ABSTRACT

First, by asking forgiveness from Allah SWT, here I am trying to reveal the signs of the greatness of Allah SWT regarding Allah's secret about mirages without Allah's light layer based on photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)

In the Quran, only one verse is found which is the key to unlocking the secret of mirages without Allah's light layer, namely:

"And those who disbelieve their deeds are like a mirage on flat land, which people who thirst think are water, but when they come to the water they do not find anything. And they find Allah by their side, then Allah gives to him the calculation of deeds is sufficient and Allah is very quick in his reckoning (An Nuur: 24: 39)

In an effort to uncover the secrets of the mirage without the light layer of Allah, the author based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis of a mirage without a layer of light. Allah is a human being without the essence of life from the point of view of photons, quarks and Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information which has a double structure that forms a double helix and which contains polynucleotide macromolecules which are arranged repeatedly from nucleotide polymers. These nucleotides are composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Photons are elementary particles of the boson type and are carriers of electromagnetic interactions.

To find out a **quark**, we consider one of the hydrogen atoms which is the building block for the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find an electron and a proton nucleus. So if this proton is split, then we will find two upper quarks and one lower quark. Where these three quarks are combined with gluons.

FATAMORGANA IS A NATURE OF HUMAN LIFE, FULL OF ILLUSION

Let us together to uncover the secret behind the verse: *"And those who disbelieve their deeds are like a mirage on flat ground, which people who are thirsty think are water, but when they come to the water they don't get anything. (An Nuur: 24: 39)*

Now, we dig deeper into this verse: *"... like a mirage on flat ground, which people who are thirsty think of water, ... (An Nuur: 24: 39)*

Now *"mirages"* are light reflections from the surface of the earth which are waves of light layers, but do not have the light layer of Allah.

In other words *"mirage"* is a light without Allah's light layer.

Now, humans who do not understand, understand and explore the light layer of waves are humans who are barren from the light layer of Allah. In other words, humans who are barren from the light layer of Allah are the essence of human life which is full of illusions.

AN ILLUSIVE HUMAN LIFE IS A MAN NOT IMMEDIATED WITH THE LIGHT OF ALLAH

Then we dig deeper into the secret behind the verse: *"... mirages ... thought to be water ... but when he came to the water he did not find anything ... (An Nuur: 24: 39)*

Now revealed the secret behind the verse (*An Nuur: 24: 39*) is the essence of human life, which is full of illusions, is a human being who is not immersed in Allah's light. Or in other words, the essence of human life which is full of illusions is people who do not understand, understand and deepen the light layer of Allah.

CONCLUSION

Based on the description above we can conclude that the secret: *"... like a mirage on flat ground, which people who are thirsty think of water, ... (An Nuur: 24: 39)* is a *"mirage"* which is a reflection of light. from the surface of the earth which is a light layer of waves, but it does not have the light layer of Allah.

In other words *"mirage"* is a light without Allah's light layer. Humans who do not understand, understand and deepen the light layer of waves are humans who are barren from the light layer of Allah.

Humans who are barren from the light layer of Allah are the essence of human life which is full of illusions. So *"... a mirage ... thought to be water ... but when he came to the water he did not find anything ... (An Nuur: 24: 39)*

Revealed the secret behind the verse (*An Nuur: 24: 39*) is the essence of human life, which is full of illusions, is a human being who is not immersed in Allah's light.

Or in other words, the essence of human life which is full of illusions is people who do not understand, understand and deepen the light layer of Allah.
