## ABSTRACT

Before I write down the problem, based on what humans seek Allah, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what humans seek Allah based on from the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool based on what humans seek Allah, namely the following verses:

*"Allah wanted to give you relief, and man was made weak. (An Nisa' : 4: 28)*

*"And when Ibrahim said to his father, Aazar, "Is it right for you to make idols into gods? Verily I see you and your people in clear error." (Al An'aam: 6:74)*

*"And thus We showed Ibrahim the signs of majesty in the heavens and the earth and that he might be one of those who believe. (Al An'aam: 6:75)*

*"When the night was dark, he saw a star he said: "This is my Lord", but when the star set he said: "I do not like the sinking." (Al An'aam: 6: 76)*

*Then when he saw the moon rising he said: "This is my Lord." But after the moon had set, he said: "If my Lord had not guided me, I would have been one of those who went astray." (Al An'aam: 6: 77)*

*Then when he saw the sun rising, he said: "This is my Lord, this is greater." So when the sun was setting, he said: "O my people, indeed I am free from what you associate with. (Al An'aam: 6: 78)*

*"Indeed I confront myself with the Lord who created the heavens and the earth, with an inclination to the true religion, and I am not of those who associate partners with God (Al An'aam: 6: 79)*

*"Why do you send other people to worship services, while you forget yourself, even though you are reading the Bible? So don't you think? (Al Baqarah: 2:44)*

*"O people, parables have been made, so listen to the parables. Verily, whatever you call to other than Allah cannot create even a fly, even if they unite to create it. And if the fly snatches something from them, they will not be able to take it back from the fly. It is very weak to worship and very weak to be worshiped. (Al Hajj: 22:73)*

In an effort to open the veil of Allah's secret about what people seek Allah based on The authors use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose the hypothesis that humans seek Allah because humans are weak and need protection from the basic point of Deoxyribonucleic acid (DNA).

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **HUMANS ARE WEAK**

Now, we are still trying to focus our minds on uncovering the secret hidden behind the verse: *"...and humans were made weak. (An Nisa' : 4: 28)*

It turns out that humans were created by Allah full of weaknesses. Weak in thinking *"...don't you think? (Al Baqarah: 2: 44)*, weak in body *"... his mother has conceived him in a state of increasing weakness ... (Luqman: 31: 14)*

Well, because humans are weak, humans need someone to protect them.

Who can protect humans?

The answer is hidden behind the verse: *"...when Ibrahim said to his father, Aazar, "Do you deserve to make idols as gods? Verily I see you and your people in clear error." (Al An'aam: 6:74)*

Why are idols considered something that cannot provide protection to humans?

The answer is hidden in the secret behind the verse: *"...anything you call on besides Allah can never create a fly, even though they unite to create it. And if the fly snatches something from them, they will not be able to take it back from the fly. It is very weak to worship and very weak to be worshiped. (Al Hajj: 22:73)*

Now the idols that are worshiped by weak humans, it turns out that the idols themselves are *"...It is very weak that... they are worshipped. (Al Hajj: 22:73)*

## **IBRAHIM LOOKING FOR WHOM CAN PROTECT HUMANS AND WHO CREATES THIS UNIVERSE WITH ALL OF ITS CONTENTS**

Now, let's unveil the secret behind the verse: *"... We showed Ibrahim signs of greatness in the heavens and the earth... (Al An'aam: 6: 75)*

It turns out that to find who can protect this weak human, it is in this universe *"...in the sky and the earth...(Al An'aam: 6:75)*

Now, humans by studying what exists and happens *"...in the sky and the earth...(Al An'aam: 6:75)* then humans will find out who can protect this weak human being.

Next we uncover the secret behind the verses:

*"...when the star went down he said: "I don't like the sinking." (Al An'aam: 6: 76)*

*"...This is my Lord." But after the moon had set, he said: "Indeed, if my Lord had not guided me, I would have been one of those who went astray." (Al An'aam: 6: 77)*

*"...when he saw the sun rising, he said: "This is my Lord, this is greater." So when the sun was setting, he said: "O my people, indeed I am free from what you associate with. (Al An'aam: 6: 78)*

Now, it is clearly illustrated to us how Ibrahim, who at that time was still in his teens, had tried and worked hard to find who could protect him and who created this universe.

Where is Ibrahim looking for who can protect and create this universe?

The answer is

Hidden behind the verse: *"... We showed Ibrahim signs of majesty in the sky and the earth... (Al An'aam: 6: 75)*

It turned out that Ibrahim was looking for *"...in the sky and the earth...(Al An'aam: 6:75)* to find out who can protect humans and who created this universe.

## **IBRAHIM DISCOVERED WHO CAN PROTECT HUMANS AND WHO CREATED THIS UNIVERSE**

Now we explore the secret behind the verse: *"Indeed I confront myself with the Lord who created the heavens and the earth, with an inclination to the true religion, and I am not one of those who associate partners with Allah (Al An'aam: 6: 79)*

It turns out that Abraham, who was a dozen years old, was able to find out who could protect all mankind and who created this universe, *"...I confronted myself with the Lord who created the sky and the earth...(Al An'aam: 6: 79)*

Also Ibrahim has understood that he *"... is not one of those who associate partners with Allah (Al An'aam: 6: 79)*

Why did Ibrahim not want to *"...associate partners with Allah (Al An'aam: 6: 79)?*

The answer is

stored in the verse: *"... if the fly snatches something from them, they can not take it back from the fly. It is very weak to worship and very weak to be worshiped. (Al Hajj: 22:73)*

So, Ibrahim understood that *"... the Rabb who created the heavens and the earth ... (Al An'aam: 6: 79)* cannot be compared to the idols worshiped by the people of Ibrahim and the father of Ibrahim, *"...Aazar...(Al An'aam : 6:74)*

It turns out that now the secret behind the verse *"...humans has been made weak. (An Nisa' : 4: 28)*

Where humans need *"...Rabb who created the heavens and the earth...(Al An'aam: 6: 79)* and humans *"...believe (Al An'aam: 6:75)* in *"...Rabb who created the heavens and the earth...(Al An'aam : 6: 79)* will *"...guide...(Al An'aam : 6: 77)*

## CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"...and humans were made weak. (An Nisa' : 4: 28)*

It turns out that humans were created by Allah full of weaknesses. Weak in thinking *"...don't you think? (Al Baqarah: 2: 44)*, weak in body *"... his mother has conceived him in a state of increasing weakness ... (Luqman: 31: 14)*
