ABSTRACT

Previously I asked for forgiveness from Allah SWT in connection with here I was trying to open the signs of the greatness of Allah SWT regarding the Jews ascribing to the Jewish prophet based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)

There are several verses in the Al Quran that can be used as a basis for revealing the secrets of how the Jews gave to the Prophet's commandments, namely the following verses:

"And (remember), when Moses said to his people," Verily Allah told you to slaughter a cow. "They said:" Are you going to make us a fruit of ridicule? " those who are ignorant ". (Al Baqarah: 2: 67) They replied:" Ask your Lord for us, so that He will explain to us; What is a female cow? "Musa replied," Verily Allah says that the cow is a cow that is neither old nor young; halfway between it; then do what is ordered to you. "(Al Baqarah: 2: 68) They said:" Ask your Lord for us so that He will explain to us what color it is. " , which is dark yellow in color, pleases those who look at it. "(Al Baqarah: 2: 69) They said:" Ask your Lord for us so that He will explain to us what the nature of the cow is, because in fact the cow is (still) vague for us and indeed we, God willing, will get guidance (to get the cow). "(Al Baqarah: 2: 70)

"Moses said:" Verily Allah said that the cow is a female cow that has never been used to plow the land, nor to irrigate crops, has no blemishes, has no stripes. "They said:" Now then you explain the true nature of a female cow. ". Then they slaughtered it and they almost did not carry out the order. (Al Baqarah: 2: 71)

In an effort to uncover the secrets of how the Jews disobeyed the prophet, the writer used a tool called deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that the Jews always disobey and disobey the rules and orders of their prophet when viewed from the point of view of Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information which has a double structure that forms a double helix and which contains polynucleotide macromolecules which are arranged repeatedly from nucleotide polymers. These nucleotides are composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHO IS THE PROPHET OF THE JEWS

Let us now collectively unravel the secret behind the verse: *"... when Moses said to his people:" Verily Allah told you to slaughter a cow. "... (Al Baqarah: 2: 67)*

It turns out that here it is clearly seen and illustrated that this Jewish prophet is the Prophet Moses.

Why was the Prophet Musa a prophet of the Jews?

The answer is as in the verse: *"... when Moses said to his people:" Verily Allah told you to slaughter a cow. "They said:" Are you going to make us the fruit of ridicule? ... "(Al Baqarah: 2: 67)*

So the Prophet Musa was one of the prophets of the Jews.

JEWS ALWAYS DISOBEY THE COMMANDS OF THE PROPHET

Now, when the Prophet Moses told his followers the Jews to look for a cow, *"Allah told you to slaughter a female cow." ... (Al Baqarah: 2: 67)*

It turns out that the Jews who were followers of the Prophet Moses did not obey orders, but instead asked *"... " Ask your Lord for us, so that He will explain to us what female cows are. "... Moses replied:" Verily, Allah says that cows are cows. it is a cow, neither old nor young, halfway between it; then do what you are commanded. " (Al Baqarah: 2: 68)*

So, these Jews do not stop here but continue to ask *"They said:" Ask your Lord for us so that He will tell us what color it is. " Musa replied: "Verily Allah said that the heifer was a yellow cow, which was dark yellow in color, pleasing to those who saw it." (Al Baqarah: 2: 69)*

These Jews keep asking more and more incessantly. *"They said:" Ask your Lord for us so that He will explain to us what the nature of the cow is, because in fact the cow is (still) vague for us and in fact we, God willing, will get guidance (to get a cow that)." (Al Baqarah: 2: 70)*

The Prophet Musa answered *"... " Allah says that the cow is a female cow that has never been used to plow the land, nor to irrigate crops, is flawless, has no stripes. "... (Al Baqarah: 2: 71)*

JEWS WANT TO KNOW MORE DETAILS BUT MAKE THEMSELVES SHOCKED BY THOSE QUESTIONS

What happened to the Jews, the people of Prophet Musa, after repeatedly asking about this cow.

Finally these Jews who were followers of the Prophet Musa *"... " Now then you explain the true nature of the cow "... (Al Baqarah: 2: 71)*

But what is the consequence, the Jewish followers of the Prophet Musa *"... said:" Now then you explain the true nature of the cow "... (Al Baqarah: 2: 71) then" ... they almost did not carry out the order. (Al Baqarah: 2: 71)*

This is the result of rebellion by the Jews, the people of the Prophet Moses

CONCLUSION

Based on the description above we can conclude that the secret behind the verse: *"... when Moses said to his people:" Verily Allah told you to slaughter a female cow. "... (Al Baqarah: 2: 67)*

It turns out that here it is clearly seen and illustrated that this Jewish prophet is the Prophet Moses.

Prophet Musa is a prophet of the Jews as mentioned in the verse: *"... when Moses said to his people: "Verily Allah told you to slaughter a cow. "They said:" Are you going to make us the fruit of ridicule? ... "(Al Baqarah: 2: 67)*

So the Prophet Musa was one of the prophets of the Jews. when the Prophet Moses told his followers the Jews to look for a female cow *"Allah told you to slaughter a female cow." ... (Al Baqarah: 2: 67)*

It turns out that the Jews who were followers of the Prophet Moses did not obey orders, but instead asked *"..." Ask your Lord for us, so that He will explain to us what female cows are. "... Moses replied:" Verily, Allah says that cows are cows. it is a cow, neither old nor young, halfway between it; then do what you are commanded. " (Al Baqarah: 2: 68)*

So, these Jews do not stop here but continue to ask *"They said:" Ask your Lord for us so that He will tell us what color it is. " Musa replied: "Verily Allah said that the heifer was a yellow cow, which was dark yellow in color, pleasing to those who saw it." (Al Baqarah: 2: 69)*

These Jews keep asking more and more incessantly. *"They said:" Ask your Lord for us so that He will explain to us what the nature of the cow is, because in fact the cow is (still) vague for us and in fact we, God willing, will get guidance (to get a cow that)." (Al Baqarah: 2: 70)*

The Prophet Musa answered *"..." Allah says that the cow is a female cow that has never been used to plow the land, nor to irrigate crops, is flawless, has no stripes. "... (Al Baqarah: 2: 71)*

The Jews, the people of Prophet Musa, after repeatedly asking about this female cow. Finally these Jews who were followers of the Prophet Musa *"..." Now then you explain the true nature of the cow "... (Al Baqarah: 2: 71)*

But what is the consequence, the Jewish followers of the Prophet Musa *"... said:" Now then you explain the true nature of the cow "... (Al Baqarah: 2: 71) then" ... they almost did not carry out the order. (Al Baqarah: 2: 71)*

This is the result of rebellion by the Jews, the people of the Prophet Moses
