ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of Allah SWT's greatness regarding the end of time is an illusion, the apocalypse is a certainty based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

In the Qur'an found several verses that are the key to unlocking the secret of the end of time is an illusion, doomsday is a certainty, namely the verses:

"Allah is the light of the skys and the earth.

"The angels and Gabriel ascended (to face) Allah in a day whose level is fifty thousand years. (Al Ma'aarij: 70: 4)

"O mankind, verily We created you from a male and a female and made you into nations and tribes so that you may know one another. Verily, the most honorable of you in the sight of Allah is the one who is most pious among you. Verily Allah is All-Knowing, All-Knowing. (Al Hujuraat: 49:13)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"When the sun is rolled up, (At Takwiir: 81: 1)

"They ask you about the Hour: "When will it happen?" Say: "Indeed, the knowledge of the Hour is with my Lord; no one can explain the time of his coming except Him. Kiamat is very heavy (commotion for creatures) in the heavens and on earth. The Hour will not come to you but suddenly." They ask you as if you really knew it. Say: "Indeed, the knowledge of the Day of Resurrection is with Allah, but most people do not know." (Al A' raf : 7:187)

"And they do not glorify Allah with proper exaltation when the whole earth is in His hands on the Day of Resurrection and the heavens are rolled up with His right hand. Glory be to Allah and exalted is He from what they associate with. (Az Zumar: 39: 67)

In an effort to open the veil about when we pray and ask Allah, do not include when I base on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis because there is a difference in the calculation of time between humans and Allah, so when we pray and ask Allah not to include time from the point of view of photons, quarks and Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and

which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

THE END OF TIME IS AN ILLUSION

Now, we are still trying to unravel the secret hidden behind the verse: *"... in a day the level of which is fifty thousand years. (Al Ma'aarij: 70: 4)*

Well, it turns out that if we compare the calculation of 1 hour according to Allah's calculation, it is equal to 760 932 days or equal to 2 083.38 years according to human calculations.

Now when people think that, in this era that is nearing the end of time, which is caused by calamities everywhere, many people have acted, no longer following the paths and rules that have been outlined by Allah, wars between humans occur in several places, some people do not have time to reach a decent level of life.

Apparently, humans who think so are humans who are full of illusions. It means humans are full of empty dreams.

Why are humans who think so, are humans full of illusions?

The answer is

It is hidden behind a secret in the verse: *"... in a day whose levels are fifty thousand years. (Al Ma'aarij: 70: 4)*

That is, if seen according to Allah's calculation, a period of 1 hour is equal to 2 083.38 years or equal to 760 932 days, according to human calculations.

If humans base their assumptions on time, for example, now, in 1 hour, Allah has determined the end of time, meaning that it is nearing the end of time, then actually the time of the end, which is 1 hour according to Allah, turns out to be humans have to wait 2083.38 years.

Or if Allah determines the end of time, tomorrow, then humans have to wait 50 000 years.

Or in other words, that time does not exist, which exists only in wishful thinking.

So, if humans say that now humans are waiting for a savior who can solve human problems in this world, then that human statement is the same as a statement full of illusions or empty dreams.

Why?

Because, as long as there are various kinds of human beings on this earth, then there will be no, which is still called the human type, that can unite, calm, secure, reconcile humans who have various kinds of problems with their needs and life goals.

THE SAVIOR WILL NOT COME, THERE WILL BE NO SAVIOR

Now, what can be done is only up to the level of "*O mankind, indeed We created you from a male and a female and made you into nations and tribes so that you may know one another...* (Al Hujuraat: 49 : 13)

Well, it turns out, Allah who has "*...created you from a male and a female and made you nations and tribes...* (Al Hujuraat: 49:13) did not declare that "*you (who) nation - nation and tribes ...* (Al Hujuraat: 49: 13) can be united and governed by a human, but "*... so that you know each other ...* (Al Hujuraat: 49: 13) and "*... the most honorable of you in the sight of Allah is the most pious among you...* (Al Hujuraat: 49:13)

So, now if there are humans who are still waiting for a human savior to come, with the aim of saving the chaos created by humans on this earth, then the humans who are waiting are just waiting for their daydreams, or illusions.

While Allah is clear and real, declaring "*...so that you get to know each other...(Al Hujuraat: 49:13)* and to keep "*...taqwa among you...(Al Hujuraat: 49:13)*)

So Allah did not declare that new apostles and prophets would come, to be a savior, for humans on this earth, other than "*...you know each other...(Al Hujuraat: 49:13)* and keep "*... taqwa...(Al Hujuraat : 49:13)*

KIAMAT IS SURE TO HAPPEN

Now, let's unveil the secret behind the verse: "*...no one can explain the time of his arrival except Him. Kiamat is very heavy (commotion for creatures) in the heavens and on earth. The apocalypse will not come to you but suddenly....* (Al A'raaf: 7: 187)

Well, it turns out that the apocalypse is "*... The kiamat will not come to you but suddenly* (Al A'raaf: 7: 187) . The occurrence of kiamat is sudden.

KIAMAT HAPPEN BUT THE SUN IS STILL ALIVE

The question now is,

When will kiamat occur, before the sun dies?

Well, if kiamat happened suddenly and the sun was still alive, it means that all living organisms, from viruses, bacteria, amoeba, archaea, fungi, plants, animals, humans did not die.

KIAMAT HAPPENS WHEN THE SUN IS OFF

Then, when will kiamat occur, after the sun dies?

Well, if kiamat happened suddenly because the sun had died, then it would mean that all living organisms, from viruses, bacteria, amoeba, archaea, fungi, plants, animals, humans all died.

WHEN THE SUN IS OFF

The age of the sun until now is about 2.5 billion years. And it is estimated that the age of the sun until the sun dies is approximately 5 billion years.

So the remaining life of the sun is 2.5 billion years, or 2 500 000 000 years

As long as the atoms have not disappeared, kiamat will happen

Now, because if the atoms have disappeared from this universe, there are only photons and quarks left, then there is no longer a human spirit or *"...my spirit...(Shaad : 38: 72)* to be judged.

Why?

The answer is

Because the human spirit which is *"...my spirit...(Shaad : 38: 72)* is in the form of oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms. If the atoms disappear, then no one will be judged, no one will be tormented in hell and no one will live in heaven.

When will these atoms disappear from this universe?

The answer is

After 10 billion billion billion billion billion billion billion billion billion billion years from now.

Or 10 000 years from now.

Now, the secret behind the verse has been revealed: *"...They ask you as if you really know it. Say: 'Indeed, the knowledge of the Day of Judgment is with Allah, but most people do not know.'" (Al A'raaf: 7: 187)*

So actually the apocalypse will occur before the atoms disappear and only photons and quarks remain, that is, when the sun is dead or *"When the sun is rolled up, (At Takwiir: 81: 1)*

That is approximately 2 500 000 000 years from now the apocalypse will occur.

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"... in a day the level of which is fifty thousand years. (Al Ma'aarij: 70: 4)*

Well, it turns out that if we compare the calculation of 1 hour according to Allah's calculation, it is equal to 760 932 days or equal to 2 083.38 years according to human calculations.
