## ABSTRACT

Before I write about the problem of Allah's spirit being in the human body, at any time, humans can talk directly to Allah, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of Allah's spirit in the human body, at any time, humans can talk directly to Allah from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about Allah's spirit being in the human body, at any time, humans can talk directly to Allah, namely the verses:

*"Say: "Whoever is the enemy of Jibril, then Jibril has sent him down to your heart with Allah's permission; confirming what was before and is a guide and good news for those who believe (Al Baqarah: 2: 97)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And the apostles We did tell you about them before, and the apostles We did not tell you about them. And Allah has spoken to Moses directly (An Nisaa ': 4: 164)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"And We put before them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36: 9)*

*Allah said: "O Musa, verily I have chosen you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"Allah is the light of the sky and the earth...Light upon light (An Nuur: 24: 35)*

In an effort to open the veil of Allah's secret about Allah's spirit being in the human body, at any time, humans can talk directly to Allah I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose a hypothesis because Allah's spirit is in the human body, humans can talk directly to Allah from the basic point of Deoxyribonucleic acid (DNA)

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **THE VEIL BETWEEN ALLAH AND HUMANS ALREADY EXIST**

Now, now, we continue to try to focus our minds in order to uncover the secrets contained in the verse: *"And it is impossible for a human being that Allah can speak with him except behind a veil.. (Ash Shuura: 42: 51)*

It turns out that now it has been revealed, where actually *"...behind the veil...(Asy Syuura: 42: 51)* has been installed since humans are born.

Why has the veil existed since humans were born?

The answer is

Hidden in the secret behind the verse: *"And We put in front of them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36: 9)*

This means that the power of the human eye is indeed limited, because *"... in front of... the wall and behind... the wall, and We are closed.... can't see. (Yaasiin: 36: 9)*

Or in other words, our eyes can only see light in the electromagnetic spectrum between 430 and 740 nanometers.

If, light rays that are in the electromagnetic spectrum region below 430 nanometers and light that is in the electromagnetic spectrum region above 740 nanometers, are invisible to our eyes.

## **HUMANS HAVE BEEN BIRTH SINCE THERE IS A VEIL, HUMANS CAN'T SEE ALLAH, BUT ALLAH SEE HUMANS**

Well, we continue to dig and uncover the secret behind the verse: *"...it is impossible for a human being that Allah can speak with him except behind a veil... (Asy Shuura: 42: 51)*

It turns out, actually the veil already exists between humans and Allah because *"... in front of... the wall and behind... the wall, and We cover it... can't see. (Yaasiin: 36: 9)*

So, actually speaking and direct contact with Allah can be done, from the moment humans are born.

Just because we do not understand what is meant by a veil, then we continue to think that Allah is unseen.

We still think that we cannot speak directly and have direct contact with Allah.

We also still think that Allah is unseen and exists outside our bodies.

When in fact the spirit of Allah is already in our bodies "*... I breathed on him my spirit... (Shaad: 38: 72)* and very close to us "*... We are closer to him than his jugular vein, (Qaaf: 50: 16)*

## **HUMANS EVERY SECOND CAN TALK DIRECTLY WITH ALLAH**

Now, the secret behind the verse has been revealed: "*... it is impossible for a human being ... Allah can speak with him except ... behind the veil ... (Asy Syuura: 42: 51)*

It turns out that now the secret can be revealed "*...behind the veil...(Asy Syuura: 42:51)* that is, because Our eyes can only see light in the area of the electromagnetic spectrum between 430 and 740 nanometers.

If, light rays that are in the electromagnetic spectrum region below 430 nanometers and light that is in the electromagnetic spectrum region above 740 nanometers, are invisible to our eyes.

So actually Allah is "*...behind the veil...(Asy Syuura: 42: 51)* , therefore at any time, humans can talk and have direct contact with Allah.

For example, "**O Allah, forgive me**", "**O Allah, show me the path that Allah is pleased with**" these words can be said at any time, every second, or every minute.

