**ABSTRACT**

Before the author writes the problem of how, in fact, angels are the guardians of hell, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the real secret of the problem of how angels actually become guardians of hell, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how angels actually become guardians of hell, namely the following verses:

*"And whoever disobeys Allah and His Messenger and violates His provisions, Allah will surely put him in the fire of hell while he is eternally in it; and for him is a humiliating torment. (An Nisaa ': 4: 14)*

*"And as for those who are wicked, their place is Hell. Every time they want to get out of it, they are returned to it and it is said to them: "Taste the torment of hell, which you used to deny." (As Sajdah: 32:20)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course, We would have doubted about them what they doubted about themselves. (Al An'aam: 6:9)*

*"And We did not make the guardians of hell except from angels: and We did not make their number except as a trial for the disbelievers, so that those who were given the Book might be sure and that those who believed might increase in faith and that those who -Those who were given the Book and the believers did not hesitate and so that those in whose hearts there is disease and those who disbelieve: "What does Allah want with this number as an example?" Thus Allah has led astray. whom He wills and guides whom He wills. And no one knows the army of your Lord but He Himself. And Saqar is nothing but a warning to mankind. (Al Muddatstsir: 74: 31)*

*They shouted: "O Malik, let your Lord kill us alone." He replied: "You will stay." (Az Zukhruf: 43:77)*

*"They want to get out of hell, even though they can never get out of it, and they have eternal punishment. (Al Maa'idah: 5:37)*

*They replied: "Our Lord, you have killed us twice and made us alive twice, so we confess our sins. So is there any way out?" (Al Mu'min: 40:11)*

*"And they will never be able to get out of that hell. (Al Infithaar: 82:16)*

*"Indeed, the Hellfire is a place for spies (An Naba ': 78: 21)*

*"And those who are in Hell will say to the guards of Hell: "Pray to your Lord that He may lighten our punishment for a day." (Al Mu'min: 40: 49)*

*"Almost it was torn apart because of anger. Every time a group was thrown into it, the guards asked them: "Has not a warner ever come to you?" (Al Mulk: 67: 8)*

*"The disbelievers will be brought to the Hellfire in groups. So that when they come to Hell, its doors will be opened and its guards will say to them: Have you not yet come to the apostles among you who recited to you the verses of your Lord? and warned you of a meeting with this day?" They answered, "Yes." But the punishment for those who disbelieve is certain (Az Zumar: 39:71).*

*Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all enter say those who enter later among them say to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf : 7:38)*

*"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)*

*"As for those who deviate from the truth, they will become firewood for the Hellfire. (Al Jin: 72:15)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

In an effort to unmask Allah's secret about how angels actually become guardians of hell, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes the hypothesis that angels become guardians of hell because their bodies contain hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, and receive orders from God, seen from the basic point of Deoxyribonucleic acid (DNA).

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **WHAT IS THE RELATIONSHIP BETWEEN ANGELS AND HYDROGEN ATOM, CARBON ATOM, OXYGEN ATOM AND NITROGEN ATOM**

Now, we still continue to focus on digging and uncovering the secrets contained in the verse: *"And We did not make the guardians of hell except from angels... (Al Muddatstsir: 74: 31)*

It turns out that angels are ordered by Allah to be *"...guardians of hell... (Al Muddatstsir: 74: 31)*

Now, the question arises,

Why did Allah command the angels to be *"...guardians of hell...(Al Muddatstsir: 74: 31) ?*

The answer is

Hidden in the secret behind the verse: *"...an angel...a man...(Al An'aam: 6: 9)*

Well, because angels are *"...a man...(Al An'aam: 6:9)* , then angels are no different from humans.

This means that the angel's body contains hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Or in other words, angels are the same as humans whose bodies contain Deoxyribonucleic acid (DNA), which consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, Allah commands the angels as *"...guardians of hell...(Al Muddatstsir: 74: 31)* because the atoms in the angel's body are the same as the atoms in the human body.

