## **ABSTRACT**

Before I write about God's secret problem about most of the prophets of the Jews but are prohibited from appointing Jewish leaders, the author first asks forgiveness from Allah SWT.

Here I try to open the veil that covers God's secret about most of the prophets of the Jews but is prohibited from appointing the Jewish leaders from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become God's secret unlocking tool about most of the prophets of the Jews but it is forbidden to appoint a Jewish leader, namely the verse:

*"O you who believe, do not take Jews and Christians as leaders (you); some of them are leaders for others. Whoever among you takes them as leaders, then indeed that person is one of them. Verily, Allah does not guide the wrongdoers (Al Maa'idah: 5: 51) "Indeed, We have revealed to you as We have revealed to Noah and the prophets who followed him, and We have given revelation (too) to Ibrahim, Isma'il, Isaac, Ya'qub and their descendants, Isa, Ayub, Yunus. , Aaron and Solomon. And We gave the Zabur to David. (An Nisaa ': 4: 163)*

*"And (We have also sent) Lut (to his people). (Remember) when he said to them: "Why are you doing that faahisyah deed, which no one (in this world) has ever done before you?" (Al A'raaf : 7:80) "And verily We have bestowed favors upon Moses and Aaron. (Ash Shaaffaat: 37:114)*

*"...Idris (the one) in the Quran. Indeed he is a very justified and a prophet. (Maryam: 19:56)*

In an effort to unmask Allah's secret about most of the prophets of the Jews but are prohibited from appointing a Jewish leader, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose the hypothesis that the Jewish prophets are not the same in behavior as the Jewish leaders when viewed from the basic point of Deoxyribonucleic acid (DNA).

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T). Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms.

Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

THE PROPHETS OF THE JEWISH PEOPLE ARE DIFFERENT WITH THE JEWISH LEADERS EVEN THOUGH HAPLOGGROUP J, J1 AND J2 ARE THE SAME

Now let us unpack to reveal the secret behind the verse: *"And tell (O Muhammad to them, the story of) Idris (that one) in the Qur'an..." (Maryam: 19:56) "... We have given revelation to Noah and the later prophets, and We have given revelation (too) to Ibrahim, Isma'il, Isaac, Ya'qub and his descendants, Isa, Ayub, Yunus, Harun and Solomon. And We gave the Zabur to David. (An Nisaa ': 4: 163)*

And the verse: *"And (We have also sent) Lut (to his people)..." (Al A'raaf: 7: 80) "And We saved Ibrahim and Lut to a land which We have blessed for all mankind. (Al Anbiyaa' : 21:71)*

Also the verse: *"And indeed We have bestowed favors upon Moses and Aaron. (Ash Shaaffaat: 37:114)*

Haplogroup J which gave birth to J1 and J2, which are the ancestors of the Jews. (Familytreedna)

Haplogroup J was formed 25000 years ago, in the border area between Saudi Arabia, Jordan and Egypt. (Familytreedna)

The Jewish ancestors of this haplogroup J who came from the border between Saudi Arabia and Jordan emigrated to Ur in Iraq, around 2000-1500 BC.

Where in Ur is the birth of the Prophet Abraham.

It turned out that now it was revealed that almost all of the prophets were descendants of the Jews from Prophet Idris to Prophet Ismail.

### **ALTHOUGH THE MOST OF THE PROPHETS ARE JEWISH PEOPLE BUT IT IS PROHIBITED TO APPOINT JEWS**

Now let's dig deeper into the secret behind the verse: *"O you who believe, do not take Jews and Christians to be (your) leaders; some of them are leaders for others..." (Al Maa'idah : 5:51)*

Well, clearly and clearly seen that the prophets of the Jews are considered different from the leaders of the Jews.

Why?

Because these Jewish prophets are not included in the group of Jewish leaders, even though it can be seen from haplogroups J1 and J2, they have the same DNA.

It is the duty of the prophets of the Jews to spread what Allah has commanded and forbidden, while the leaders of the Jews have no duties as assigned to the prophets of the Jews.

### **THERE ARE DIFFERENCES IN BEHAVIOR BETWEEN JEWISH PROPHETS AND JEWISH LEADERS**

So now why is *"...taking Jews and Christians into (your) leaders...(Al Maa'idah: 5:51)* is this forbidden?

The answer is *"... Allah does not guide..." (Al Maa'idah: 5: 51)* to the leaders of the Jews because they belong to the group of *"... people who are wrongdoers. (Al Maa'idah: 5:51)*

Or in other words, the behavior of the Jewish leaders who did not follow the commands and prohibitions of Allah conveyed by the prophets of the Jews.

## CONCLUSION

Based on the description above we can conclude that the secret behind the verse: *"And tell (O Muhammad to them, the story of) Idris (that) in the Qur'an..." (Maryam: 19:56) "... We have given revelation to Noah and the later prophets, and We have given revelation (too) to Abraham, Isma'il, Isaac, Ya'qub and his descendants, Jesus, Ayub, Yunus, Harun and Solomon. And We gave the Zabur to David. (An Nisaa ': 4: 163)*

And the verse: *"And (We have also sent) Lut (to his people)..." (Al A'raaf: 7: 80) "And We saved Ibrahim and Lut to a land which We have blessed for all mankind. (Al Anbiyaa' : 21:71)*

Also the verse: *"And indeed We have bestowed favors upon Moses and Aaron. (Ash Shaaffaat: 37:114)*

Haplogroup J which gave birth to J1 and J2, which are the ancestors of the Jews. (Familytreedna)

Haplogroup J was formed 25000 years ago, in the border area between Saudi Arabia, Jordan and Egypt. (Familytreedna)

The Jewish ancestors of this haplogroup J who came from the border between Saudi Arabia and Jordan emigrated to Ur in Iraq, around 2000-1500 BC.

Where in Ur is the birth of the Prophet Abraham.

It turned out that now it was revealed that almost all of the prophets were descendants of the Jews from Prophet Idris to Prophet Ismail.

Now why *"...taking Jews and Christians into (your) leaders...(Al Maa'idah: 5:51)* is forbidden?

The answer is *"... Allah does not guide... (Al Maa'idah: 5: 51)* to the leaders of the Jews because they belong to the group of *"... people who are wrongdoers. (Al Maa'idah: 5:51)*

Or in other words, the behavior of the Jewish leaders who did not follow the commands and prohibitions of Allah conveyed by the prophets of the Jews.
