ABSTRACT

Before I write down the problem when we pray, the spirit of Allah joins in praying together, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about when we pray, the spirit of Allah joins in praying together from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about when we pray, Allah's spirit joins in praying together, namely the following verses:

"Indeed, I am Allah, there is no god but Me, so worship Me and establish prayer in remembrance of Me (Thaahaa: 20:14)

"Establish prayer from after the sun has slipped until the darkness of the night and dawn. Verily the dawn prayer is witnessed. (Al Israa ': 17: 78)

"Keep all the prayers, and pray wusthaa. Stand for Allah solemnly'. (Al Baqarah: 2:238)

"Make patience and prayer your helpers. And verily, that is really hard, except for those who are humble', (Al Baqarah: 2:45)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"And We put before them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36: 9)

"Allah is the light of the heavens and the earth...Light upon light (An Nuur: 24:35)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about when we pray, the spirit of Allah joins in praying with me using the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis when we pray, the spirit of Allah in our bodies joins in praying together seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and

which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

REMEMBERING ALLAH THROUGH THE SPIRIT OF ALLAH, WHEN WE PRAY

Now, we continue to focus our thoughts on uncovering the secret behind the verse: *"... and establish prayer to remember Me (Thaahaa: 20:14)*

Apparently, our goal is to establish *"...prayers to remember Me (Thaahaa: 20:14)*

So, the purpose of prayer is to *"...remember...(Thaahaa: 20:14) Allah*

Now, *'...Stand solemnly for Allah'. (Al Baqarah: 2: 238) "... the prayer from after the sun slipped until the dark of the night and dawn. Verily the dawn prayer was witnessed. (Al Israa ': 17: 78)*

Now, it has been revealed, where when we established the prayer *"...witnessed (Al Israa ': 17: 78)*

Now the question arises,

Who is watching, when we are men *"... establish prayer... (Thaahaa: 20:14) ?*

The answer is

Hidden behind the secret of the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

THE SPIRIT OF ALLAH WITNESS, AT THE TIME OF JOIN IN PRAYER TOGETHER

Well, now it has been revealed that what witnessed when we were praying was *"... my spirit... (Shaad: 38: 72)*

It means, *"... my spirit... (Shaad: 38: 72)* which is in our bodies, witness and at the same time join us in praying.

WHEN PRAYING SERIOUSLY, TOGETHER THE SPIRIT OF ALLAH

Now we continue to explore the secret behind the verse: *"...Stand up for Allah with humility'. (Al Baqarah: 2:238)*

The meaning here is, when we pray together with the spirit of Allah, then we will be solemn.

Why should we be special when praying with the spirit of Allah?

The answer is

The secret is hidden behind the verse: *"Indeed I am Allah ... (Thaahaa: 20: 14)* and have *"... I*

breathed into him my spirit ... (Shaad: 38: 72)

That is, because we have understood and studied that when we were establishing the prayer "...witnessed (Al Israa': 17: 78) by "... my spirit... (Shaad: 38: 72) who also participated in the prayer. pray with us, then when we establish prayer will be solemn.

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"... and establish prayer to remember Me (Thaahaa: 20:14)*

Apparently, our goal is to establish *"...prayers to remember Me (Thaahaa: 20:14)*

So, the purpose of prayer is to *"...remember...(Thaahaa: 20:14) Allah*

Now, *'...Stand solemnly for Allah'. (Al Baqarah: 2: 238) "... the prayer from after the sun slipped until the dark of the night and dawn. Verily the dawn prayer was witnessed. (Al Israa ': 17: 78)*

Now, it has been revealed, where when we established the prayer *"...witnessed (Al Israa ': 17: 78)*

Now the question arises,

Who is watching, when we are men *"... establish prayer... (Thaahaa: 20:14) ?*

The answer is

Hidden behind the secret of the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

Well, now it has been revealed that what witnessed when we were praying was *"... my spirit... (Shaad: 38: 72)*

It means, *"... my spirit... (Shaad: 38: 72)* which is in our bodies, witness and at the same time join us in praying.

Now we continue to explore the secret behind the verse: *"...Stand up for Allah with humility'. (Al Baqarah: 2:238)*

The meaning here is, when we pray together with the spirit of Allah, then we will be solemn.

Why should we be special when praying with the spirit of Allah?

The answer is

The secret is hidden behind the verse: *"Indeed I am Allah ... (Thaahaa: 20: 14) and have "... I breathed into him my spirit ... (Shaad: 38: 72)*

That is, because we have understood and studied that when we were establishing the prayer "...witnessed (Al Israa': 17: 78) by "... my spirit... (Shaad: 38: 72) who also participated in the prayer. pray with us, then when we establish prayer will be solemn.