Therefore the angels can see and know *"... Every time they want to get out of it, they are returned to it...(As Sajdah: 32:20)*

## **HOW IS THE ACTUAL THING OF HELL**

So, onward, we will reveal the secret behind the verse: *"The disbelievers are brought to Hell in groups. So that when they come to Hell the doors will be opened... (Az Zumar: 39: 71)*

Apparently, hell has *"...doors...(Az Zumar: 39:71)* , but of course, what is meant by *"...doors...(Az Zumar: 39:71)* , is made of atoms that can catch hydrogen atoms that want to escape from hell.

Why is the hydrogen atom captured?

The answer is

It is hidden in the secret behind the verse: *"As for those who deviate from the truth, they will become firewood for the Hellfire. (Al Jin: 72:15)*

Well, the carbon atoms that are in my spirit, which come out of the body *"...people who deviate from the truth...(Al Jin: 72:15)* while still living in the world, *"...become firewood for Hell. . (Al Jin: 72:15)*

So, if only 1 hydrogen atom comes out or escapes from the hell room, then the angel as *"...guardian of hell...(Al Muddatstsir: 74: 31)* will catch the hydrogen atom and the atom *"...is returned inside. ..(As Sajdah: 32:20)* Hell again.

Now, it has been revealed, the secret hidden behind the verse: *"And We did not make the guardians of hell except from angels... (Al Muddatstsir: 74: 31)*

That is because angels are the same as humans whose bodies contain Deoxyribonucleic acid (DNA), which consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, Allah commanded the angels to be *"...guardians of hell...(Al Muddatstsir: 74: 31)* because angels in the form of hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, can see hydrogen atoms coming out of my spirit body.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained in the verse: *"And We did not make the guardians of hell except from angels... (Al Muddatstsir: 74: 31)*

It turns out that angels are ordered by Allah to be *"...guardians of hell... (Al Muddatstsir: 74: 31)*

Now, the question arises,

Why did Allah command the angels to be *"...guardians of hell...(Al Muddatstsir: 74: 31) ?*  
The answer is

Hidden in the secret behind the verse: *"...an angel...a man...(Al An'aam: 6: 9)*

Well, because angels are *"...a man...(Al An'aam: 6:9)* , then angels are no different from humans.

This means that the angel's body contains hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Or in other words, angels are the same as humans whose bodies contain Deoxyribonucleic acid (DNA), which consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, Allah commands the angels as *"...guardians of hell...(Al Muddatstsir: 74: 31)* because the atoms in the angel's body are the same as the atoms in the human body.

Therefore the angels can see and know *"... Every time they want to get out of it, they are returned to it.. (As Sajdah: 32:20)*

So, onward, we will reveal the secret behind the verse: *"The disbelievers are brought to Hell in groups. So that when they come to Hell the doors will be opened... (Az Zumar: 39: 71)*

Apparently, hell has *"...doors...(Az Zumar: 39:71)* , but of course, what is meant by *"...doors...(Az Zumar: 39:71)* , is made of atoms that can catch hydrogen atoms that want to escape from hell.

Why is the hydrogen atom captured?

The answer is

It is hidden in the secret behind the verse: *"As for those who deviate from the truth, they will become firewood for the Hellfire. (Al Jin: 72:15)*

Well, the carbon atoms that are in my spirit, which come out of the body *"...people who deviate from the truth...(Al Jin: 72:15)* while still living in the world, *"...become firewood for Hell. . (Al Jin: 72:15)*

So, if only 1 hydrogen atom comes out or escapes from the hell room, then the angel as *"...guardian of hell...(Al Muddatstsir: 74: 31)* will catch the hydrogen atom and the atom *"...is returned inside. ..(As Sajdah: 32:20)* Hell again.

Now, it has been revealed, the secret hidden behind the verse: *"And We did not make the guardians of hell except from angels... (Al Muddatstsir: 74: 31)*

That is because angels are the same as humans whose bodies contain Deoxyribonucleic acid

(DNA), which consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, Allah commanded the angels to be “...*guardians of hell...*(*Al Muddatstsir: 74: 31*) because angels in the form of hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, can see hydrogen atoms coming out of my spirit body.