Allah's answer is in the form, our behavior that remains unaltered, our mind that remains calm, and filled with love for Allah. Any problems, directly discussed with Allah. If our minds are bright and clear, it is a sign that Allah has given us permission.

## **ALLAH SPEAK DIRECTLY WITH PROPHET MUSA, AND WE CAN ALSO SPEAK DIRECTLY WITH ALLAH**

Well, now we actually have seen the secret behind the verse: "*Allah said: "O Musa, indeed I chose you...to speak directly with Me...(Al A'raaf: 7: 144)*

Where between Allah and Prophet Musa there is already a veil, that is, the view of Prophet Musa is only limited see light in the region of the electromagnetic spectrum between 430 and 740 nanometers. As well as our eyes, which can only see light in the electromagnetic spectrum region between 430 and 740 nanometers.

Well, because "*Allah is the light of the sky and the earth... The light above the light (An Nuur: 24: 35)*, namely Allah's multi-layered light is in the electromagnetic spectrum area below 430 nanometers and above 740 nanometers, so our eyes cannot see it. can see it.

And this condition is called "*...behind the veil..." (Asy Shuura: 42: 51)*

This is the way for us humans, to talk and have direct contact with Allah.

## **CONCLUSION**

Based on the description above, we can conclude that the secret behind the verse: "*...it is impossible for a human being that Allah can speak with him except behind a veil... (Asy Shuura: 42: 51)*

It turns out, actually the veil already exists between humans and Allah because *"... in front of... the wall and behind... the wall, and We cover it... can't see. (Yaasiin: 36: 9)*

So, actually speaking and direct contact with Allah can be done, from the moment humans are born.

Just because we do not understand what is meant by a veil, then we continue to think that Allah is unseen.

We still think that we cannot speak directly and have direct contact with Allah.

We also still think that Allah is unseen and exists outside our bodies.

When in fact the spirit of Allah is already in our bodies *"... I breathed on him my spirit... (Shaad: 38: 72)* and very close to us *"... We are closer to him than his jugular vein, (Qaaf: 50: 16)*

Now, the secret behind the verse has been revealed: *"... it is impossible for a human being ... Allah can speak with him except ... behind the veil ... (Asy Syuura: 42: 51)*

It turns out that now the secret can be revealed *"...behind the veil...(Asy Syuura: 42:51)* that is, because Our eyes can only see light in the area of the electromagnetic spectrum between 430 and 740 nanometers.

If, light rays that are in the electromagnetic spectrum region below 430 nanometers and light that is in the electromagnetic spectrum region above 740 nanometers, are invisible to our eyes.

So actually Allah is *"...behind the veil...(Asy Syuura: 42: 51)* , therefore at any time, humans can talk and have direct contact with Allah.

For example, **"O Allah, forgive me"**, **"O Allah, show me the path that Allah is pleased with"** these words can be said at any time, every second, or every minute.

Allah's answer is in the form, our behavior that remains unaltered, our mind that remains calm, and filled with love for Allah. Any problems, directly discussed with Allah. If our minds are bright and clear, it is a sign that Allah has given us permission.

Well, now we actually have seen the secret behind the verse: *" Allah said: "O Musa, indeed I chose you...to speak directly with Me...(Al A'raaf: 7: 144)*

Where between Allah and Prophet Musa there is already a veil, that is, the view of Prophet Musa is only limited see light in the region of the electromagnetic spectrum between 430 and 740 nanometers. As well as our eyes, which can only see light in the electromagnetic spectrum region between 430 and 740 nanometers.

Well, because *"Allah is the light of the sky and the earth... The light above the light (An Nuur: 24: 35)*, namely Allah's multi-layered light is in the electromagnetic spectrum area below 430 nanometers and above 740 nanometers, so our eyes cannot see it. can see it.

And this condition is called *"...behind the veil..." (Asy Shuura: 42: 51)*

This is the way for us humans, to talk and have direct contact with Allah.
