ABSTRACT

Previously I asked for forgiveness from Allah SWT because here I was trying to reveal the signs of the greatness of Allah SWT regarding the Jews colonizing the land of Canaan under Jewish leadership based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)

There is one verse in the Koran that can be used as the basis for opening the secrets of the Jews colonizing the land of Canaan under the leadership of the Jews, namely:

"They (Talut's soldiers) defeated Jalut's army with Allah's permission and (in that battle) David killed Jalut, then Allah gave him (David) rule and wisdom (after Talut's death) and taught him what He wanted. If Allah did not refuse (ferocity) part of the human race with some others, this earth will definitely destroy. But Allah has a gift (which is poured out) over the universe. (Al Baqarah: 2: 251)

In an effort to uncover the secrets of the Jews colonizing the land of Canaan under the leadership of the Jews, the author used a tool called deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that the Jews colonized the land of Canaan under the leadership of the Jews, while the Canaanites and Palestinians were already in Canaan from the point of view of Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information which has a double structure that forms a double helix and which contains polynucleotide macromolecules which are arranged repeatedly from nucleotide polymers. These nucleotides are composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

KANAAN OWNED BY KANAAN PEOPLE AND PALESTIN PEOPLE WAS COLONIZED BY JEWISH PEOPLE

Now we uncover the secret behind the verse: *"They (Thalut's soldiers) defeated the Jalut army with Allah's permission and (in that battle) David killed Jalut, then Allah gave him (David) government ... (Al Baqarah: 2: 251)*

It turns out that here it is clear that the leader of the Jews was David who was finally appointed as a prophet of the Jews. Where before David was appointed as a leader by the Jews, the Jews who had been forbidden to enter the Canaanite area apparently also invaded Canaan and occupied the Canaanite area belonging to the Canaanites and Palestinians.

EVICTED AND DETENTION OF JEWS BY BABYLONIAN EMPIRE

Not long after the Jews enjoyed their colonies, it was apparently expelled by the Babylonian Emperor, around the year 586 B.C. They were Jewish colonizers, arrested by the Emperor of Babylon. Only after Cyrus, 47 years later, subjugated the Emperor of Babylon, that the Jewish captives were freed. Then 39 years later Alexander the Great liberated the area of Canaan from the Jews through liberation from the hands of Cyrus.

THIS IS THE BEGINNING OF EVIDENCE OF THE JEWS IN CANAAN

This is the result of violations that have been committed by these Jews *"Allah said:" (If so), then actually the land is forbidden against them ... "(Al Maa'idah: 5: 26)*

Even though it was forbidden for the Jews to enter Canaan, they continued to invade. And those who persevere in dealing with these Jews are Palestinians.

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"They (Talut's soldiers) defeated the Jalut army with Allah's permission and (in that battle) David killed Jalut, then Allah gave him (David) government ... (Al Baqarah: 2 : 251)*

It turns out that here it is clear that the leader of the Jews was David who was finally appointed as a prophet of the Jews. Where before David was appointed as a leader by the Jews, the Jews who had been forbidden to enter the Canaanite area apparently also invaded Canaan and occupied the Canaanite area belonging to the Canaanites and Palestinians.

Not long after the Jews enjoyed their colonies, it was apparently expelled by the Babylonian Emperor, around the year 586 B.C.

They were Jewish colonizers, arrested by the Emperor of Babylon. Only after Cyrus, 47 years later, subjugated the Emperor of Babylon, that the Jewish captives were freed. Then 39 years later Alexander the Great liberated the area of Canaan from the Jews through liberation from the hands of Cyrus.

This is the result of violations that have been committed by these Jews *"Allah said:" (If so), then actually the land is forbidden against them ... "(Al Maa'idah: 5: 26)*

Even though it was forbidden for the Jews to enter Canaan, they continued to invade. And those who persevere in dealing with these Jews are Palestinians.
