## **ABSTRACT**

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of Allah SWT about how Prophet Musa with the body of a female cow brought the dead to life based on photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

In the Qur'an there are verses that are the key to unlocking the secret of how the Prophet Moses with the body of a cow brought the dead to life, namely the following verses:

*And (remember), when Moses said to his people: "Verily Allah has commanded you to slaughter a female cow." They said: "Are you going to make us the fruit of ridicule?" Moses replied: "I seek refuge in Allah so as not to become one of the ignorant people." (Al Baqarah: 2: 67)*

*"Then We said: "Strike the corpse with some of the members of the female cow!" Thus Allah brings back to life those who have died, and shows you the signs of His power so that you may understand. (Al Baqarah: 2:73)*

*The king said (to the prominent people of his people): "Indeed I dreamed that I saw seven fat cows being eaten by seven skinny cows and seven green ears (wheat) and seven dry ears. ." O distinguished people: "Explain to me about the interpretation of my dream if you can interpret the dream." (Joseph: 12:43)*

In an effort to open the veil about how Prophet Musa with female cow body parts revived the dead based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose the hypothesis that the dead cannot come back to life but Prophet Musa examined the body of the corpse based on photons, quarks and Deoxyribonucleic acid (DNA).

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## QUARK

As for if we want to know quarks, then we look at one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects.

Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus.

Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## AT THE TIME OF THE PROPHET MUSA AND THE PROPHET YUSUF IN EGYPT, THE FEMALE COW WAS CONSIDERED SACRED AND NHOLY

Now, together we focus our minds on digging and uncovering the secret behind the verse:

*"...when Musa said to his people: "Verily Allah commanded you to slaughter a female cow." They said: "Are you going to make us the fruit of ridicule?" ... (Al Baqarah: 2:67)*

Now the question arises, why did Prophet Musa tell his people to slaughter a female cow?

The answer is

Hidden behind the verse:

The king said (to the prominent people of his people): *"Indeed I dreamed that I saw seven fat cows being eaten by seven skinny cows and seven green ears (wheat) and seven dry ears. ... (Joseph: 12:43)*

Well, apparently the female cow was considered sacred and holy by the people in Egypt at the time of the Prophet Moses and the Prophet Joseph, so that even the king in Egypt at the time of the Prophet Joseph when the king dreamed was symbolized by seven cows.

So the Prophet Musa ordered his people to *"...slaughter a cow." (Al Baqarah: 2: 67)* so that his people would know that the cow can be slaughtered and the meat can be eaten.

Or in other words, the cow is not sacred and not holy, so there is no need to be worshiped.

## HOW PARTS OF THE BODY OF A DEATH COW MADE A TOOL FOR BEAT A CORPSE SO THAT THE CORPSE COMES BACK TO LIFE

Well, then we disassemble the verse: *"Then We said: "Strike the corpse with some of parts of the female cow!" Thus Allah brings back those who have died, ... (Al Baqarah: 2: 73)*

Now, it is clearly revealed, that the corpse did not come back to life, but *".. My spirit, ... (Al Hijr: 15: 29)* that came out of the body of the corpse.

This means oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms that come out of the corpse.

Because oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms are the building blocks of *".. My spirit, ... (Al Hijr: 15: 29)* which Allah *"...has blown into... (Al Hijr: 15:29)* Prophet Adam's body

Where *".. my spirit, ... (Al Hijr: 15: 29)* is in the body of all mankind on this earth.

## **PARTS OF THE BODY OF THE SLAUGHT COW, IS AS A SYMBOL THAT THE COWS IS UNSACRED AND UNHOLY AND CANNOT TURN THE DEATH TO LIFE**

So now it has been revealed that **"beat the corpse with a part of the female cow!"... Allah brings back those who have died,.. (Al Baqarah: 2: 73)**

Actually the female cow is not sacred and not holy, so it does not need to be worshiped.

And what is called the corpse that comes back to life is *".. my spirit, ... (Al Hijr: 15: 29)* which is in the body of the corpse comes out.

So the corpse itself does not come back to life, what comes back to life is *".. my spirit, ... (Al Hijr: 15: 29)* which is in the body of the corpse

Where *".. My spirit,...(Al Hijr: 15: 29)* it is an oxygen atom, hydrogen atom, nitrogen atom and carbon atom which is the building *".. My spirit,...(Al Hijr: 15 :29)*

## **CONCLUSION**

Based on the description above, we can conclude that the secret behind the verse:

*"...when Musa said to his people: "Verily Allah commanded you to slaughter a female cow." They said: "Are you going to make us the fruit of ridicule?" ... (Al Baqarah: 2:67)*

Now the question arises, why did Prophet Musa tell his people to slaughter a female cow?

This means oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms that come out of the corpse.

Because oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms are the building blocks of *".. My spirit,...(Al Hijr: 15: 29)* which Allah *"...has blown into...(Al Hijr: 15:29)* Prophet Adam's body
