophet Luth.

Why was the Prophet Luth a prophet of the Jews?

Because as in the verse: *"And (remember the story) Luth, when he said to his people:" Why are you doing faahishah's deeds you are showing (it)? "(An Naml: 27: 54)*

So the Prophet Luth was one of the prophets of the Jews.

Jewish men are considered destroyers of human civilization

Because Jewish men like men or Jewish men like to do faahishah deeds *"And (remember the story) Luth, when he said to his people:" Why are you doing fahishah deeds that you are showing (it)? " (An Naml: 27: 54)*

Women are considered the wind then: *"Luth said:" These are my daughters (marry them), if you want to do (in a lawful manner). "(Al Hijr: 15: 71)*

Therefore, the actions of Jewish men who like men are actions that cause human civilization to fall to the brink of destruction.

This is because according to Jewish men, women do not provide any function, other than as human beings who breathe. This is one of the causes of the destruction of human civilization.
