## ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of Allah SWT regarding the secret of Prophet Adam and his wife being released in Lake Victoria from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

The signs of Allah's greatness regarding the Prophet Adam and his wife were issued in Lake Victoria in the following verses:

*"And verily We have created man (Adam) from dry clay (derived) from black mud which was given shape. (Al Hijr: 15: 26)*

*"(And Allah said): "O Adam, dwell you and your wife in Paradise and both of you eat (fruit) wherever you like, and do not both of you approach this tree, then both of you become of those who unjust." (Al A'raaf: 7: 19)*

*"Then both of them were derailed by the devil from paradise and brought out from their original state and We said: "Come down! some of you are enemies to others, and for you there is a dwelling place on earth, and the pleasures of living to an appointed time." (Al Baqarah: 2:36)*

In an effort to unveil the greatness of Allah SWT regarding Prophet Adam and his wife being released in Lake Victoria, I used the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

## HYPOTHESIS

Here I propose the hypothesis that Prophet Adam and his wife were expelled from heaven in Lake Victoria in Africa seen from the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T). Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms.

Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere. These atoms are the raw

materials for the manufacture of humans, animals, fungi, amoeba, plants, bacteria and archaea.

## **PROPHET ADAM AND HIS WIFE IN PARADISE ON OUR EARTH NOW**

Now, let's unveil the secret behind the verse: *"(And Allah said): "O Adam, dwell you and your wife in heaven and eat both of you (fruits) wherever you like ..." (Al A'raaf: 7:19)*

It turns out that paradise in which there is the prophet Adam and his wife is on our earth today.

Why are the prophet Adam and his wife in paradise that is on our earth today?

The answer is There is

behind the verse: *"...Allah created Adam from clay... (Ali 'Imran: 3:59)* and the verse *"... "Indeed I will create man from clay." (Shaad: 38: 71)* and the verse: *"And verily We created man (Adam) from dry clay (derived) from black mud which was given shape. (Al Hijr: 15: 26)*

Well it turns out, it's been revealed, where the bodies of Prophet Adam and his wife were made of soil, while the soil contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

As for all humans including the prophet Adam and his wife in this world are built from carbon, nitrogen, oxygen and hydrogen atoms which are based on deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

## **NEAR LAKE VICTORIA THE PROPHET ADAM AND HIS WIFE WAS OUT OF PARADISE**

Now we uncover the secret behind the verse: *"(And Allah said): "O Adam, dwell you and your wife in heaven and eat both of you (fruits) wherever you like ..." (Al A'raaf: 7 :19)*

It turns out that the pleasures in heaven enjoyed by the prophet Adam and his wife did not last long, because the sex drive of Adam and his wife exceeded that of a normal human love life.

The endless pleasures made the prophet Adam and his wife lulled by the strains of love that made them fall into a deep abyss. *"Then both of them were derailed by the devil from paradise and brought out from their original state.. (Al Baqarah: 2: 36)*

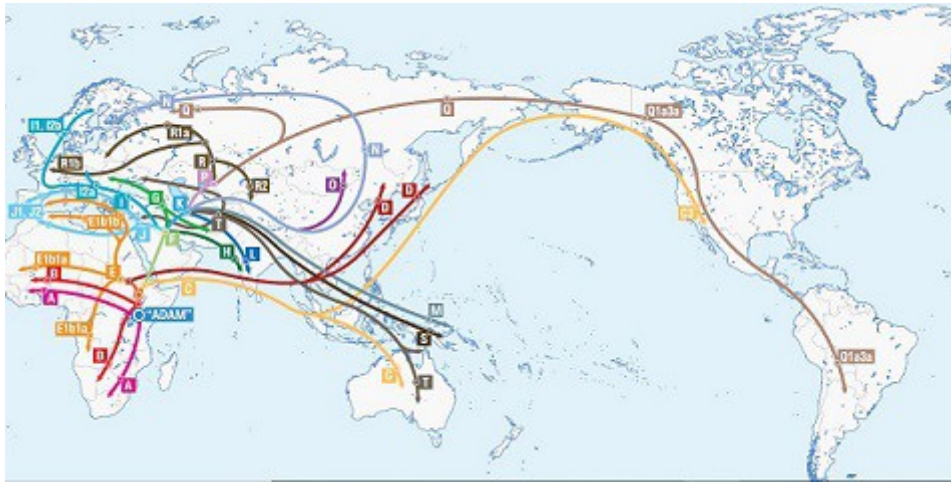

Finally the prophet Adam and his wife were commanded by Allah to come out of paradise *"... We say: "Come down! some of you are enemies to others, and for you there is a dwelling place on earth, and the pleasures of living to an appointed time." (Al Baqarah: 2:36)*

But it turns out that the paradise left by the prophet Adam and his wife is on our earth today.

When the prophet Adam and his wife came out of heaven they were stranded in a beautiful place near a lake where the water was fresh and clear and wide.

If now the lake is called Lake Victoria, the largest lake in East Africa on the border between Tanzania, Uganda and Kenya, which covers an area of 68,870 square kilometers. This lake is the largest lake in Africa and the water is fresh, the second largest in the world.

The place around Lake Victoria is like heaven on our earth. Lake with its fresh water, trees and plants with various kinds of fruits.

Picture 1: Prophet Adam and his wife who gave birth to offspring throughout the world (familytreedna)

Picture 2: Prophet Adam and his wife came out of heaven and settled in the Lake Victoria area (familytreedna)

Figure 3: Near Lake Victoria the prophet Adam and his wife started life and sent down their descendants throughout the world.(familytreedna)

The first human Prophet Adam is estimated to have lived 236,000 years ago. Where the descendants of the Prophet Adam have a large brain size, flat face, small teeth and stand upright. So now the secret behind the verse has been revealed: *"... We say: "Come down! Some of you are enemies to others, and for you there is a dwelling place on earth..." (Al Baqarah: 2:36)*

It turns out that the prophet Adam and his wife lived and passed down human descendants until now coming from the area around Lake Victoria.

## CONCLUSION
